CAST ON THE WORLD.

The Border Marriage.

A STORY OF THE GREAT GLASGOW BANK ROBBERY. CONTINUED.

That disguise, when he assumed it, was perfect. Mrs. Stubbins and Mrs. declared that they could not have known him; and Barbara, who knew nothing of the plot, actually served him with two pennyworth of tobacco without having the slightest notion of his identity.

He understood only too well the reason of his flight. After his own departure from Myra, Silas had vented his fury on the boy, ill-godded by desperation, Charlie had fled.

There were thousands of our citizens whose living depends upon timber cutting. A large amount of capital is invested in this industry and great sums are being expended in the purchase of land and the planting of trees.

Why Will You Allow a cold to advance in your system and thus encourage more maladies, such as Pneumonia, Hemorrhages and Lung troubles?

 A nice lot of Toilet Sets and other Fancy articles suitable for Christmas presents, at Geo. D. Smith's.

Daily Intelligencer.

BELLEVILLE, MONDAY, FEB. 2.

City and Vicinity.

THE RINK.—The skating rink has again been opened and is receiving a fair share of public patronage.

STEAMBOAT INSPECTION.—Belleville, Pictou, and Mill Point have been designated as ports at which steamboats may be inspected.

ARRIVED.—The gratifying news has been received that the Princess Louise arrived at Halifax at 11:30 o'clock, after a passage which was longer than was expected.

IRON SHIPMENTS.—The iron shipments are "booming." During the last two days there has been shipped over the Belleville and North Hastings Railways 400 tons of ore.

QUILT.—Matters in police circles are very quiet. The cells were tenanted on Saturday night by one prisoner, and last night by the same prisoner and four tramps.

LUMBER BUSINESS.—Gilmore & Co. have sold to a Quebec firm 500,000 pine deals at \$104 first quality, \$88 for seconds, and \$87 for thirds. Several vessels have been lately chartered in England at 70s, an increase of 10s over last season.

SNOW.—About two inches of snow fell yesterday morning, but so strong was the wind which succeeded that the feathery flakes were drifted hither and thither so wildly that the ground is bare in very many places and those who expected sleighing have been disappointed.

WINTER-LIKE.—February, which is usually the coldest month of the winter, has opened with a temperature low enough to average well down. Still everybody prefers the present cold to the past changeable weather, and all hope that winter will continue. Vennor proves to be wrong again, so far as the entry of February is concerned.

VENNOR'S "PROBS."—"The cold term," Mr. Vennor writes, "which has been departing itself in the North-West, will probably reach us early during the first week of February, and be ushered in by a heavy snow-storm on the 2nd or 3rd day. It will be immediately followed by another mild period, with thaw about the second week of the month."

TORONTO AND OTTAWA RAILWAY.—The Peterborough Times says: "The County Council have submitted a new By-law for a bonus to the Toronto and Ottawa Railway. The voting will take place on Saturday, the 21st of February, and the result of which will, in all probability, decide the question as to whether the road will be built or not. The amount asked from the County is \$150,000."

ANOTHER VICTORY.—Beside winning the election on Friday, Mr. Robertson also won on the same day a handsome picture at Brown & Dean's, which was made the subject of an election by the ladies of a church congregation. The voting was between the candidates for the Legislature, and after vigorous work during the three days of the election, a majority of 39 was recorded for Mr. Robertson.

THE ROSS-JOHNSTON CONTROVERSY.—With the publication of Mr. Johnston's letter, this controversy must cease, so far as the INTELLIGENCER is concerned. The men know where to find each other, they also know where reliable men can be had to act as stakeholders, therefore now that they have so loudly asserted their own abilities, let them meet and arrange a match if they mean business. Future challenges of this nature must be paid for as advertisements, and in this category we include one from John O'Neill of Trenton.

GOOD WORK.—No. 1 steam fire engine, which has been repaired by Mr. Fullerton, of Brown's foundry, and Mr. Cunningham, the engineer in charge of it, was given a trial on Saturday and worked in the most satisfactory manner. The steam pressure being run up to 80 lbs., whilst the pressure does not usually exceed 60 lbs. It had previously been thought that this engine could not be repaired satisfactorily except by the manufacturer, Mr. Button, but our local mechanics have demonstrated to the contrary, and shown that as good work can be done in Belleville as elsewhere. Let credit be given to them accordingly.

THE "KINCARDINE."—This vessel has been sold in Toronto at the auction rate of \$4,300.

TEMPERATURE.—The lowest temperature during last night was 10 degrees below zero.

NEILSON.—Upwards of one hundred seats were sold this morning by 11 o'clock and still the rush continues.

CITY COUNCIL.—A special meeting of the City Council will be held to-night, with regard to a Grand Junction Railway Bill.

ORE SHIPMENTS.—Twelve cars of iron ore were brought down on Saturday night and seven cars came this morning.

VITAL STATISTICS.—The vital statistics of the city for the month of January were, as registered: Births 18; Marriages 4; Deaths 12.

GOOSE BACK.—This being the day on which, according to tradition, the bear leaves his winter quarters for the open country, the "goose back" his hearship doubtless saw his shadow and returned to his den for six weeks longer.

INLAND REVENUE.—The duties of excise collected within the Inland Revenue Division of Belleville during the month of January were as follows, viz.: Spirits \$4,283.65; Tobacco \$1,262.20; Malt \$296.18. Total \$5,842.03. Same month last year \$6,103.29; decrease \$261.26.

ATHLETICS.—Don't forget the grand assault-at-arms between local amateurs, under the direction of Messrs. Ross and Barnes, in the Opera House to-night. The instructors will also give a specimen of their abilities. Alex. Robertson Esq., M. P. P., will present the prizes.

GAS COMPANY.—The annual meeting of the shareholders of the Belleville Gas Company was held in their office on Monday. The report read by the Directors recommending that a dividend at the rate of 7 per cent. be paid to the shareholders for the past year, was adopted. The new Board of Directors are, R. Patterson, Esq., Mayor, J. G. Clark, Robt. Thomson, S. H. Phippen and Donald Graham. The retiring Directors are Messrs. J. A. Phippen and J. H. Meacham.

POLICE RECORD.—During the month ending 31st January 1880, the police arrested 37 persons charged as follows:—Breaking doors and windows 2; Cruelty to animals 1; Carrying iron knuckles 1; Drunk 12; Drunk and disorderly 5; Fighting on public streets 2; Fraudulent removal of goods 1; False pretences 1; Horse Stealing 1; Lunacy 1; Loitering on sidewalk 1; Threatening 2; Vagrancy 2. 42 persons (tramps) applied for and received protection in the police cells.

INLAND REVENUE OFFICE.—This office has undergone a thorough overhauling recently, and now presents a neat and business-like appearance. The door leading from the main hall has the upper part of glass with a neatly painted sign. A small room is fitted up at the end of the inner hall as a Laboratory. The general office has had the walls of the wood work grained, and the walls and ceiling painted. A desk suitable for the Ledgers is placed in the middle of the room and a side desk at one end for the Entry Number Book and Journal. The position of the counter has been changed and it has been fitted up with compartments suitable for the various blanks, etc., required, so that there is a "place for everything and everything in its place."

If you are fatigued in mind and body, take SANFORD'S JAMAICA GINGER.

POLICE COURT.

(Before A. Diamond, P. M.)

MONDAY, FEB. 2.

Deliah Shular, an old customer, was fined \$2 and ordered to leave the city, or to be imprisoned for 30 days.

News Condensed.

—The Marquis of Anglesey is dead.

—The Queen of Austria is coming to Ireland.

—A forger has been sentenced to imprisonment for life at St. John, N. B.

—Senator Wilmut has so far recovered as to be able to leave Ottawa this week.

—Col. Osborne Smith, D. A. G., Manitoba, is on his way to Ottawa.

—The Holman troupe were robbed of \$1,700 at the Russell House, Quebec, on the 24th ult.

—The railway on the ice from Hochelaga, Longueuil was successfully put in operation to-day.

—One thousand two hundred men are engaged in work on Section B of the Canada Pacific Railway.

—A British man-of-war has been despatched to the La Paz, Lower California, to protect British subjects there.

—Lumbermen in the vicinity of Ottawa complain that there is not a sufficient quantity of snow to enable them to carry on their operations.

—A Toronto despatch says that Mr. Ballantyne recovered \$907.66 from W. Watson for failing to deliver 700 boxes of cheese after their purchase.

—A very fatal fever prevails in the neighborhood of Naples, where the people live in a very destitute state. Over 5,000 deaths are reported.

—Sawyer, the Punonist Secretary of State in Maine, yielded up the State seal and all other State property in his possession on Saturday.

—A statesman Earl Russell will be placed in the House of Lords. It will be six feet six inches high, and will represent his Lordship in his usual attitude when addressing the House.

—Scotland Yard, the centre of the police force of London, is to be visited by a deputation from Japan, anxious to learn the English system of crime detection and punishment.

—The Dominion Telegraph Company have arranged to carry Government messages to the United States boundary line, at the reduced rate of 15 cents for the first ten words.

—The quantity of grain stored at Chicago continues to increase, being 108,291 bushels in excess of last week, and 1,162,720 bushels more than in the corresponding week of 1879.

—The earnings of the Lake Shore & Michigan Southern Railway for the last three weeks in January are reported to show an increase of \$775,000 over the corresponding period last year.

—The St. Petersburg police made an arrest of several revolutionary characters after a severe struggle on Friday night. One of the men—an important political official long sought after—shot himself dead on the spot.

ARRIVAL OF THE PRINCESS LOUISE.

HALIFAX, Feb. 2, 11:30 a. m.—The *Scotian* is coming up the bay now.

HALIFAX, Feb. 2.—The Princess Louise arrived at Orleans at 12:45. She was accompanied by the Governor General, who had previously went on board the *Scotian*. Guards of honor from H.M. 67th and Halifax 66th Regts. were present. Salutes were fired from the forts, and the crowds of people on the wharf cheered lustily. The Princess was received by Lieut. Governor Archibald, Col. Drayton, R.A., the Mayor and Provincial Secretary, and other prominent officials. The vice-regal party at once entered Governor Archibald's sleigh, and drove to Government House. The reception was most hearty, but all without any attempt at a grand display. Flags are displayed from many buildings throughout the city. The vice-regal party will probably leave for Ottawa to-morrow.

MORNING DESPATCHES.

AMERICAN.

NEW YORK, Feb. 2.—The *Herald's* Pittsburgh special says the Republican City Committee on Saturday, after a session elected delegates intended to favor Grant by a vote of 106 to 43 for his nomination.

The *Herald's* Harrisburg special says Cameron is to guard the interests of Grant at the coming Convention. He says Blaine is the weakest candidate in the list of aspirants, as he cannot carry New York, the pivotal State, while Grant would sweep it.

Washington special. The *Herald* says it is understood that the bill to be introduced to-day for the appointment of a commission to examine both the Nicaraguan and Panama canal routes, provides for four commissioners, three engineers, and one naval officer. Menocal, an engineer in the navy, has been selected as one of the commissioners. The bill appropriates \$300,000 for the expenses. Menocal expects the bill will be passed this week, and the commission sail for Panama on the 10th inst. Menocal thinks a new survey would reduce the estimated cost of the Nicaraguan route from 32 millions, the former estimate, to 47 millions.

The *Tribune* says the person who represented himself as Edward Knapp, who with Inspector Hammond appeared at Arizona last year, Agent Hart's resignation, and to whom the mine on the reservation was sold for a trifle, turned out to be Commissioner Hoyt's son, who travelled in Arizona under an assumed name. It was this revelation that suddenly shattered Schurz's confidence in Hoyt and caused the latter's summary dismissal.

It is understood that a lady in Boston who has Schurz's collection was taken up in the Supreme Court to test the rights of Poncas, and offering to pay all legal expenses. This Schurz declined, without offering a satisfactory explanation.

It is reported from a trustworthy source that Schurz has determined to arrest Standing Bull and Bright Eyes if they come to Washington, on the ground that the latter is absent from his reservation without a pass. The friends of Poncas believe this and have taken steps to prevent it.

Senator Aronson, Colombian minister, said yesterday that if France should seek to exercise a protectorate over DeLesseps' canal project, it would not be by reason of any warrant given in concession to DeLesseps, and the Colombian Government would be ready to act with the United States in support of the principles of the Monroe doctrine.

NEW YORK, Feb. 2.—By the direction of Cardinal Schurz's collection was taken up in all the Catholic churches in this city yesterday on behalf of the sufferers in Ireland. The amount is estimated at \$25,000.

Delegates of the ancient order of Hibernians met yesterday and decided to raise a relief fund for the sufferers in Ireland. The order numbers 20,000 members and it is expected the fund will reach from \$25,000 to \$50,000.

James Lacey, who was arrested in Newark on Friday, supposed to be drunk, and who was afterwards proved to be suffering from a fractured skull, died yesterday.

AFTERNOON DESPATCHES.

PARK, Feb. 2.—The Budget scheme for 1880, submitted on Saturday, puts the expenditure at 2,773,391,474 francs, and as existing taxes produced 277,193,093 francs last year, there is a surplus at once available for remission of taxation, which will be on alcoholic drinks.

LONDON, Feb. 2.—A Rome correspondent says the Italian Minister of the Interior has issued a circular to the Colonies, bordering on Austria, pointing out the great importance to the Government of the Colonies of the frontier of the Italian Colonies, and instructing them to repress itinerant political agitators and emigrants.

BERLIN, Feb. 2.—Dr. Siemens contends that he was the first to divide electric light into a circuit, and that the Colonies, bordering on Austria, pointing out the great importance to the Government of the Colonies of the frontier of the Italian Colonies, and instructing them to repress itinerant political agitators and emigrants.

VIENNA, Feb. 2.—Montenegro has ordered four million cartridges from an Austrian manufacturer.

PANAMA, Jan. 23.—DeLesseps' surveys are being rapidly and efficiently prosecuted. Eight working parties are in the field employing over 130 men, but there is not the slightest disposition shown by the Colombian Government to grant a concession for the construction of the canal to the citizens of one nation more than another. It is regarded as an international affair.

NEW YORK, Feb. 2.—A London dispatch says that the authorities are understood to be in a circular to the Colonies, bordering on Austria, pointing out the great importance to the Government of the Colonies of the frontier of the Italian Colonies, and instructing them to repress itinerant political agitators and emigrants.

NEW YORK, Feb. 2.—A London dispatch says that the authorities are understood to be in a circular to the Colonies, bordering on Austria, pointing out the great importance to the Government of the Colonies of the frontier of the Italian Colonies, and instructing them to repress itinerant political agitators and emigrants.

NEW YORK, Feb. 2.—A London dispatch says that the authorities are understood to be in a circular to the Colonies, bordering on Austria, pointing out the great importance to the Government of the Colonies of the frontier of the Italian Colonies, and instructing them to repress itinerant political agitators and emigrants.

EUROPEAN.

THE AFGHAN QUESTION.

A WAR OF EXTERRINATION AMONG THE TRIBES.

CADAMAR, Feb. 1.—Terrible accounts reach here from the British lines. It is reported that nearly two thousand families have not been exterminated by the Ghilzais, and seven of the villages of the latter were afterwards captured by the Hazaris and every soul was put to death.

LONDON, Feb. 2.—A Calcutta despatch reports that committees to collect funds for the relief of the Irish distress, have been formed in Madras and Bombay.

A Calcutta correspondent says that no apprehension is felt that the present tranquillity will soon be disturbed. Business in the city has been entirely resumed.

A Berlin correspondent asserts that a complete understanding has been arrived at on all important questions regarding home and foreign policy between Bismarck and Emperor William. The same correspondent says that a rumor that the Crown Prince has been commissioned to visit the Pope to come to an understanding on the church struggle is unfounded. Bismarck resumed his functions with all his old energy.

Commercial.

BELLEVILLE MARKET.

INTELLIGENCER OFFICE, Belleville, Feb. 2, 1880.

The grain market is quiet with small receipts. Wheat is lower, \$1.25 being the top price offered. Other grains nominal at our quotations.

There is a fair offering of butter at 16c to 18c for packed. Buyers for shipment claim they are out of the market at these figures. The best roll butter brings 20c readily, in some instances higher is paid.

Dressed beef is not so plentiful as it was. As high as is paid for the best hind quarters.

Fresh eggs sell readily at 20c.

FALL WHEAT—\$1.20 to \$1.25.
 SPRING WHEAT—\$1.20 to \$1.25.
 RYE—No. 1, 60c; No. 2, 50c.
 RYE—No. 3, 40c.
 OATS—No. 1, 35c; No. 2, 30c.
 PEAS—No. 1, 65c; No. 2, 60c.
 BUCKWHEAT—50c.
 CLOVER SEED—\$5.50 to \$4.00.
 HAY—No. 1, 40c to 50c per pound.
 HAMS—No. 1, 11c.
 DRESSED HOGS—\$5.50 to \$6.00.
 DRESSED BEEF—\$3.00 to \$3.50.
 BUTTER—Roll, 18c to 22c.
 BUTTER—Tub, nominally 16c to 18c.
 EGGS—15c to 20c, per dozen.
 HONEY—\$7.50.
 SUGAR—No. 1, \$1.50 to \$1.60.
 SUGAR—No. 2, 25c per lb.
 SUGAR—No. 3, 20c per lb.
 TALLOW—Rough, 4c.
 TALLOW—Refined, 5c to 6c.
 CABBAGE—40c per bag.
 POTATOES—70c to 75c per bag.
 APPLES—45c to 75c per bag.
 FLOUR—Wholesale, \$6.00 per bbl.
 FLOUR—Retail, 30c per bbl.
 HAY—No. 1, 40c to 50c per pound.
 CHICKENS—20c to 30c per pair.
 DUCKS—35c to 40c per pair.
 TURKEYS—50c to \$1.00.

COMMERCIAL NOTES.

On the London Stock Exchange last week speculation was rampant in Canadian railway stocks. Large amounts of Grand Trunk stocks were taken up during the week at 23, being a rise of 17 since this time last year, and of 8 since December. All foreign stocks are active.

Geo. D. Dickson, BARRISTERS, &c., Office Block, Bridge Street, Belleville.

E. McMahon, ATTORNEY-AT-LAW, Solicitor in Chancery, &c., Office-100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000

Canada Royal Benefit Society.

THIS Society is for all insurable persons; for those of all means as well as for the rich; for the laborer, the industrial and the professional. It is based upon sound, commercial and economical principles, and is wholly free from secret and expensive ceremonies, with which many of the benevolent societies of the present day are encumbered.

The benefit branch secures for its members medical attendance and \$5 per week in case of sickness or accident, and \$500 in case of death, with provision for one half of the \$500 being paid should a member become totally disabled through sickness or accident at an earlier period.

The tables of fees have been drawn up with the greatest care, making due allowance for the difference of age at the time of joining the Society.

By-Laws it will be seen that the greatest possible advantages are offered for the premiums paid.

The following table of fees will be of interest to those desiring to join this Society:-

Age	Entrance Annual Assessment on Entering.	Fee.	Death of Member's
16 to 20 yrs.	\$4.00	\$2.50	\$4.38
21 to 25 yrs.	5.00	3.00	5.45
26 to 30 yrs.	6.00	3.50	6.52
31 to 35 yrs.	7.00	4.00	7.59
36 to 40 yrs.	8.00	4.50	8.66
41 to 45 yrs.	9.00	5.00	9.73
46 to 50 yrs.	10.00	5.50	10.80
51 to 55 yrs.	11.00	6.00	11.87
56 to 60 yrs.	12.00	6.50	12.94

LAME BACK. LAME BACK.

Overwhelming evidence of their superiority over all other plasters. It is everywhere recommended by Physicians, Druggists and the Press.

The manufacturers of this special plaster and the only one of its kind, at the Paris Exposition, 1876, at the Paris Exposition, 1876.

Their great merits in the fact that they are the only plasters which relieve pain at once.

Every one suffering from RHEUMATISM, LAME BACK, OR WEAK BACK, COLD IN THE CHEST, BRUISES, OR ANY LOCAL PAIN OF THE SKIN, should have a box of this Plaster at hand, and be relieved at once.

Price 25 cts. Sold by Druggists.

BELLEVILLE, TUESDAY, FEB. 3.

City and Vicinity.

LATE.—The storm delayed the mail train from the west, which was in consequence forty minutes late to-day.

BOARD OF EDUCATION.—The first meeting of the Board of Education, as constituted for 1880, will be held to-night.

FOR TORONTO.—The Mayor, Ald. Dickson and the City Solicitor left this morning for Toronto, where they will look after the interests of the city in relation to the Grand Junction Railway Bill. Ald. T. Holden will join them to-night.

ACCIDENT.—Emery Arkes, an employee of the Anglo American Hotel, slipped and fell on the sidewalk yesterday and injured his left arm so severely that he is unable to work. It is expected that in the course of a few days he will be able to resume his labors.

BALL.—The ball given by the I. C. B. U. in the City Hall last night, for the benefit of the Irish relief fund, was largely attended and successful in every respect. It is probable that a good balance will remain, after paying expenses, to devote to the praiseworthy object for which it was originated.

SKATING.—As will be seen by advertisement, the first carnival of the season will take place on the rink on Monday evening next, the 9th inst. A brass band will be in attendance, refreshments can be procured on the rink, and careful attention will be paid to the comfort of skaters. Mr. Loyne very liberally admits ticket holders in costume free of charge.

ATLETIC.—Prof. Ross has handed us the challenge which appears in our advertising columns, accompanied by a deposit of \$50. Under no circumstances will we of our editorial staff act either as permanent or temporary stakeholder in a match, and the parties, if they wish to come together, must deposit their money in other hands. The money has been returned to Ross, who has deposited it with Mr. Mcintosh at the Dufur House.

VENOR AGAIN.—Venor predicts as follows: "The first cold snap of this month (February) is likely to be over about the 8th, and not to occur as I have before predicted on that date. Another mild period is likely to set in immediately afterwards of considerable duration. The severe period will probably be upon us by the second or third days of the month, and last for three or four days. A heavy snow storm may accompany it."

FORTUNATE DISCOVERY.—Last evening as Mr. Henry Wonnacott, in the employ of Mr. Robert Gibson, had occasion to go into the cellar of the hotel, he noticed a long bright flame and proceeding towards it, he found it came from the gas pipe. He quenched the flame and then, realising the danger, he was compelled to turn off the gas. What caused the ignition of the gas is not known, as there was but a small aperture from which the gas was made. The discovery was a very fortunate one, as doubtless serious consequences would have ensued had it not been made.

AMUSEMENTS.—Next on the list come the California Minstrels, whom Col. Burgess accompanies, and who will appear in the Opera House on Thursday night. The Springfield (Mass.) Union expresses the following favorable opinion of the troupe: "The California Minstrels made their first appearance in this city Friday evening, and gave an entertainment which kept a large audience in an uproar for nearly three hours. The instrumental music was good, most of the jokes were fresh and sharp, the dancing excellent, and the sketches enjoyable and free from vulgarity. An

CUSTOMS RETURNS.

The Customs returns for the port of Belleville for the month of January were:

Value.	Duty.
1880.....\$13,976	\$2,907 24
1879.....11,263	2,755 64
Increase.....\$ 2,713	\$ 1,151 60

PERSONAL.—Up to noon to-day upwards of 300 seats had been sold for Neilson's performance on Friday night.

PERSONAL.—Dr. Boulter, M. P. P., and Mr. J. M. Morris, M. P. P., were in town to-day, for the purpose of attending the annual meeting of the Grand Junction Railway stockholders.

JAPAN.—A very interesting extract from a private letter descriptive of the great fire in Tokyo, Japan, and lately received by J. H. Moscham, Esq., will be found on the first page of this day's issue.

ANNOUNCED.—The stockholders of the Grand Junction Railway Company did not hold their annual meeting this afternoon. There was a small attendance, and they adjourned until Tuesday, February 17th.

TABLEAU.—It will be seen by advertisement that an entertainment consisting of tableaux in aid of Christ Church Opera Fund, will take place at the Opera House on Monday evening, Feb. 9th. During the evening, the Picture and Easel won by Alex. Robertson, Esq., M. P. P., will be presented to that gentleman. The tableaux are of a very superior character, the programme will be entirely different to that given last year, and the whole entertainment will be well worthy of general patronage. As the funds are to be devoted to a good cause, we hope to see a large turn-out.

ATHLETICS.

LAST EVENING'S ENTERTAINMENT.

The assault at arms and athletic exhibition under the auspices of Messrs. Ross and Barnes, and completed for by pupils of the professors named, as well as by several of those who receive instruction at the Mechanics Institute gymnasium, took place last evening in the Opera House in the presence of a small audience, which, however, comprised many prominent residents of the city.

Delay attended the opening of the entertainment, the initial of which consisted of club swinging by Messrs. Barber, Barnes, Hunter, Taylor and Ashton. All were attired in neat and appropriate costumes and their efforts were favorably received. Messrs. McMillan and Barnes followed in a set-to with the gloves, which proved very acceptable.

The contest at high jumping—standing—succeeded, and after an interesting struggle was won by Harry Wallis, who cleared 5 ft. 3 in. Ross next appeared in a heavy dumb bell exercise (the weight of the bell was announced at 172 lb.), which was well received.

A contest at foils, in which Messrs. Ashton and the Biggar Brothers took part, was the last of the evening. The contest was greatly enjoyed by the audience, and the contest was won by Messrs. Barber and Barnes, who were both well received.

At the close of the evening, the prizes were distributed, and the contest was won by Messrs. Barber and Barnes, who were both well received.

At the close of the evening, the prizes were distributed, and the contest was won by Messrs. Barber and Barnes, who were both well received.

At the close of the evening, the prizes were distributed, and the contest was won by Messrs. Barber and Barnes, who were both well received.

At the close of the evening, the prizes were distributed, and the contest was won by Messrs. Barber and Barnes, who were both well received.

Presentation.

On Saturday afternoon a deputation of ladies and a number of friends from the front of Sidney waited upon Alex. Robertson, Esq., our newly elected member for West Hastings, at his residence and presented him with a very beautiful cake, which was won for him at a social at the front of Sidney cheese factory on Wednesday. The cake is very elegant, and was made by the ladies of the city.

Accompanying the cake the following address was presented by the ladies and was read by Mr. Fairfield, and responded to by the recipient, who thanked them cordially for this mark of esteem from his many friends at the front of Sidney, and the kind wishes expressed in the address. He hoped to merit a continuance of their confidence, and would always advocate in the halls of the Legislature measures for the general good of the great country, having particularly at heart the welfare of the constituency which he had the honor to represent. After partaking of some refreshments and spending a pleasant hour in social intercourse, the company separated. The following is the address—

To ALEXANDER ROBERTSON, Esq., M. P. P.
Dear Sir,—On behalf of your many friends at the front of Sidney, we wish to present you with a cake, which was won for you, at a social held at the front of Sidney cheese factory, by your many friends.

We wish you to accept this cake as a memento of the respect in which you are held in the vicinity, and we cherish the hope that you may long live to represent us in the halls of our Legislature.

Respectfully,
Miss J. O. FAIRFIELD.

A CARD.

To all who are suffering from rheumatism and indigestion, I would recommend a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. J. J. Smith, Station D, New York City, N. Y.

MORNING DESPATCHES.

AMERICAN.

DENVER, Jan. 3.—On the 27th ult. the U. S. mail supply train with ammunition and rations for Major M'Henry, 30 miles north-east of Palomas, 40 men of the 9th cavalry, guarding the train, repulsed the Indians with heavy loss. Two soldiers were wounded and one scout killed. On Friday two companies under Capt. Rucker and 35 miles that day in pursuit. Morrow telegraphed on Sunday that he was but a few hours behind Victoria. Measures have been taken to prevent his escape through San Nicholas and San Augustus pass. The Mexican troops are actively pursuing. Victoria must soon surrender, as all hope of escape is cut off and his ammunition and stock are fast giving out. Governor Wallace intends if Victoria is captured to have him and his hand arraigned on indictments for murder.

SEABRIGHT, Feb. 3.—The brig Caspita, with cotton from Galveston, went ashore abreast the Highlands. The crew and a lady passenger were landed safely by the life saving crew.

HARTFORD, Ct., Feb. 3.—A gentleman of this city who fell five weeks ago and has been complaining of a pain in his chest ever since, was relieved yesterday when a surgeon removed a white lead pencil which had been completely imbedded in his chest by the fall.

BISMARCK, D. T., Feb. 3.—A Fort Buford despatch reports Jan. 28th, that the Uteapaca band had captured a herd of ponies near Glendive, belonging to the Grosventres. The latter attacked the Uteapacas, killing 15 Indians, and recapturing the stock. Great excitement in Yellowstone, and fears of a general uprising.

NEW YORK, Feb. 3.—The Herald's Dublin special says that Parnell's unwarranted attacks on the Mansion House Committee are regarded as utterly inexplicable, and a cause of great consternation among his friends. It is believed the excitement of his American tour has proved too great a mental strain, and that he is becoming insane.

LONDON, Jan. 3.—Mr. Plimsoll, member of the Commons, addressing his constituents yesterday referred to the loss caused by shifting cargoes. The remedy which he intended to propose before Parliament was the loading of grain in sacks.

THE health of Lord Beaconsfield is re-established. The Government appears resolved to proceed against the Legation benevolent societies which distribute certificates for relief bearing the Bourbon arms and giving out the assembly.

BERLIN, Feb. 3.—Steps are being taken to form a company to work the newly discovered oil wells in the Hanover petroleum region. The prospect is good, yielding an average interest of 22 per cent upon the capital, against 19 per cent in America.

ST. PETERSBURG, Feb. 3.—The Herald, in referring to the supposed intention of Persia under British inspiration to seize Herat, says: "This step would be hostile to Russian interests. Russia certainly will not retire before a small Asiatic state incited by a foreign power."

THE Herald points out that England is in a position to defend Persia against Russia.

SOVIA, Feb. 3.—Most of the liberal members of the Bulgarian assembly have been re-elected. Prince Alexander may again assume the throne.

LONDON, Feb. 3.—The Duchess of Marlborough's Irish relief fund committee yesterday found that the reported cases of starvation in the neighborhood of Farnham town were untrue.

PORT JERVIS, N. V., Feb. 3.—A severe north-east storm is blowing here. At Monticello the wind approached a hurricane. Destruction to train sight.

BALTIMORE, Feb. 3.—Active canvassing for the Irish relief is proceeding. Some contributions are being received. The fund is being used for the purpose of political agitation. Mrs. Dillon, on behalf of Parnell, wrote from Rochester asking that the Baltimore funds be forwarded to the Baltimore Committee.

THE Baltimore Committee replied that it had been changed for the proper distribution of the Baltimore Committee.

AUGUSTA, Me., Feb. 3.—In the House an order was passed that the Committee on the Judiciary, of members proceed at once with the investigation of the case of the judiciary Committee inquire into amending the constitution so that the suffrage be limited to those able to read and write in English.

NEWTON, N. J., Feb. 3.—Fredrick, Terill convicted of murdering his daughter, was sentenced to be executed on the 3rd of April.

NEW YORK, Feb. 3.—Gen. Briebe died to-day.

WEATHER REPORTS.

TORONTO, Feb. 3.—Probabilities for the next twenty-four hours: For the lower lakes, fresh to strong easterly cold weather, with snow followed by fair weather.

WASHINGTON, Feb. 2.—Indications: For lower lakes threatening, and snow, slightly colder.

"TEABERRY," the new powder for whitening the teeth, stimulating the mouth and purifying the breath is the brightest, nearest, and most efficacious remedy. Ask your druggist for "Teaberry." Price 35 cents.

If you are suffering with a Cough or severe Cold, do not trifle with yourself by wasting your time to Lozenges and cheap cough syrups, but get a bottle of ALLEN'S LUNG BALM, it reaches to the seat of the disease and removes it root and branch. It does not irritate and afford temporary relief, as do most cough mixtures sold at 20 cents a bottle, but it makes a permanent cure in all cases, if used according to the directions.

A work in your own town, Terms and conditions, apply to J. H. HARRIS & Co., Portland, Maine.

On the 15th January, in Hungerford, at the residence of J. M. Sparrow, Mr. JOHN ELLIOTT, aged 74 years.

AUCTION SALE FURNITURE.

I am instructed by Mrs. H. K. Lyon to sell at her residence, Church Street, on

FRIDAY NEXT, FEBRUARY 6TH,

all the furniture and household effects.

Sale at 10 o'clock.

J. PURDY, Auctioneer.

THE AFGHAI SITUATION.

LONDON, Feb. 2.—Cabal despatch says that the Afghan situation is of a gloomy and gloomy nature. The data of the writers are as inaccurate as their deductions are gloomy. Famed Jan was not a soldier of great repute in the wars of Turkestan. Until he was an unknown subordinate officer of artillery. General Gough never was in danger during his march to the relief of Cabul. He was right when he reckoned on his ability to fight his way around the city to Shapur. He had in December five hundred and four men, and forage for fifty-four days. The idea of a forced retreat upon Jellalabad never suggested itself here.

Police Court.
(Before A. D. MORGAN, P. M.)
TUESDAY, Feb. 3.
JURY.
William Post, a young man of 18, was charged with committing a rape on Ellen Skinner, a girl between 12 and 13 years of age. When the case was called the complainant did not appear, but as the Chief stated that an attempt had been made to buy off the prosecution, the prisoner was remanded till to-morrow.

Commercial.

COMMERCIAL NOTES.

One hundred large steamships are either on the stocks in Great Britain or ordered to be built for the cattle carrying trade. Cranberries are in fair demand in Montreal at 6.50 to 8.50 per Bbl. Apples 250 to 2.75 per Bbl. for No. 1.

CHEAP FREIGHT.—Ocean freights in New York continue dull and remarkably low, engagements for butter and cheese being made to Liverpool by steamer at 20s, against 25s last year.

At mid-day yesterday the new tariff of the Anglo-American Cable Company, the first aggressive step in the war on the new company, went into effect. To all points in Europe, except Great Britain and Ireland, will be reduced to twelve and a half cents a word against seventy-five cents, the present charge.

The Grand Trunk Workshops.

GREAT ACTIVITY—EFFECTS OF THE N. P.

The grand "boom" has reached Point St. Charles at last, and in consequence everything in the manufacturing line is "bumming." Great activity prevails in the Grand Trunk workshops and the heads of the various departments are just now despatching the many orders claiming their attention. From all sections of the line are heard cries for more rolling stock, a demand which at present it is impossible to satisfy. The freight car department is a perfect hive of industry, not a moment of precious time is lost; but all hands find employment. To facilitate matters recently, it was found it was positively necessary to allow the employees to operate on piece work, to their own pecuniary advantage. Three new first-class cars, which, it is claimed, will excel anything yet produced in Canada, are being pushed forward to completion with the utmost expedition. A novelty for a Canadian car is the introduction of restaurant cars on the P. & M. system. The G. T. R. has determined to try the experiment, and to that effect have completed plans for an improved dining car. Under the old régime, the dining car would cost \$7,000 each at the very lowest rates then ruling, but now the N. P. has made the dining car influence felt that they can be constructed at home for \$4,500, thus affording employment to Canadian mechanics and retaining the distinction at home a large sum of money which must formerly have been expended in sustaining foreign workshops.—*Montreal Post.*

The Daily Intelligencer.

TRAIN SERVICE.

Subscribers in the villages along the line of Railway will hereafter receive their papers at the following places, instead of at the Post Office:

STREING—At the drug store of Dr. G. H. Campbell, M. P. P.

BELLEVILLE—At the office of Mr. Thomas Oliver, who will also act as our agent for the Weekly Intelligencer.

HASTINGS—Of Mr. David Morrison, at the Post Office.

MADOC—At the store of Mr. C. G. Wilson.

Extra copies of each day's issue can be obtained at the above places.

Geo. P. Rowell & Co., 40 Park Row, New York.

J. H. HATES, 41 PARK ROW, NEW YORK.

RE our Agents in that city, and are authorized to contract for advertising at our lowest rates.

Daily Intelligencer.

BELLEVILLE, WEDNESDAY, FEB. 4.

The Printing Contract Fraud.

An extreme pressure upon our editorial columns, caused by the recent election contest, and local matters, has prevented us from referring hitherto to the scandal in connection with the letting of the contract for printing the Dominion Parliament, as shown in the libel suit brought by Mr. Patrick Boyle against the Globe. The verdict given to the defendant was fully justified by the facts as brought out in the evidence, but it does appear as if Mr. Boyle had put in a genuine tender and had been made a cat-paw of by his friend Starrs and the well known jobber Cotton. Of course the Globe papers seek to lay the responsibility upon the Government, but when it is considered that the contract was given by a Committee, of which the Hon. John Simpson, a well known Grit, of "mesmerizing" fame, is Chairman, and in which his party is ably represented by other prominent members, it will be seen that there is no case against the Government. The system, however, requires reformation, and we have no doubt that steps will be taken to prevent any such abuses in future. Messrs. Leonard & Roger having, it is now evident, secured the contract by buying off their most formidable competitors, would it not be well to annul their contract and let it to an honest bidder, under proper restrictions?

TRUCK CONNECTION.—A telegram from Chicago on the 3rd says: "A connection was made to-day between the eastern and western sections of the Grand Trunk Company's western road, and an engine was run over the new track. The Company's system now extends from Chicago to the Atlantic, and it is estimated that they will be ready to do freight business over their new line in the course of a few days."

A QUESTION OF MAJORITY.—Says the Kingston News:—"In the Ontario Legislature, five days ago, the Hon. Alexander Morris pointed out, as the result of an analysis of the returns laid before the House, that the total number of votes received by Government candidates at the general election on the 5th of June last was 124,840, and the number received by Opposition candidates, 122,509. In other words," said Mr. Morris, "the Government had been placed in power by 4,000 votes. The Opposition, although a minority in the House, represented nearly one half of the electorate of the Province who had polled their votes. Every member of the Opposition represented nearly double the number of votes that the Government side did."

NOT MUCH LEFT.—The Peterborough Review says:—"In the budget speech of the Provincial Treasurer we are told that all that remained of 'Sandfield Macdonald's surplus' on the 31st day of December, 1879, was \$1,365,567, and that against this the Province had outstanding liabilities to the tune of \$842,823, leaving only a shade over a half a million dollars of the surplus accumulated and invested by the Sandfield Macdonald Government; this half million, according to Mr. Woods' statement, being in reality all that is still at the disposal of the Government and Legislature. In giving these figures we also feel bound to state that we do not submit them as correct, but simply as those given by the Treasurer, and which we are satisfied present quite as favourable a view of matters as any justifying of particular items can by any possibility be made to present. Evidently there is not much left."

—Two men of Spent Hill, N. J., had a duel with axes on Saturday, and one of them killed the other before the fight was over.

To the Victors belong the Sports.

Since the advent of the Macdonald Administration, no petty posturing, no office holder of any kind, no matter how insignificant the office nor how incompetent the office holder, has been dismissed from office, provided he is a Grit, but the whole reform of the Province has howled with rage, denouncing such dismissals as sins, and declaring them to be part of a grand scheme where it was clearly proved that the action of the Government was for good cause and in the interest of the public. With such patriotic sentiments enunciated as to the non-partisan course to be pursued towards Dominion officials, we would scarcely expect the same journals which keep column after column in the Dominion Government for making needful dismissals for the public good, advocating the dismissal of all Conservatives in the city holding office under the Ontario Government, yet such is the case.

The grievance set forth in the Grit organ of this city, is that "all offices and places of trust which can be and are used for influencing an election are in the hands of Conservatives," and the threat is made that unless a change is effected in this regard—meaning, of course, the substitution of "simon pure" Grits for the alleged Tories who hold the positions designated—a large number of Reformers will withdraw their support from the Mowat Government. This is laying down for Ontario, the old Yankee doctrine, that "to the victors belong the spoils" in unmistakable language.

What ground for office and the implied use to which the appointment of an office would be placed, are manifest in the sentiment that all the offices of trust that can be used for political purposes are in the hands of Conservatives?

Such sentiments carried into practice would cause the dismissal of every Government official in the Dominion whose political persuasion differed from that of the party in power, and then what a wall of persecution would rise in the land from the Grit press. But then it makes such a difference, you know, "where one is gored," thus showing plainly that it is not the welfare of the people that is desired by the party in power in Ontario and its organs, but the sweets of office.

Let us see if Mr. Mowat, terrified by the dreadful threat of his Belleville organ, will put the official guillotine into requisition. The Ontario Government officials must certainly tremble in their shoes at the prospect.

News Confessed.

—Portland, N. B., lights her streets with oil, having given up the use of gas.

—The loss by the potato crop in Ireland last year is estimated at 24,626,000.

—It is said that Hon. T. N. Gibbs will be appointed Lieut.-Governor of Ontario.

—The Supreme Court session opened at Ottawa on the 3rd.

—It is reported in Vienna that the Czar's mental condition is the reverse of sound.

—An explosion of gas in the office of the Quebec Chronicle on the 2nd inst., did \$1,000 damage.

—The British Government intend giving a grant to provide seed for the small Irish farmers.

—Samuel J. Tilden is in his old age about to marry a young lady of unusual brilliancy and mental culture.

—The Governor-General and Princess Louise left Halifax for Ottawa at 11 a. m. on the 3rd inst.

—The St. Vincent Elevator Company have shipped 22,000 bushels of wheat from Emerson and 17,000 bushels from Pembina.

—The St. Petersburg Herald cautions the Shah of Persia against making any treaties with England.

—At the Ontario Poultry Show, which commenced at Guelph on the 2nd inst., there were 1,100 entries.

—Very few samples of coal oil tested by the excise inspector, Ottawa, stood the fire test. A report has been made to the Government.

—Henry V. Poor estimates that 7,000 miles of railroad will be built in the United States this year if the needed amount of rails can be procured.

—A St. John captain is under arrest on a charge of sending his vessel at sea in order to defraud an insurance company of the amount of insurance on a bogus cargo.

—In the Oka case yesterday morning the address of counsel for the prosecution was delivered. The judge's charge was given in the afternoon.

—The number of small-pox patients at Ottawa has been reduced to 28, most of whom are convalescent. No new cases have been reported this week.

—The Kingston City Council will send a delegation to Toronto to protest against the passage of the bill now before the Legislature proposing to abolish market tolls.

—Henry Patterson, musician, Guelph, tried to commit suicide on the 2nd inst., by striking himself with a hatchet. He lies in a precarious state.

—In the field-force in Afghanistan there are two regiments which have rested unusually long in ease.—The Twenty-fifth (The King's Own Borderers) and the Eighty-fifth (The King's Light Infantry). The Twenty-fifth, which was for a long time garrisoned in Canada, where it was one of the best "best-fitted" of regiments, was last in action in the Marston, when it participated in the taking of Orleans in 1815. The Eighty-fifth was last in action at an enemy since the capture of New Orleans in 1815. The Sixteenth Foot—formerly known as the "Pembroke"—have not been in action since the capture of the fortress of Surinam in 1804. The Household Cavalry, the Fifth Lancers, and the four junior Hussar regiments, and the Eleventh, Thirtieth, Sixty-ninth, Seventy-sixth, Hundredth, and English Army and Navy Foot, according to the records of the British Army, have not faced an enemy since Waterloo. A part of the Fifteenth was employed in suppressing a revolt in Ceylon in 1848, and the Sixty-sixth served in Canada in 1837, but with these exceptions no other regiments have been engaged since the great peace of 1815. During the sixty-five years which have elapsed since the first of the regiments known as the Nineteenth Light Infantry has seen more active service than any other that figures on the army list.

THE PAIR-KILLER.—We have known the high character of this medicine, and cure, and it is used with great success and satisfaction in our very best families. It is the favorite medicine of our missionaries in heathen lands, where they use it more than all else together for the diseases that abound in those warm climates. It should be kept in every house, and be in readiness for sudden attacks of sickness.—*Christian Free Press.*

MORNING DESPATCHES.

EUROPEAN.

THE IRISH DISTRESS.

300,000 People Starving.

NEW YORK, Feb. 4.—The Herald's Dublin despatch says that three hundred thousand people are slowly starving, and can only be kept alive by superhuman efforts. Local efforts are becoming feeble and the people are looking to the world for succor. The returns by count were the chief distress exists about the number of those suffering as follows:—Mayo, 64,809; Galway, 43,200; Sligo, 42,900; Kerry, 33,100; Donegal, 28,000; Roscommon, 32,150; Cork, 33,896; Clare, 19,360; Limerick, 7,600; Tipperary, 6,300; Leitrim, 5,800; Wicklow, 3,000; Monaghan, 2,300; Westmeath, 1,900; Longford, 1,875; Kilkenny, 1,790. Total, 312,570.

AMERICAN.

Another Indian Raid.

GREAT STRIKE IN PITTSBURGH.

ACCIDENTS AND OFFENCES.

THE FISHERY AWARD.

EFFECTS OF THE STORM.

Miscellaneous.

DENVER, Feb. 4th.—The Comanches have been raiding the country near Seven Rivers. People are in constant dread of marauders. Ponche's camp and Carter's camp were raided in the middle of January, and many horses and cattle driven off. One Indian has been found dead on the reservation, and is believed by the Indians to have been poisoned. In revenge they burned some property, and threatened the lives of agent Russell and the agency people. They then left their reservation in a body, causing increased distrust among the settlers.

PITTSBURGH, Pa., Jan. 4.—The striking employees of the Union Iron Mill yesterday laid down the men who had taken their places and beat one terribly. Two of the assailants were arrested.

A young girl named Annie Messenheimer was fatally burned on Monday night, her clothes catching fire at the open grate.

Burglar stole \$400 from the safe in the Mayor's office while a number of detectives were in the next room.

John Caldwell, of Washington County, fatally shot his cousin, J. D. Caldwell, on Monday. Cause, an old grudge.

WILMINGTON, Del., Feb. 4.—U. G. Gallagher fell into a vat of boiling logwood decoction at the morocco factory yesterday and was boiled alive. He will probably die.

PITTSBURGH, Feb. 4.—6,000 stove and machine incalder are on strike here.

LEAVENWORTH, Kas., Feb. 4.—The cold snap is hard on the negro emigrants. An old colored refugee was found frozen to death in his shanty yesterday.

NEW YORK, Feb. 4.—The Herald's Halifax special says that Hy Youle Hind, one of the Governors of King's College, and an eminent scientist and a member of the Halifax Fisheries Commission, alleges that while engaged upon the Commission he obtained information which had satisfied him that the official British Case had been falsified before their presentation to the Commission. He says he obtained documentary proof of the fact and proceeded to England in November 78 to lay it before the British Government. After repeated failures to interest the English Government in the matter he wrote to Delbosse, the Belgian Minister at Washington, who had presided over the Commission, giving details of the falsification he had discovered, but Delbosse attached no importance to the charges. It is probable that if Hind's facts came to the knowledge of the U. S. Government and influenced the State Department to protest against the payment of the award of \$5,500,000.

NEW YORK, Feb. 4.—Agent Whitney, of the society for the prevention of crime, stated yesterday that the society was engaged in a systematic espionage of all disreputable resorts in the city, and that several vice houses had been closed with the aid of several influential citizens of respectability, whose names had been obtained in this way, and who were compelled to take this course under threats of exposure.

The wife of ex-governor Jack Willey was sentenced to three months in the penitentiary yesterday for picking pockets.

100 employees of Lorillard & Co., tobacconists, struck yesterday, refusing to sign an arbitrary agreement recently demanded by the firm.

A fire in Shalton's armory, Brooklyn, yesterday, caused great excitement. The children were all safely removed. Loss \$34,000.

The loss on Coney Island by the storm is estimated at from \$30,000 to \$100,000.

Four wrecks were driven ashore at and near Long Branch. The Times says the storm was the fiercest of several years. The area covered was 2,000 miles long by 1,000 miles wide, and included more than 20 states.

Samuel Swim was arrested yesterday and detained as a witness against Brockway. A well-known forger has made the confession that he gave Brockway a check paid him for wages by Alex. Taylor, Jr., banker, and that Brockway said that he intended to use said check to perpetrate forgeries on the Bank of the Republic. Swim charges that a certain detective talked to him as if he were a shield broker. It is believed by the police that the confession of Swim will lead to more discoveries. The arrest of Brockway, who was said to be the leader of one of the most dangerous classes of forgers and counterfeiters in the country, will, it is thought, effectually break the gang up.

Milwaukee, February 3.—The Milwaukee City Hospital in the town of Wauwatosa was burned this morning. It is thought that several inmates perished. Two bodies have been recovered. Loss, \$50,000.

An Honest Medicine Free of Charge.

Of all medicines advertised to cure any affection of the Throat, Chest or Lungs, we know of none we can recommend so highly as Dr. King's New Discovery for Consumption, Cough, Croup, Asthma, Whooping Cough, Hoarseness, Telling in the Throat, Loss of voice, etc. This medicine does positively cure all the above named diseases, and has cured many positive and permanent cures as have been effected by this truly wonderful remedy. For Asthma and Bronchitis, it is a perfect specific, curing the very worst cases in the shortest time possible. We may say by all means give it a trial, and you will be free. BOTTLE SIZE \$1.00. For sale by JAMES CLARKE & CO.

Board of Education.

A meeting of the Board of 1880 took place in the Council Chamber last evening, for the purpose of organization.

PRESENT—Messrs. Johnson, Macoun, Hayne, Sheppard, A. Diamond, Dr. Wilson, McGinnis, Hudson, Richards, Van Allan, I. Diamond, Newbery, Wensley, Tennant and Glass.

The Secretary having read the election returns and announced the nominees of the City Council as its representatives on the board,

Mr. Johnson moved, seconded by Mr. Glass, that Mr. W. A. Sheppard be appointed Chairman for the ensuing year.

The motion was carried by a rising vote.

Messrs. Willson and McGinnis were appointed to conduct the newly elected Chairman to his seat, which was done.

On Mr. Sheppard taking the Chair he thanked the Board for the honor they had conferred upon him in again electing him as their Chairman, and with their assistance he hoped to discharge the duties devolving upon him with some degree of satisfaction. He trusted the year upon which they had entered would be marked with harmony and good will in their deliberations, and that the schools of the city, which would compare favorably with any in the Dominion, would show still more decided efficiency under their careful management and administration.

Mr. Newbery moved, seconded by Mr. Macoun, that the Committee to strike the Standing Committees for the year be composed as follows:—Messrs. Hudson, Dr. Tracy, Johnson, Tennant, McGinnis, Van Allan, Glass, A. Diamond and Newbery.

The Board, on motion, adjourned for fifteen minutes to allow the Committee to report.

Mr. Northcott came in, as did also Mr. Willa.

The Committee appointed to strike the Standing Committees for the year reported as follows:—

FINANCE AND ASSESSMENT.—Mr. Glass, Chairman, Messrs. Willa, Richards, Wensley, Johnson, Tennant, Northcott, Macoun and Hayne.

SCHOOL MANAGEMENT.—Mr. Newbery, Chairman, Messrs. A. Diamond, Glass, Hudson, Dr. Tracy, Dr. Willson, McGinnis, I. Diamond and Van Allan.

PRINTING AND SUPPLIES.—Mr. Tennant, Chairman, Messrs. Macoun, Rev. Mr. Burke, Hudson, Dr. Tracy, Dr. Willson, McGinnis, Hayne and Glass.

STREETS, BUILDINGS AND REPAIRS.—Mr. Willa, Chairman, Messrs. Doctor, Richards, Wensley, Johnson, Tennant, Northcott, Van Allan and I. Diamond.

CENTRAL AND HIGH SCHOOL.—Mr. Johnson, Chairman, Messrs. Willa, Rev. Mr. Burke, Macoun, A. Diamond, R. Newbery, Doctor, Dr. Willson and Dr. Tracy.

CANITON ROAD SCHOOL.—Mr. McGinnis, Chairman, Messrs. Doctor and Tennant.

OTAVIA STREET SCHOOL.—Mr. I. Diamond, Chairman, Messrs. Glass and Hayne.

PRINCE OF GEORGE SCHOOL.—Mr. Wensley, Chairman, Messrs. Dr. Tracy and Hudson.

STATION SCHOOL.—Mr. Doctor, Chairman, Messrs. Northcott and Van Allan.

On motion the report was received and adopted.

Mr. Newbery suggested that the Chairman of the several Committees be appointed now, and that a brief adjournment be had for that purpose.

Mr. Johnson seconded the motion, which was carried. (The selection of Chairmen as made are noted above.)

The Board then adjourned.

HULL IRON MINES.—During January there were 1,800 tons of ore taken out at the Hull iron mines. The ore is being shipped by rail to Niles, Ohio, at the rate of 40 carloads per week. The total quantity of ore taken out of the mines since operations began is 2,500 tons.

ANTILLY TEST.—An experimental test was made in England on the 3rd, with the object of ascertaining the cause of the explosion of a 38-ton turret gun on the ironclad *Thunder* several months ago. The theory of the Committee of investigation was that the disaster resulted from a double loading of the gun through carelessness. The test was tried on the sister gun, which was blown to atoms.

One really kind office of love to ameliorate the distresses of a suffering child of humanity has more power to refine and exalt the soul than the study of whole tomes of theories on the perfectibility of human virtue.

In Cicero and Plato and other such writers, found many things worthy of admiration and things that awaken some fervor and desire; but in none of them do I find the words, "Come unto me all ye that labor and are heavy laden, and I will give you rest."

THE TRAIN FOR HASTINGS that leaves Belleville at 3:30 p. m., will on Friday, Feb. 4th, instant, leave at 3 p. m. sharp.

DISCOUNTS

DURING the present dull season. We are prepared to take orders for Clothing at large Discounts of regular prices in order to make room for our large Spring Importations at

GRAHAM'S.

THE CASH SYSTEM

IT IS A FACT which will appear clear to every one, that the man who has his money ready at his command can make a more profitable use of it than another who has the same amount locked up in book debts, or in other unproductive estate. And it is on this principle, which is universally admitted, that we have adopted and advocate the Cash System of doing business.

In regard to our own particular line of business, the Strictly Cash System has proved a decided benefit to ourselves as well as to our customers, indeed it is because it offers advantages to our customers that it benefits us. Its success is shown by the rapid increase of our business since adopting it, manifesting that the public are not slow to see its advantages.

The chief reason why the goods of many storekeepers are dear is generally because they either have not sufficient capital to buy or their money is locked up in book debts, etc., that they cannot get at it to pay for their goods, and consequently have to take them on credit at almost whatever price the parties who supply them choose to charge.

Possessing ample means as we do, we are enabled to pay prompt cash for all our purchases (a merchant could do no more). We thus buy our goods at the lowest price they can be procured, and selling them again wholly for cash, we continually retain this position in favor of buying cheap. And BUYING cheaply we can afford to sell cheaply.

Again, in selling only for Cash, we avoid losses incurred by bad debts, we save the interest on outstanding accounts, and the extra expense in keeping books, etc. All of which enable us to reduce the prices still lower, and while we are thus selling much cheaper than others we are at the same time making a fair profit. Credit stores should be confined to doubtful customers, for they who pay promptly be made to pay for their goods on account of others' failure to pay!

City and Vicinity.

POLICE.—The cells were occupied last night by four tramps and one prisoner.

MISS NELSON.—A few opera glasses just received cheap at J. C. Reynolds.

Opera House.

Opera House.—The California Minstrels and Cool Burgess will appear to-night. They are favorably spoken of by the press.

St. Valentine's Day.

St. Valentine's Day.—The shop windows already begin to herald the approach of the anniversary of St. Valentine, which is only a little more than one week distant.

Gone to Toronto.

Gone to Toronto.—Alexander Robertson, Esq., M. P., proceeded to Toronto this morning to take the seat in the Legislature to which the people of West Hastings elected him.

Missionary Meeting.

Missionary Meeting.—Union Missionary Meeting in St. Andrew's Church to-morrow evening. Denomination, Messrs. Smith (Kingston) and Young (Napawan). Collection at close of meeting.

Warning.

Warning.—Miss Nelson's manager desires us to state that the sale of reserved seats will close at 5 o'clock to-morrow evening, and all parties who have marked off seats and not called for their tickets by that time will have them cancelled.

Grand Junction.

Grand Junction.—As will be seen by advertisement, the adjourned annual meeting of the stockholders of the Grand Junction Railway Company will be held in their offices, Pinnacle Street, at 2 p. m. on Tuesday, the 17th inst.

West Hastings Agricultural Society.

West Hastings Agricultural Society.—At the regular meeting of the Directors of this society, held on Saturday, the 31st inst., J. H. Peck was reappointed Secretary and John Sutherland, Treasurer, for the ensuing year.

Hay v. Wallbridge.

Hay v. Wallbridge.—In the Court of Chancery, Toronto, on the 4th, C. Moss, for plaintiff, moved to restrain defendant from removing minerals from land claimed by plaintiff. Motion refused, but leave given to serve short notice.

Correction.

Correction.—In a recent issue the chancery case of Williams v. Corby, which was tried before V. C. Blake in Toronto, was given erroneously as Corby v. Williams. The decree was in favor of Mr. Corby, whom we congratulate on the result.

Road Improvements.

Road Improvements.—The following resolution has been passed by the County Council of Peterborough:—That a grant of \$100 be made to open the boundary line between the Counties of Peterborough and Hastings between the Townships of Chandon and Wollaston, provided the County of Hastings give the same amount, to be expended under the joint superintendence of the Reeves of the townships.

Attempted Incendiarism.

Attempted Incendiarism.—Shortly after 1 o'clock this morning an alarm of fire was given, the location of the alleged conflagration being in the Centre Block. Constable Marsh, on proceeding up stairs, found a box filled with paper, which had apparently been well sprinkled with coal oil, ablaze, while the door in the vicinity had also been sprinkled with the same inflammable article. He succeeded in extinguishing the flames with a few pails of water, and so prevented what must have proved to be an extensive fire. That this attempt to further burn the building, which was badly damaged by fire about a month ago, was the work of an incendiary, there can be no doubt. Who the incendiary was, and what his motive, it will be for the police to discover, if possible. It is to be hoped that

they will succeed in doing so, as the crime is a dastardly one, and all too common throughout Canada. In the opinion of very many citizens an inquest ought to be held.

CONCERT.—A vocal and instrumental entertainment, the proceeds of which are to be applied towards the last payment on the St. John's Church lot, will be given in the City Hall, on Tuesday evening, 10th inst.

HANLEY.—The champion oarsman is to appear in the Opera House on Wednesday evening next, when he will give an exhibition of a rowing machine. He will be accompanied by a party of well known gymnasts, who will appear in various athletic exercises.

ANOTHER DISCOVERY.—A new iron mine is being rapidly developed on the west half of lot 9 in the 10th concession of Madoc. This mine is leased by Messrs. Cameron & Sutton, who intend to commence shipping in a few days. The ore is partly hematite and partly magnetic.

PERSONAL.—The Rev. Mr. McLean, and Messrs. W. H. Ponton, and A. G. Northrup, left for Toronto this morning to attend the meeting of the Presbytery of Toronto, which was to meet to-day to moderate in that city, by the congregation of the John Street Presbyterian Church. The Mayor and Alderman T. Holden also proceeded to Toronto this morning.

THE GREAT NORTH-WEST.—An association has been formed for the purchase of land in the great North-West. As the price for locating a section (640 acres) is only \$15, no doubt many will avail themselves of this opportunity of procuring land in the great North-West. The officers of the company are men of high standing in the County and it is proposed to send three delegates to locate the land purchased.

PASSED.—We are pleased to learn that Mr. P. K. Newton, brother of Dr. Newton, and until lately in the employ of James Clarke & Co. of this city, passed a very creditable examination before the Ontario College of Pharmacy, having obtained 78 per cent of the total number obtainable. This will enable Mr. Newton to act as a dispensing chemist, and he is to be congratulated on his success.

HEAD MASTERS OF HIGH SCHOOLS.

HEAD MASTERS OF HIGH SCHOOLS.—From the report of the Minister of Education, we learn that in Ontario there are 104 High Schools. The Head Masters of these are thus distributed among the universities: Toronto, 39; Victoria, 23; Queen's, 10; Trinity, 6; McGill, 4; Trinity (Dublin), 5; Albany, 1; Aberdeen, 3; others, 13. It is to be hoped that in the next report the universities of the under masters will also be given.

LANDLORDS' BAILEIFFS.

LANDLORDS' BAILEIFFS.—The Ottawa Free Press says:—"His Worship the Police Magistrate gave decision this morning in the test case of Brown v. Huckle, involving the right of landlords' baileiffs to sell goods seized by public auction. The decision was in favor of the plaintiff, the Magistrate giving it as his opinion that landlords' baileiffs did not have the right to sell public auction. A fine of \$10, the heaviest allowable, was recorded, with costs, but the magistrate stated that, as the case was a test one, only the payment of costs would be imposed in this instance."

LITTLE'S LIVING AGE.

LITTLE'S LIVING AGE.—The number of the Living Age for the week ending January 31st, has the following valuable contents: First impressions of the New World, by the Duke of Argyll, conclusion, Fraser's Magazine; Dr. Johnson, British Quarterly; Adam and Eve, part IV, by the author of "Dorothy Fox"; advance sheets; Life at High Pressure, Macmillan; How I fell among Thieves, Blackwood; Annie Keay, Day of Rest; "Dustsday" by the Hon. My Palmer, Macmillan; The Future of Siberia, Spectator; Tall Music, Saturday Review; The Rule of the Old Spectator; The Ascertained Artificial Production of the Diamond, Nature; and the usual choice poetry and miscellany. The serial story above mentioned, by the author of "Dorothy Fox," and another by Mrs. Oliphant have been recently begun, and the publishers present to new subscribers for 1880 the six numbers of 1879 which contain the opening chapters of both. For fifty-two numbers of sixty-four large pages each (or more than 3,300 pages a year), the subscription price (\$8) is low: while for \$10.50 the publishers offer to send any one of the American 44 monthlies or weeklies with the Living Age for a year, including the extra number of the latter published.

Police Court.

Police Court.—(Before A. Diamond, P. M.)

THURSDAY, FEB. 5.

DRUNK.—Alfred Durand was brought up for the above offence, and was dismissed.

HORSE STEALING.

HORSE STEALING.—Alfred Martin, who had been found guilty on the charges of horse stealing, and re-manded for sentence, was brought up to-day, when the Magistrate committed him to the Penitentiary for two years.

Orange County Lodge.

Orange County Lodge.—The annual meeting of the Orange County Lodge of South Hastings was held in the Orange Hall, Belleville, on Tuesday, the 3rd inst. The following are the officers for the ensuing year:

ROBERT GORDON, C. M.

JAMES RICHARDS, C. D. M.

W. McCREARY, C. Chaplain.

J. H. PECK, C. Secretary.

JAMES MACDONALD, C. Treasurer.

ARCH. COLLIS, C. D. of C.

MATTHEW HILL, C. Lecturer.

WM. WEAVER, C. Proxy.

THE PAIN-KILLER.

THE PAIN-KILLER.—We have known the high character of this medicine, and that it is used with great success and satisfaction in our very best families. It is the favorite medicine of our missionaries in heathen lands, where they use it more than all other medicines together. It should be kept in every household, and be in readiness for sudden attacks of sickness. —Christian Press.

THE AFGHAN SITUATION.

THE AFGHAN SITUATION.—A despatch from Kabul states that an ammunition convoy, by way of the Khyber, has reached Kabul in safety. Heavy snows have fallen on the mountains, and in the passes, and travelling is now attended with the utmost difficulties. No hostile demonstrations are apprehended during the winter, but no doubt is entertained that the war will be resumed in the spring. The work of strengthening the fortifications at the Salala Hissar, and of putting the Shikhar cantonment in a state of defence is proceeding, and great confidence is reposed by the officers and engineers of the British forces in their ability to resist any attack that the Afghans will be able to bring against them.

A despatch from Herat says it is asserted that at a meeting of the Heratise they resolved to hold Herat against England.

A Lahore despatch says six leading Khistan chiefs have collected a force to oppose the British nominee for the governorship of that district.

AFTERNOON DISPATCHES.

LONDON, Feb. 5.—The rates of discount are hardening partly in consequence of the general advance in prices and improvement in business, and partly in consequence of the pressure on the money market by the sale of a million and a half Treasury bills which were allotted yesterday at slightly above 2 per cent. premium, and by bids for new South Australian government 4 per cent. loan of three and a quarter millions which at a minimum of 92 was covered nearly five times over. No allotments were made below 93.

SOUTHAMPTON, Feb. 5.

SOUTHAMPTON, Feb. 5.—Arrived, the Donia.

WASHINGTON, Feb. 5.—It is reported that General Sherman and the Secretary of War have approved of the Reno's sentence of dismissal now in the hands of the President.

WEATHER REPORTS.

TORONTO, Feb. 5.—Probabilities for the next twenty-four hours: For the lower lakes, fresh to brisk southerly to northwesterly winds, partly cloudy to cloudy weather with a slight local fall of snow, stationary or slightly lower temperature.

WASHINGTON, Feb. 5.

WASHINGTON, Feb. 5.—Indications: For lower lakes, partly cloudy, light snows and slightly warmer weather.

COMMERCIAL NOTES.

At a recent meeting of the Board of Managers of the International Dairy Fair, held in New York, the following were among the nomination of officers: Vice-Presidents, Messrs. H. Chandler, Montreal, T. H. Hodgson, Montreal, and J. C. Rogers, Toronto. For Board of Managers, Mr. Thomas Ballantyne, Montreal, and Mr. J. H. Peck, Toronto. Under the by-laws, the annual dues of \$2 for the coming year must be paid previous to the second Tuesday in February, 1880, by all those desiring to vote. Two fairs having now been held in New York, the next is to take place in some western city to be hereafter decided upon.

THE INTERCOLONIAL RAILWAY.

The Intercolonial Railway has been doing a rushing business of late; the heavy receipts of English goods at Halifax and the increase of local freight at almost every point on the line keep the officials busy, and the rolling stock of the road, though understood to be kept up to a good standard, is barely able to accommodate all the traffic. About 50 trains are reported inwards and outwards at Moncton station each day, the number being probably larger than at any previous time. Some special train men, who have been on trip, have already got over 30 days this month, and a special is now looked on as being hot billet on the road. Not only are English goods, through freight, but the road is doing a large business with the London and Company and with the coal miners.

THE BUTTER TRADE.

The receipts and exports of butter at New York (exclusive of butterine) since May last, the beginning of the trade year, compare as follows:

	Receipts.	Exports.
First week.....	23,550	47,482
Second week.....	23,765	50,598
Since May 1, 1879.....	1,286,192	1,286,192
Same time last year.....	1,232,082	2,165,689

Receipts and exports of cheese for the same period:

	Receipts.	Exports.
First week.....	6,363	1,087,615
Second week.....	6,363	1,087,615
Since May 1, 1879.....	2,361,782	11,715,658
Same time last year.....	3,083,626	12,145,043

For the Intelligencer.

I wish through the INTELLIGENCER to acknowledge the receiving of four dollars from the Hon. M. B. O'Brien, Ottawa, and one from Dr. Barker, Kingston. This money was sent towards paying off the debt on the New Presbyterian Church at Thane, for which I am very thankful.

P. NUGENT.

An Honest Medicine Free of Charge.

Of all medicines advertised to cure any affection of the Throat, Chest or Lungs, we know of none we can recommend so highly as Dr. King's New Discovery. Consumption, Coughs, Colds, Asthma, Bronchitis, Hay Fever, Hoarseness, Sticking in the throat, loss of voice, &c. This medicine does positively cure, and that where everything else has failed. No medicine can show one-half so many positive and permanent cures as have already been effected by this truly wonderful remedy. For Asthma and Bronchitis it is the best in the world, curing the very worst cases in the shortest time possible. It is a true and means give it a trial. *Bottle free.* It is only \$1.00. For sale by JAMES CLARKE & Co.

Bucklen's Arnica Salve.

The Best SALVE in the world for Cuts, Bruises, Sore Throats, Salt Rheum, Itch, Chapped Hands, Chilblains, and all kinds of Skin Eruptions. This salve is used by the military and naval forces in every case of injury. It is a true and means give it a trial. *Bottle free.* It is only \$1.00. For sale by JAMES CLARKE & Co.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of vitality, &c., I will send a recipe that will cure you. This is a self-addressed envelope to the Rev. Dr. T. D. IMMAN, Station D, New York City. It is sent by mail for 25 cents per day at home. Samples \$5 to \$20 worth 50 cents. Address: Dr. T. D. IMMAN, Station D, New York City. It is sent by mail for 25 cents per day at home. Samples \$5 to \$20 worth 50 cents. Address: Dr. T. D. IMMAN, Station D, New York City.

Commercial.

BELLEVILLE MARKET.

BELLEVILLE MARKET.—The grain market during the last few days has been very dull, with small offerings. The delivery of Rye has been very small, 700 is scarce at 65c. Oats are in demand at 40c, for home consumption. Wheat is purchased readily by millers at \$1.25 per bushel.

Clover seed has been delivered in large quantities this season, \$4.00 per bushel is the ruling price.

Messrs. Downey & Preston received a carload of peas from Hastings yesterday.

Butter was scarce on the market to-day, good roll selling at 22c. Fresh eggs were also scarce at 45c per dozen.

Dressed beef was offered in large quantities at 3c to 5c per lb. A few dressed hogs were offered, for which 6c per lb. was paid for the best.

FALL WHEAT—\$1.20 to \$1.25.

SPRING WHEAT—\$1.20 to \$1.25.

BARLEY—No. 1, 60c; No. 2, 50c.

RYE—70c.

WHEAT—No. 1, 40c; No. 2, 35c.

PEAS—60c to 65c.

BUCKWHEAT—50c.

CLAY—\$3.00 to \$4.00.

Canada Royal Benefit Society.

THIS Society is for all insurable persons; for those of small means as well as for the rich; for the sober, industrious and provident. It is based upon sound commercial and economical principles, and is wholly free from secular and expensive ceremonies, with which many of the benevolent societies of the present day are encumbered.

The benefit fund for its members, medical attendance and \$5 per week in case of sickness or accident, and \$500 in case of death, with a provision for one half of the \$500 being paid should a member become totally disabled through sickness or accident at an earlier period.

The tables of fees have been drawn up with the greatest care, making due allowance for the greatest age at the time of joining the Society.

By a careful inspection of the Society's By-Laws, it will be seen that the greatest possible advantages are offered for the premiums paid.

The following table of fees will be of interest to those desiring to join this Society:

Age	Entrance Fee	Annual Fee	Death Benefit
16 to 20 yrs.	\$4.00	\$.25	\$10.00
21 to 30	5.00	.30	15.00
31 to 40	6.00	.35	20.00
41 to 50	7.00	.40	25.00
51 to 60	8.00	.45	30.00
61 to 70	9.00	.50	35.00
71 to 80	10.00	.55	40.00
81 to 90	11.00	.60	45.00

For further particulars apply to the AGENTS WANTED.

THE BEST PAPER TRY IT!

BEAUTIFULLY ILLUSTRATED.

35th YEAR.

THE SCIENTIFIC AMERICAN.

THE SCIENTIFIC AMERICAN is a large First-Class Weekly Newspaper of Sixteen Pages, printed in the most beautiful style, and containing all the latest and most interesting news of the day.

It is the most valuable and most useful paper in the world. It is the only paper that is read by all classes of people, and it is the only paper that is read by all nations.

LAME BACK, WEAK BACK.

SEASON'S CAPSULE POROUS PLASTER

Overcoming evidence of their superiority over all other plasters. It is every where recommended by Physicians, Druggists and the Press.

The manufacturers received a special award and the only medal given for porous plasters at the Centennial Exposition, 1876, at the Paris Exposition, 1877.

Their great merit lies in the fact that they are the only plasters which relieve pain at once.

Every one suffering from RHEUMATISM, LAME BACK, OR WEAK BACK, COLD OF THE CHEST, COUGHS, or any local pain or ache, should use Benson's Capsule Porous Plaster, and be relieved at once. Price 50 cts. Sold by all Druggists.

GRAND JUNCTION AND BELLEVILLE & NORTH HASTINGS RAILWAYS.

Leave Belleville at 3 p. m. for Madoc and leave Madoc at 3 p. m. for Belleville.

Arrive from Hastings, Campbellford and Stirling, at 10:30.

Trains are run by Belleville Time.

Oct. 29, 1879.

Established 1850.

HAMBLY'S

Bakery and Confectionery.

OYSTERS! OYSTERS! OYSTERS!

THE weather is now getting settled, and this delicacy will come to hand in good condition, and the public may rely on getting a reliable article, and as cheap as at ANY OTHER PLACE IN THIS CITY.

In Fresh this Evening, which will be sold by THE CAN or LOT at LOWEST PRICES.

Served up in the Oyster-room in the different styles. Having gone to great expense in fitting up an apartment especially for Ladies and Gentlemen, we have a return of copies of all Orders-in-Council passed during the last four years regarding the reduction of the price of public lands, or the regulating of the rate of interest, or the price of crown or school lands; also, a copy of any statement or statements furnished to the Government of Quebec of the amount of the duties on the importation of goods from the Province of Quebec or of the Dominion relating thereto.

Mr. Ross moved for an order of the House for a return of the Municipal Loan Fund Debentures still in the hands of the Provincial Treasurer, un sold, showing the amount of the debentures of each municipality sold, and the date when issued, the interest accrued upon the same; the interest paid; and the date when paid, and the amount of interest still in arrears on 1st December last: also if any sales of Municipal Loans have been made since the 1st of December last, showing the date of such sale; the names of the municipalities whose debentures were sold, and the names of the persons to whom sold, and the price realized thereon. None of the municipalities whose debentures were sold, and the names of the persons to whom sold, and the price realized thereon. None of the municipalities whose debentures were sold, and the names of the persons to whom sold, and the price realized thereon.

Mr. Wood said that the municipalities most largely in arrears were Niagara Town, London City, St. Catharines, Hope Township, and Perth.

Mr. Meredith remarked that it was a strange fact that London City was promptly called to account, while others were allowed to go without litigation.

Mr. Wood said that the municipalities most largely in arrears were Niagara Town, London City, St. Catharines, Hope Township, and Perth.

Mr. Meredith moved the second reading of his bill to provide for the examination and licensing of persons employed elsewhere than on steamboats.

The Bill was opposed by Mr. Fraser and by several members of the Opposition, and was withdrawn.

Mr. Wigle moved the second reading of the Bill to amend the law for the protection of game and fur-bearing animals. The principle clause was as follows:—None of the animals or birds hereinafter mentioned, shall be hunted, taken or killed within the periods hereinafter limited: (1) deer, 15th day of December, and the 1st day of October; (2) grouse, pheasants, prairie owl or partridge, between the 1st day of January and the 1st day of September; (3) quail, or quail, between the 1st day of January and the 1st day of October; (4) woodcock, between the 1st day of January and the 1st day of August; (5) snipe, between the 1st day of January and the 1st day of August; (6) mallard, grey duck, black duck, wood or summer duck, between the 1st day of January and the 1st day of August; (7) other ducks, geese or geese, between the 1st day of January and the 1st day of August; (8) hares or rabbits, between the 1st day of March and the 1st day of September; (9) red squirrels, between the 1st day of January and the 1st day of August.

The Bill was read a second time after discussion and returned to the Committee.

In moving the adoption of the item: Public and Separate Schools \$240,000, remarked that there had been a reduction in the expenses per capita.

The reduction in the educational system cost \$20 a head, or deducting capital expenditure, \$3.20, in 1878 the expenditure, exclusive of capital expenditure, was \$5.00 a head; while including capital expenditure there was a reduction of thirty eight cents compared with the previous year. Due to capital expenditure, the Government was very favorably off this year of the United States. While our expense was \$5.00, the expense of Massachusetts was \$4.00, of Iowa, \$10.60; Illinois, \$10.60; in Ohio, \$10.60; in Michigan, \$10.60. Ontario was, therefore, in the matter of education, considerably behind the States.

Efforts had been made to confine the Normal Schools to their professional training duties, which had resulted in a saving in the expenditure of \$1,207,000, and that, holding three-class certificates, had graduated from

Ontario Legislature.

FIRST SESSION—FOURTH LEGISLATURE.

WEDNESDAY, Feb. 4.

Numerous petitions were presented praying that the sale of intoxicating liquors on Christmas Day, Good Fridays, and public holidays be prohibited.

Mr. Crooks introduced a bill to amend the Public Schools Act. The bill, he said, introduced the suggestions made in the bill of the Hon. members for Middlesex and West Huron. It also provided for the collection of school rates in Union townships, and in cases yet unprovided for.

Some new bills were introduced, and some other bills regarding the Prince Edward County Railway, read a third time and passed.

Mr. Deroche moved for an order for correspondence and papers between the Government and the Legislature, or other persons with relation to the appointment of gaolers and gaol officials by the Government instead of by the Sheriff. The motion was carried, and Mr. Deroche expressed the opinion that the Government should make the appointments.

On motion of Mr. Ross, the fifth report of the Standing Committee on Railways was read, and Mr. Ross, by leave, with instructions to declare the preamble of Bill (No. 32), Grand Ontario Central Railway Company, as proven.

Mr. Lauder moved for an address to the Lieutenant Governor, praying that he will cause to be laid before the House a return of copies of all Orders-in-Council passed during the last four years regarding the reduction of the price of public lands, or the regulating of the rate of interest, or the price of crown or school lands; also, a copy of any statement or statements furnished to the Government of Quebec of the amount of the duties on the importation of goods from the Province of Quebec or of the Dominion relating thereto.

Mr. Ross moved for an order of the House for a return of the Municipal Loan Fund Debentures still in the hands of the Provincial Treasurer, un sold, showing the amount of the debentures of each municipality sold, and the date when issued, the interest accrued upon the same; the interest paid; and the date when paid, and the amount of interest still in arrears on 1st December last: also if any sales of Municipal Loans have been made since the 1st of December last, showing the date of such sale; the names of the municipalities whose debentures were sold, and the names of the persons to whom sold, and the price realized thereon. None of the municipalities whose debentures were sold, and the names of the persons to whom sold, and the price realized thereon.

Mr. Wood said that the municipalities most largely in arrears were Niagara Town, London City, St. Catharines, Hope Township, and Perth.

Mr. Meredith remarked that it was a strange fact that London City was promptly called to account, while others were allowed to go without litigation.

Daily Intelligencer.

The Ontario Legislature. FRIDAY, Feb. 6.

After routine the Attorney General's Bill respecting coroners' inquests was read a third time.

Mr. MacMaster in moving for correspondence respecting the construction of the Ottawa Bridge took strong ground in view of Col. Gzowski's report.

Mr. Harkin also spoke strongly in favor of the scheme, and dwelt at some length on its importance in relation to the Ottawa and St. Lawrence counties.

Mr. Bell opposed the scheme altogether on the ground that it would afford another channel, in addition to those already provided, for the produce of Canada to find its way into the United States.

After passing a number of Private Bills through Committee, the House went into Committee on Supply and agreed to the appropriation for hospitals and charities, Crown Lands, and colonization roads.

Mr. Hector Cameron, opposed the bill. He said he represented the only farmer in the County who was not a tenant.

Mr. Kerr said Mr. Bickford was the proprietor of the Grand Junction and the Belleville and North Hastings railways, two competing lines, and his desire was to kill this scheme before the Legislature.

Mr. Cameron said the names of the persons on the stock sheet were only employees of Mr. Pardee.

The Chairman ruled that this question was a legal point. It was not for the Committee to decide who owned the stock.

The clause of the bill reviving the charter was carried.

The next clause, which provided for an increase in the capital stock, was objected to by Mr. Cameron.

Mr. Kerr said it was necessary, inasmuch as the Government had purchased more than two-thirds of the stock, could prevent the construction of the line and thus cause the towns and villages, and especially Frontenac, which had the largest population, to be impoverished.

The Chairman objected to the clause on the ground that it was not intended in the division resulted in a tie, whereupon Mr. Pardee gave his casting vote against it.

Bill: An Act to Amend the Free Grants and Homesteads Act.

For the Intelligencer. Mr. EDITOR:—The Hon. T. B. Farlee, Commissioner of Crown Lands, has introduced a Bill with the above title, which has received its second reading, and which, if it becomes law, had better have been entitled, *The Settlers' Driving out and the Lumberman's Grab Act*.

Bill: An Act to Amend the Free Grants and Homesteads Act.

BELLEVILLE, MONDAY, FEB. 9.

City and Vicinity.

THE CARNIVAL.—Don't forget the skating carnival at the rink to-night.

CONCERT.—A grand concert of vocal and instrumental music, the proceeds of which will be devoted to paying for the St. John's church lot, is to be given by Mr. McDonald of Picton, and a number of local amateurs in the City Hall to-morrow night.

TABLEAU.—Our readers should bear in mind that a tableaux entertainment will be given in the Opera House this evening in aid of the organ fund of Christ Church. The Upright Piano Forte used on this occasion is the celebrated "Knebe," kindly supplied by Messrs. Octavius Newcombe & Co., Toronto.

IMPOSING FUNERALS.—The remains of the late William Oakham, of No. 3 Hook & Ladder Company, and Sergeant Goode, of No. 1 Company of the 49th Battalion, were interred yesterday with appropriate ceremonies. The officers and members of the fire brigade with the 15th Battalion, were present at the funeral of the first named, whilst No. 1 and 4 companies of the 49th Battalion with the band of the I. O. O. F., were present at the interment of the latter. The funeral of each was largely attended and witnessed by large bodies of onlookers.

AN UNFORTUNATE DRIVE.—On Saturday evening last Mr. and Mrs. Ira Simmons, of Foxboro, determined to visit the mother of the latter, who resides near Holloway. Accordingly they started. Mrs. Simmons bearing in her arms a child only six months old and well muffled up. They reached their destination, and when alighting from their sleigh found that the child was smothered to death. The grief of the parents over this misfortune was very evident, and the sympathy of their neighbors extended to them in their unfortunate and sad affliction.

Snow Drifts.—Some years since the County Council determined to experiment with wire and tight board fences as preventives for snow drifts, and grants were made to admit of the putting of the experiment into practice. In some places the wire fence worked well, and in others the tight board fence proved itself the most effective in the prevention of the blockade of the roads with snow. Sunday last was a good day to look at the working of each, and the impression created was largely in favor of the tight board fence, as there were no drifts where that class of fence was erected.

"PREJUDICE."—This is the title of a society play which will be presented on the boards of the Opera House here on Tuesday next. This pretty and exciting drama is a rich and rare conception, particularly suited to the times. It teaches a lesson well worth heeding. Society—in its strong prejudice attacking the worst inventions of slander and gossip, as well as all the guilt of occasional occupants of the boards, to the profession in general—is represented in that careful and pleasing manner which delights all who have listened to it. The several members of the company are well up in their profession, the play is splendidly mounted and all who witness its production cannot but be pleased with it.

LEGAL.—The following cases of local interest were before the Courts in Toronto on the 6th inst.:—Palmer v. Solmes.—Judgment for defendant on the demurrer. Defendant to have leave to apply in Chambers to amend. Palmer v. Solmes.—Judgment for plaintiff on the demurrer. Leave given to amend the declaration if plaintiff so elect without cost. If amendment made, no cost of argument of demurrer; otherwise to follow the usual course. More v. Dixon, Grand Junction v. Pope.—Mr. Aylesworth asked that these cases stand until to-morrow. Mr. Cameron, Q. C., contra. Stands as asked. Re Grand Junction and Peterboro.—Mr. Bethune showed cause to a rule nisi for a new trial. Mr. H. Cameron, Q. C., contra. Reserved.

APPOINTMENT.

Mr. Hugh Blair, attorney of this city, has been appointed a Notary Public for Ontario.

HELP FOR THE IRISH POOR.

\$600 was yesterday raised in St. Michael's Church for the benefit of the Irish poor.

ARRIVED.

The steamship *Peruvian* arrived at Halifax at 9.15 a.m., with 10 cabin, 15 intermediate and 80 storage passengers.

MARKET FEEL.

The City Council has adopted a memorial to the Ontario Government against the passage of the Bill for the abolition of market fees.

OPEN AIR MEETING.

To-morrow morning at 11.15 the Rev. Mr. Hammond, Mr. Coe, and others will conduct an open air meeting on the market square.

TO THE PENITENTIARY.

Alex. Martin, convicted of horse-stealing, left here today on a two years' visit to the Kingston Penitentiary, in custody of Deputy Sheriff Taylor.

CAUTION.

All drivers of vehicles should bear in mind that whilst the sleighing lasts bells should be upon the animals they drive or upon the sleighs or cutters they are in as the law requires them.

A NEW PROJECT.

Arrangements have been made for the construction of a large grist mill on the site of the storehouse owned by Ald. Petrie on West Front Street.

NEW HELMETS.

No. 2 Independent Horse Company are to be provided with new brass helmets. They will be procured in Montreal at a cost of \$8.00 each and are expected to come to hand some day during the week.

THE ST. CATHARINES MINISTERS.

At the close of the meeting in Bridge Street church last night a letter was read from the ministers of St. Catharines to the ministers and Christians of Belleville, strongly recommending Mr. Hammond and his good and grateful bearing witness to the good work in that city.

DR. MILBURN, the Blind Lecturer,

whose name is a household word, had barely enough to complete his college course with pain and suffering. Afflicted with blindness at a time when the hopes of youth are brightest, he brings to the stage thoughts matured in solitude, and self-examination which are mingled with kindness and even with mirth. His appearance here will be a delight to people of task and culture. See advt.

ST. CATHARINES PRAYING FOR BELLEVILLE.

At the meeting in the M. E. Tabernacle this morning a telegram was read by the Rev. Mr. Hammond from Mr. Noah Phelps (who it will be remembered conducted the Revival meetings here some three years ago), to the following effect: "The great interest unabated. Prayer offered in all the churches for Belleville. All Christian men are standing nobly by the cause, may God be with you."

FIRE.

Shortly before twelve o'clock on Sunday night, the alarm of fire was given by two ladies who were then passing by Railway Station street. The second story of the frame building owned and occupied by Jos. Adamson was discovered to be on fire, and it was with difficulty the inmates were awakened. The engines were called out, but the building was of such material that it was almost destroyed before their arrival. The structure was entirely consumed. The loss is \$400; insured in the Royal for \$250. But little of the contents was saved.

SOLD HIMSELF.

They tell a good story of a Correctionville farmer—and of course Correctionville is not situated in this vicinity—who sold a lot of corn at that town the other day. When it was weighed he staid stepped on the scales, and then drove off to unload. When the wagon was weighed he took good care not to be in it, and congratulated himself that he had played it on the buyer in good shape. The grain dealer called him in, and, after figuring up the load, paid him in full. As he buttoned up his coat to go out, the buyer kindly asked him to smoke with him, and then talked over the crops and the price of hogs, and the likelihood of the Maple Valley railroad building up that way, till the farmer fairly quivered in his chair with uneasiness about his chores at home. At last he could stand it no longer and said he must go. The dealer quietly said that was not to be thought of, that he had bought the farmer at full weight and paid him his own price and that he would insist on doing as he pleased with his own property. The rascal of corn saw that he had indeed sold himself, in one sense at least. He acknowledged the fact as it were—and compromised the affair. Now when he markets grain he don't stand on the scales.

POLICE COURT.

(Before A. Diamond, P. M.)

Robert Dunne and John Morrow were both discharged.

LUCREY.

Joseph DeClair was sent to goal for a week for stealing money from Jas. Meagher's till.

LUNACY.

Patrick Foley was further remanded for a week.

EXHAUSTION.—For persons suffering from exhaustion from the powers of the brain, nervous system, from long and continued study or teaching, or in cases of exhaustion from which so many young men suffer. I know of no better medicine for restoration to health than Fallow's Compound Syrup of Hypophosphites.

EDMOND CLAY, M.D., EDWARDS, N.S.

THE PAIN-KILLER.—We have known the high character of this medicine, and that it is used with great success and satisfaction in our very best families. It is the favorite medicine of our missionaries in heathen lands, where they use it more than all else together for the diseases that abound in those warm climates. It should be kept in every house, and be in readiness for sudden attacks of sickness.—*Christian Press.*

TEA-BERRY, the new powder for whitening the teeth, stimulating the mouth and purifying the breath; the brightest, best, and most useful toilet gem extant. Ask your druggist for "Tea-Berry." Price 35 cents.

Revival Services.

The Pulpit of the Bridge Street Methodist Church was occupied yesterday morning by Mr. Coe, co-worker with Rev. Mr. Hammond, who stated that for the last sixteen years he has been engaged with Rev. Mr. Hammond in his revival work. He gave a short discourse on the 24th chap. Matthew, which he styled a "string of pearls" dwelling particularly on a portion of the 14th verse "ye are salt of the earth." After a short description of the work they have been engaged in, he asked the hearty co-operation of all Christians in the revival work about being commenced in the city.

AFTERNOON SERVICE.

The afternoon service which was held in the Bridge Street Methodist Church, was of a union character. Most of the Churches in the city were represented in the congregation, and many ministers were also present. As Mr. Hammond stepped to the front on the large platform one sees he is a large man of prepossessing appearance, apparently about 50 years of age; his eyes are bright, and his every motion denotes nervous earnestness. He has every appearance of one that would by his energy push himself into the front ranks of any calling he might have chosen for himself.

THE SERVICE WAS SPECIALLY A SERVICE FOR THE YOUNG.

As he gathered the children in the centre of the church it was evidenced that he had a system of his own in conducting such services and the necessary energy for carrying out such a system. He was in his element, and he gave out "Come, thou fount of every blessing," his peculiarity of expression was apparent. He impressed on those present his wish for all, both young and old, to join in the singing, as throughout the entire service his evident desire was apparent to have all become participants and not simply listeners. He designated the meeting a conversational meeting. He hoped none present would ever consider themselves too old to go to the Sunday School, which was a school in which there should be no graduates. Of ourselves he said we do nothing except through the help of our Saviour, and cited remarkable instances of answers to prayer. Nearly an hour was spent in singing, when he said that on the road to the meeting he heard the band playing as a corps was being carried to its last home, and soon everyone present would be laid in the dust, and he asked how many had made preparation for that event, as the Bible says by nature "None are righteous no one."

When we did, he asked, would our friends say we had gone up to heaven, where they would meet us again, or would they have to say they knew not where we have gone—

He never stated where we have gone. He had met a man on the street, he said, who told him he did not know where he was going when he died. He said he told the man, as he would tell all present, it was time he did, for Jesus suffered for all sinners. He then engaged in audible prayer, in which he called the whole church to join.

These meetings for the children he designated as the Gospel out up line, such as dyspeptic Christians might want, of which class of Christians, he said, there were too many in the Church.

Fifteen minutes were spent in an address to the children upon the death of Christ, when after a few words of prayer the congregation all joined in singing "Come to Jesus just now."

A chain of five links he said he would give them which would reach all the way from earth to heaven—viz., Jesus, Holiness, Usefulness, Happiness and Honor; the adaptability of each link to the other he illustrated as he gave them to his hearers.

The evening meeting, which was also held in Bridge Street church, was very largely attended. It was principally of a preliminary character, and largely devoted to the afternoon meeting and to announcements as to the future programme. Mr. Hammond spoke with force and effect and was followed by the Rev. Dr. Jacques, who said he had worked with Mr. Hammond in other places, in one of which 5,000 conversions had taken place. The Rev. Messrs. Turnbull, Lumsden, Cameron, and Willoughby also spoke. There will be meetings each day at 4.15 p.m. and on Wednesday night the evening meetings will be commenced. The movement promises to be of much interest and profit.

THIS MORNING'S MEETING.

That the Rev. Mr. Hammond's visit is creating great interest was manifested by the large attendance at the M. E. Tabernacle this morning at 9.30.

It is evident from Mr. Hammond's meetings of yesterday and this morning that while they are the opposite of conventional and stereotyped, they are also of a high order, and have a reason for all he does, and while he keeps the object of the meeting before him, still he has not set plan but adapts whatever may occur to the end for which the meeting was called.

The subject for a "Bible reading in Prayer and Praise meeting" this morning was "The elements of prevailing prayer." Mr. Hammond's talk abounded in illustrations, incidents, &c. A number of old citizens took part in the meeting afterwards, and most cheering accounts were given as to the results of yesterday's meeting.

WEATHER REPORTS.

Toronto, Feb. 9.—Probabilities for the next twenty-four hours: For the lower lakes, northerly winds to fade, veering to east or south-to-night, fair to cold weather, probably followed by snow, tomorrow.

WASHINGTON, Feb. 9.—Indications: For lower lakes, partly cloudy with areas of light snow.

A SANITARIAN BATTLE AT HERAT.

Reports are received at Candahar of a second and more bloody struggle between the rival parties at Herat. Local troops attacked the Cabulis unawares and inflicted heavy loss before the Cabulis could bring artillery to bear on their assailants. When this was done, the Heratis were defeated with great slaughter.

An Honest Medicine Free of Charge.

Of all medicines advertised to cure any affection of the Throat, Croup, or Lungs, we know of none we can recommend so highly as Dr. King's New Discovery for Consumption. Coughs, Cold, Asthma, Bronchitis, Hoarseness, tickling in the throat, loss of voice, &c. This medicine does positively cure, and where everything else has failed. No medicine can show one-half as many positive and permanent cures as this remedy. For Asthma and Bronchitis it is a perfect remedy, curing the very worst cases in a few days. It is the best medicine for the lungs, and it is the best medicine for the throat. Regular size \$1.00. For sale by JAMES CLARKE & Co.

Sculling Match.

BOYD BEATS ELLIOTT.

NEWCASTLE-TYNE, Feb. 9.—The race between the scullers Elliott and Boyd for £200 a side, over the Tyne championship course, was won easily by the latter by four lengths. The betting was 5 to 1 on Boyd.

Bucklin's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Tetter, Chapped Hands, Chilblains, Gores, and all kinds of Skin Eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by Jas. Clarke & Co.

If you are suffering with a Cough or severe Cold, do not trifle with yourself by trusting your life to Lozenges and cheap and worthless cough medicines, but buy at once a bottle of ALLAN'S LUNG BALM; it reaches to the seat of the disease and removes it root and branch; it does not affect the system, but gives temporary relief, as do most cough mixtures sold at 25 cents per bottle, but it makes a permanent cure in all cases, if used according to the directions.

A CARD.

To all who are suffering from theorems and indispositions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you. FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. Joseph T. Tread, Station D, New York City, N.Y.

Commercial.

SELLEVILLE MARKETS.

Canada Royal Benefit Society.

This Society is for all insurable persons, for those of small means as well as for the rich; for the sober, the industrious and the prudent. It is based upon sound commercial and economical principles, and is wholly free from secrets and expensive ceremonies, with which many of the benevolent societies of the present day are encumbered.

The benefit branch secures for its members medical attendance and \$5 per week in case of sickness or accident, and \$500 in case of death with a provision for one half of the \$500 being paid should a member become totally disabled through sickness or accident at an earlier period.

The tables of life have been drawn up with the greatest care, making the allowance for the difference of age at the time of joining the Society.

A careful inspection of the Society's By-Laws, will be seen that the greatest possible advantages are offered for the premium paid.

The following table of fees will be of interest to those desiring to join the Society:

Age	Entrance Annual Association	Extinguish	Fee	Death Member
16 to 20 yrs.	\$4.00	\$2.50	\$0.38	
21 to 25	5.00	2.50	41	
26 to 30	6.00	2.50	45	
31 to 35	7.00	2.50	49	
36 to 40	8.00	2.50	53	
41 to 45	9.00	2.50	57	
46 to 50	10.00	2.50	61	
51 to 55	11.00	2.50	65	
56 to 60	12.00	2.50	69

ANNAB AND WILLIE'S PRAYER

A CHRISTMAS STORY.

(BY SOPHIE E. BROWN.)

The following beautiful poem was published in the INTELLIGENCER some years ago, but we now republish it by request.

"Twas the eve before Christmas; 'Good-night' had been said; and Annie and Willie had crept into bed. There were tears on their pillows, and tears in their eyes.

And little Willie was heavy with sighs. For he came yearning for his father's command had been given.

That they must retire precisely at seven. Instead of at eight, for they troubled him more. With a sigh he thought of his father's sin.

No such thing as 'Santa Claus' ever had. And he hoped after this, he should never more hear.

How he craved to see his father with presents each year. And this is the reason why two little heads were bowed in prayer.

Eight, nine, and the clock on the steeple tolled. Not a word had been spoken by either till.

When Willie's face from the blanket did peep. And he said, 'Dear Annie, is it yet asleep?

'Why no, brother Willie,' a sweet voice replied. 'I've tried it in vain, but I can't shut my eyes; For somehow it makes me so sorry because.

Dear papa had said there is a thing called a ring. Now we know there is, and it can't be denied. But then I've been thinking that she used to pray.

And God would hear everything mamma would say. And perhaps she asked him to send Santa Claus here.

With the sack full of presents he brought every year. 'Well, why don't you pray for it as mamma did.

And ask her to send him with presents each year. 'I've been thinking so, too,' and without a word more.

Four little heads were bowed on the floor. And four little knees were set apart in prayer. And two tiny hands were clasped close to each breast.

'Now Willie, you know we must firmly believe that the presents will surely be sure to receive. And you must wait just as still till I say amen.

And by that you will know that your turn has come. Dear Jesus, look down on my brother and me.

And grant us the favor we're asking of Thee. Give us a nice book, a book and a ring. A writing desk, too, that shall shut with a spring.

Blue paper, dear Jesus, and cause him to see. That Santa Claus lives in us as much even as he. Don't let him get fretful and angry again!

At dear brother Willie and Annie, amen! 'Twas thus that the two little ones came down to night.

And bring us some presents before it is light; For we have a little book, a book and a ring. And a writing desk, too, that shall shut with a spring.

And grant us the favor we're asking of Thee. Give us a nice book, a book and a ring. A writing desk, too, that shall shut with a spring.

Blue paper, dear Jesus, and cause him to see. That Santa Claus lives in us as much even as he. Don't let him get fretful and angry again!

For THURLOW, Daily at 3 p.m.
For PICTON, Daily at 3 p.m.
The stage runs to Belleville about noon each day.

Daily Intelligencer.

BELLEVILLE, TUESDAY, FEB. 10.

City and Vicinity.

LENT.—This solemn season will commence to-morrow.

POLICE.—There were neither prisoners nor traps in the cells last night.

BOARD OF EDUCATION.—A regular meeting of the Board will be held to-night.

TO-NIGHT.—The concert in aid of St. John's Church will take place in the City Hall to-night.

"PRELUDE."—Miss Kate Girard and her dramatic company will produce this new play at the Opera House to-night.

NEW CHURCH.—The new Methodist Church in the 3rd con. of the Township of Thurlow will be dedicated on Sunday next, with appropriate ceremonies.

PRECIOUS.—Mr. H. Hooper, of Clinton, has in his possession a couple of agates and some pearls, all of which were procured from the shores of the lakes in the rear of this county.

ATTENTION.—Many of the trees on the roadways of this city suffer for want of pruning. As they ornament the localities in which they are situated, they should receive proper attention from the hands of the authorities.

MASONIC ENTERTAINMENT.—The entertainment given by the Masonic fraternity last night was successful, the attendance being quite numerous enough for comfort. Dancing was kept up until the morning hours were well advanced.

IRISH RELIEF.—In response to the request of a requisition, the Mayor has called a public meeting to be held in the City Hall on Thursday evening, for the purpose of organizing some scheme towards assisting in the relief of the distress now existing in Ireland.

THE SNOW BLOCKADE.—The delay occasioned the B. & N. H. R. and the G. T. R. trains yesterday was attributable to the snow drifts of Sunday, which were only cleared by the sending of a snow plough and engine from the G. T. R. depot in this city.

MINING.—Mining in the vicinity of Tanworth is being vigorously prosecuted, and good samples of iron, lead, silver and gold have been shown as the product of investigation. The mineral wealth of the district seems unbounded, and with the investment of capital will be largely developed.

OTHERS.—Specimens of red and yellow ochre from the Wallbridge mine in Madoc township are now on exhibition at Clarke & Co.'s drug store. This article is in great demand as a fire-proof paint, and we are informed the supply at the above mines appears inexhaustible. Mr. Clarke has a good opinion of the merits of the article in question, and thinks its use will shortly become very popular.

THE CARNIVAL.—The skating carnival held on the Lorne rink last night was not very largely attended, although the night was fine. There were, however, a good variety of costumes amongst the skaters, though nothing strikingly new or original. The rink was handsomely decorated and well lighted. Another carnival will shortly be held, of which due notice will be given.

OFF THE TRACK.—The Montreal Witness of yesterday says:—"This morning at No. 3 Grand Trunk local passenger train from Brockville, due at Bonaventure Station at 7:15, was approaching St. Ann's Bridge, and within fifteen yards of the entrance, the driving rod of the engine suddenly broke, jerking it off the track. No further damage was done. An auxiliary train at once sent from Point St. Charles and cleared the track—a work which occupied nearly four hours, after which the passengers came on to the city. Had the accident happened a few yards further on, the train must inevitably have been thrown over the bridge, with what consequences it would be difficult to estimate." In consequence of this accident, the express from the east was about five hours late in reaching Belleville last night.

POLICE COURT.—There was no business in Court this morning.

CORRECTION.—The procedure book for which Mr. Helme offered \$100 reward was not that for last month, but for October last.

EXHIBITION.—Hanlan, the champion carman, accompanied by a number of athletes, will give an entertainment in the Opera House to-morrow evening, when he will exhibit the art of rowing in his new rowing machine. The exhibition is a strictly proper one, and therefore ladies need not feel any delicacy in attending it.

BATTERIES' GUIDE.—Batteries' Dominion Railway and Traveller's Guide for February has been received. As yet the time tables of the Grand Junction and Belleville and North Hastings Railways have not found their way into the pages of this publication, though they ought to be there. Published by D. Batteries, 120 St. James Street Montreal. 10 cts. per number.

ATHLETICS.—An entertainment, under the auspices of the directors of the Mechanic's Institute, will be given by Mr. E. W. Johnston, Instructor, and the pupils of the Mechanic's Institute Gymnasium, in the Opera House at a date hereafter to be announced. This will be Mr. Johnston's first appearance in the Opera House, and the entertainment will be of such a character that ladies may attend without fear of having their sense of propriety offended.

TABLEAU VIVANTS.—An entertainment of this character, in aid of the organ fund of Christ Church, took place last night in the Opera House. There was a fair attendance, and the tableaux were neatly arranged and richly presented. A variety of vocal and instrumental music was also given, and some amateurs gave an exhibition of club swinging. The fine piano used on the occasion, manufactured by Knabe, of Baltimore, has been purchased by Mr. H. E. Fillier.

A WARNING.—Mr. Thomas Gardner informs us that yesterday afternoon a little boy who had placed his tongue against the iron fence surrounding a part of the Bridge Street Church, on trying to release himself found that useful member had from the iron and held him fast. Mr. Gardner tried to free the boy, but found his efforts futile, and went into the church for water, but on his return found the boy gone, but there was blood on the fence. This case should prove a warning to all youngsters to refrain from following the example of the unfortunate child in question.

CONGRATULATIONS.—We extend our hearty congratulations to the Hon. Rilla Flint on the completion of his seventy-fifth year, his birthday having occurred on the 9th. Mr. Flint has had a long, honorable and useful public career, which we trust may be prolonged for many years yet to come, whilst as a citizen of Belleville his has been above reproach, and conducive to the public good, as the bestowal upon him of the highest honors in the gift of his fellow citizens shows. Mr. Flint came to Belleville in 1829. He was elected Chairman of the Board of Police in 1836; entered Parliament in 1847, and was elected as member of the Legislative Council for the Trent District in 1852 over Mr. M. M. Grover and again by acclamation in 1853. He was appointed to the Senate in 1867, and has since occupied a seat in that body.

TO THE EDITOR OF THE INTELLIGENCER.

Sir,—Allow me to correct a slight mistake in your report of the meeting of the City Council in your issue of the 9th inst.

The recommendation of the Board of Health was as follows:—

"That in future the sanitary relations of the City be placed under the charge of a properly qualified Medical Officer, to be Health Officer, and that there be associated with him two Commissioners, one from the Council and the other from the public, to be forming a Board of Health under the requirements of the Act, and that the Medical Officer alone receive any remuneration for his services on said Board."

Yours respectfully,
JAMES T. BELL,
Chairman, Board of Health.

From Ottawa.

OTTAWA, Feb. 7.—The Canada Gazette to-day contains an extract from the Imperial Act, confirming marriages solemnized on board Her Majesty's ships.

Cadets for the Royal Military College, after the 1st January, 1881, must be 15 to 18 years old before their entrance examination. Cadets on graduated list are appointed Lieutenants in the militia, and get promotion by seniority, but they must attend the annual drill of some corps. To see as there are a sufficient number of eligible graduates permanent appointments to the militia will be made solely from this list.

A and B Batteries Schools of Gunners will be established at Kingston.

BELLEVILLE, WEDNESDAY, FEB. 11.

A Suggestion.

The Fire Department is one of the most important departments in the City Government, being very expensive to maintain; and yet it is not by any means so efficient as it ought to be, considering the large annual expenditure. This is not owing to any fault of the men who compose the Brigade, nor to the lack of efficient appliances, but to the fact that, owing to the limited nature of the water supply, fully one-third or not more of the most valuable property in the city is entirely without protection from the ravages of fire. This includes the whole district from John Street (it might almost be said from Church Street) eastward, on the east side of the river, and from Isabel and Murney Streets westward, on the western acclivity. The remedy for this lamentable state of affairs is the erection of a number of tanks at a suitable distance apart, for the storage of water for fire purposes. It is not probable that the cost involved in placing such tanks would be very large, and although the Chief Engineer and the press have repeatedly urged their erection, the Council have never seen fit to take the necessary action, nor so far as we know to ascertain what the expense would amount to.

Now is a favorable time to carry out this project. The Fire Committee have been authorized to procure 1,000 feet of new rubber hose at \$20 per foot, or a total cost of \$20,000. We have reason to believe that, were it not that in many cases the leads required are so long as to render necessary an undue pressure upon the hose, but little, if any new hose, would be required. Therefore, as the length of the leads could be reduced very largely by placing tanks upon the hills, why not take the \$20,000 which it is proposed to lay out in that way and devote it to the erection of tanks, as far as it will go, instead of the purchase of hose? By doing so, protection from fire would be given to a very large district which does not now, but is entitled to, enjoy it, and besides, the investment would be of a far more permanent character by adopting the alternative which we propose, as the tanks would certainly last very much longer than would the hose.

We hope that if the order for the hose has not been forwarded, the Committee will reserve it, consider the suggestion made, and report at the next meeting of the Council.

The Murray Canal.

The following petition has been prepared for circulation in the municipalities interested in the construction of the Murray Canal:

To His Excellency Sir John Douglas Sutherland, Knight of the Most Honorable the Order of St. Michael and St. George, Governor General of Canada, and Vice-Admiral of the same, &c., &c., &c.

To the Honorable the Senate of the Dominion of Canada:

To the Honorable the House of Commons of the Dominion of Canada in Parliament assembled:

The Petition of the undersigned Electors of the County of York, and of the County of the Province of Ontario, and Dominion of Canada, Humbly Sheweth:

1. That the construction of the Murray Canal connecting the waters of Lake Ontario with the Bay of Quinte, is very much needed in the interests of the trade of the country.

2. That the cost of the construction will be small, on account of the shortness of the cutting, and the level nature of the country, and no work, in the opinion of your petitioners, would be productive of so many and important local and general benefits for so small an expenditure as the building of the Murray Canal.

3. That lands were set apart for its construction years ago, which were afterwards sold by other parties, so that your petitioners submit that they have a strong claim for right of use for an appropriation sufficient to build this small but important work.

4. That the saving of life, of personal property, and of insurance would be greatly promoted by the building of this Canal, because statistics show that three-fourths of all the marine disasters on Lake Ontario occur east of Oswego Lake.

5. That the Bay of Quinte is really the head of River St. Lawrence, and that, therefore, so that if this short cut were made it would afford an additional outlet for the waters of the St. Lawrence, and a single tug could take three or four barges in perfect safety to the lake of ocean going vessels at Montreal.

6. In connection your petitioners further beg to represent that the cutting of this short Canal would result in making the Bay of Quinte a harbor of refuge on a large scale, and in case of war (which we hope is far distant) it would be of vast importance in a military and naval point of view.

Your petitioners therefore pray, that such action may be taken in this matter as will secure the speedy construction of this inexpensive, but most important work.

And your petitioners are in duty bound will ever pray, &c., &c., &c.

Revival Services.

MR. HAMMOND'S MEETINGS.

TUESDAY AFTERNOON'S MEETING.

The afternoon meeting took place in the Bridge St. M. Church, before a goodly audience, a very large proportion being children.

After singing a hymn, Mr. Hammond came forward and said he was glad to see so many children present with their hymn books. Another hymn was sung at his request, and the rendering of others followed.

The meeting engaged in audible prayer, and after that Mr. Hammond addressed the children. The children, as they sat, were divided into sections, which were presided over by Sabbath School teachers. The discourse was particularly addressed to the youthful portion of the audience, and was listened to by them with attention. Anecdotes and pictured illustrations adorned his remarks, and highly delighted his listeners. He pictured his visit to the vicinity of the place of the crucifixion, having gone, he said, 5,000 miles to see it. He depicted the scene at the cross, the insults offered our Saviour, and how the mob spat upon him and finally placed a crown of thorns upon his head. We must believe in Him who bore our sins in his own body upon the tree. He asked for the conversion of children, and invoked the blessing of Jesus upon them. He expressed himself as truly pleased with the results of yesterday's meeting, and was confident that many had been converted to Jesus.

Prayer was again offered by Mr. Hammond, all joining. The meeting closed with the usual exercises.

WEDNESDAY MORNING'S MEETING.

The first half hour was spent in singing. The hymns and the tunes are so simple that almost anyone can learn them, and as a result very general and hearty singing is heard.

The subject for the Bible Reading was the same as on Monday morning, "the elements of prevailing prayer."

Mr. Hammond dwelt specially on Acts 1, 1, Acts 1, 2 and 37. God's willingness to come suddenly, when, like the disciples at Jerusalem, God's people are "with one accord" waiting and expecting His coming. He related a number of instances which had come under his own observation in which God had come suddenly, and how His presence had accomplished marvellous things. Next he dwelt on Acts 4, how God gives utterance to those who ask Him, and how, when endowed with the power of the Holy Spirit, men and women, boys and girls, are given words to say and the spirit in which to say them. He then read extracts from the St. Catharines News and Journal, also from letters, showing how the revival was progressing. "No telling where the work would stop." "Fully nine hundred had professed conversion." A letter was also read from Mr. J. W. Carman, formerly of this city, telling of the marvels of grace and of the effects the revival was exerting in every class of society.

Those who had special prayers to ask for themselves or others were now given an opportunity to do so. Amongst numerous requests were the following: "For 23 young men," "for a lawyer," "for the students yet unconverted of Albert University," "for a drunken father," "for seven families in not one of which was there a professing Christian," "for a father and two sisters," "for a son," &c., &c.

Testimonies were next given as to the result of the open air meeting, several told of men convinced of sin while listening to the remarks.

A praise and thanksgiving meeting was next held. Thanks were given for the Holy Spirit's influence at yesterday afternoon's meeting, several relating instances of men and women, having come to the meeting careless and indifferent, and whilst there having been led to thoughtfulness and prayer. Thanks were given by a young man for his own conversion last night. Numbers gave thanks for God's Spirit on their hearts leading them to conversion and work.

Mr. Hammond called for volunteers to visit every street in the city and to invite all to the meetings in Bridge St. Church this afternoon and evening. Instantly people rose and agreed to take this street and that street. Judging by the enthusiasm, there will be considerable "calling" done in our city during the next few days.

News Condensed.

Seven firemen were crushed by the falling wall of the County Clerk's office in Albany, which was burned on the 10th. One man died and two or three others are injured beyond hope of recovery.

Underlook & Co. are said to have deposited in the Bank of Montreal \$1,500,000 the credit of the Government to ensure the fulfilment of their contract on the Pacific Railway.

Many of the departmental reports have been received and will be ready for distribution on the opening of Parliament.

James Cameron, an engine driver, was fatally injured by a run-off on the Picton (N.S.) railway on the 10th.

Dr. Schell's household. Ald. Brown's residence in Ottawa for \$22,000.

Eight persons were burnt to death, and thirteen seriously injured, by the Dublin Theatre Royal fire on Monday evening.

Ald. George Harris of Ottawa has contracted to ship 15,000,000 feet of lumber to Burlington, Vt. next summer.

It is said that Mr. Campbell of Whistly and his separated wife arrived at a settlement of their claims, and that no proceedings for a divorce will be urged.

Francisco Otero, who attempted to assassinate the King of Spain at Madrid, has been sentenced to suffer death by the garrote or strangulation.

THE LATE LIEUT. GOVERNOR CHANDLER. A telegram from St. John, N.B., on the 10th says:—"The remains of the late Lieutenant-Governor Chandler were taken to Dorchester by the morning express today, being escorted to the station by the civic authorities and citizens. The leading men of the town and surrounding country were present to pay the last tribute to the deceased. The body was taken to the Chandler homestead and there lay in state until 4 p.m. when the funeral took place. The procession was a lengthy one."

MORNING DESPATCHES. AMERICAN.

NEW HAVEN, Feb. 11.—It is authoritative-ly stated that Hayden will be again tried for the murder of Mary Stannard. No expert testimony will be introduced and the expected trial will not last over ten days.

HARTFORD, Feb. 11.—A panic was created by the settling of a gallery containing 300 people at the new armory during a reception last evening. Women fainted amidst the intense excitement. The gallery dropped several inches. The iron anchors saved it and prevented a terrible loss of life.

HANCOCK, Va., Feb. 11.—Louisa Wise and Margaret Downing, strong healthy country girls and rivals for the possession of the same lover, met and fought desperately on Saturday. Miss Wise was struck twice on the head with a club and Miss Downing was stabbed in the breast and face with a pitchfork. Both finally dropped insensible. There is little hope of their recovery. The young man has fled.

BALTIMORE, Feb. 11.—Capt. Auld, formerly the owner of Fred Douglas before the late, escaped from slavery, died near St. Michael's on Saturday, aged 85.

NEW YORK, Feb. 11.—The Times Baltimore special says that John Allan, a prominent grain dealer, who disappeared on Thursday, is still missing. It is discovered that he is a defaulter to a small amount, but not enough to cause his flight. It is supposed that domestic troubles led to his flight and possible suicide.

Whitehall, N.Y., Feb. 11.—The Tribune, yesterday sent the fifth party of children from New York to homes in the west. The party consists of 21 boys and 3 girls.

Ex-Indian commissioner Hoyt, in his card to the public, charges Gen. Fisk with having tried to manufacture public sentiment against him. Fisk, he intimates, was a friend and supporter of persons trying to defraud the Government.

NEW YORK, Feb. 11.—Walter P. Worrall, a young man who gave himself up as a vagrant in December last, and was committed to goal, where he has since been employed as cook, turns out to be the son of an iron founder who died recently worth \$200,000, of which \$50,000 is held in trust for Walter.

The paintings belonging to the estate of the late Mrs. Benjamin Nathan, which were sold at auction yesterday, realized over \$30,000. Boughers' "Crossing the Stream," brought \$6,000, and Zamoac's "Rivals" \$4,500.

The Herald's Irish fund amounts to over \$144,000. \$3,500 was subscribed yesterday. The suit of Cornelius J. Vanderbilt for the appointment of a trustee of the former's property in place of his brother William, which was decided against Pitt, will be appealed. It is believed the whole dispute over Commodore's estate will be re-opened.

Nine leading theatre managers, including Henry E. Abbey, of the Park, J. Haverley, of Haverley's, and Tony Pastor, unite in invitation to the managers of other cities to devote St. Patrick's day to entertainments for the benefit of the Irish relief fund.

The annual report of the Board of Education shows that a quarter million of children were taught in this city last year at a cost of \$4,000,000.

FROM NAPANEE.

SUDDEN DEATH.

NAPANEE, Feb. 11.—Henry Hancock, colored, dropped dead on the street yesterday. He was apparently in good health. The bursting of a blood vessel is supposed to have caused his death.

Laid up.

The Ottawa Free Press says:—"Mr. Charles Arnold, the enterprising business manager of Mr. McDowell's Company, is laid up in Cornwall with an attack of erysipelas. Mr. Arnold's many friends will be glad to learn that the attack is not considered serious, and it is hoped he will be able to rejoin the company shortly in Montreal."

LOST.

ON Sunday evening, between the Bridge Street Methodist Church and South John St., a Mink BOA. The finder will oblige by leaving the same at Muir & Lawrence's Fur Store.

DR. J. D. STEWART, M.D.,

Oculist and Aurist.

Will be at the DAFOE HOUSE, Room No. 25, professionally, from Monday the 9th February, until Saturday Evening, February 28th.

Arrive in Picton 9:00 a.m. and 3:15 p.m.
Leave Picton 9:30 a.m. and 4:00 p.m.
Arrive in Belleville 11:15 a.m. and 6:00 p.m.

STAGE ROUTES.

Stage leaves the principal hotels for the un-
dermentioned places at the hours named:

For Stratford—Daily, at 8 a.m., and 3 p.m.
For Markham—Daily, at 2 p.m.
For Barrowville—Daily, at 4 p.m.
For Toronto—Daily, at 3 p.m.
For Picton—Daily, at 3 p.m.

The stages arrive in Belleville about noon each day.

PERSONAL.—Dr. Sproule, M. P. for East Grey, was in town today on his way to Ottawa.

THAT \$100 REWARD.—The procedure book for which Mr. Hulme offered \$100 reward was stolen last October, and on January, as appeared in the advertisement, the mistake occurring through a misprint.

THE LUCAN TRAGEDY.—Evidence taken before the Magistrate at Lucan on the 10th shows that there is nothing to criminate the Donnelly's in regard to the firing of Ryder's premises, which was charged against them.

WOOD.—Now that the roads are in good condition, the deliveries of cord-wood are large. Dry hardwood ranges from \$3.25 to \$3.50 per cord and green hardwood 2 1/2 cts. less. Soft wood sells at \$2 to \$2.50 per cord.

APPOINTMENT.—It is authoritatively stated that the Hon. R. D. Wilnot, Speaker of the Senate, has been appointed Lieutenant Governor of New Brunswick.

Hon. D. L. Macpherson becomes Speaker of the Senate with a seat in the Cabinet, and Mr. John Boyd, of St. John, N. B., succeeds Mr. Wilnot in the Senate.

PERSONAL.—Hon. Billie Flint, John White and James Brown, M. P., left today for Ottawa to assume their seasonal duties in the Dominion Parliament, which opens at Ottawa tomorrow.

Hon. Robert Read and Mr. McQuig, M. P., will go by to-night's train.

SUICIDE.—A sad case of suicide took place at Barrie on the 10th. A Miss Mary Munro, aged 23, took about two teaspoonfuls of Paris green, and died a very short time after, notwithstanding prompt medical assistance. It is supposed the deed was committed during mental derangement.

CHALLENGE WITHDRAWN.—A cable despatch from London on the 10th says: "The Sportsman announces that Boyd positively refuses to challenge Hanlan at present, on account of the requirements of his business. Barrow accordingly withdrew the challenge published yesterday."

NEW PARTNERSHIP.—The Kingston Whig says: "Mr. Shannon has disposed of his interest in the New office as a necessary consequence of his appointment to the postmaster's office. His son, Mr. Lewis W. Shannon, takes an interest in the business, the firm to be still known as 'Shannon & Meek,' but the latter, as senior, becoming manager." We wish our respected and able contemporary continued success under the auspices of the new firm.

TAYLOR V. TAYLOR.—In the Court of Chancery, Toronto, on the 10th, Boyd, QC, and Wells, for defendant, Wallbridge moved to vary the decree herein. Moss and Dickson, for plaintiff, consent. The decree was pronounced in 1874, and went to rehearing, then to the Court of Appeal, and afterwards to the Supreme Court without the defendant raising any objections to the terms of the decree, but now submitted that new evidence had been discovered, showing certain payments to have been made which were before a matter of doubt. The learned Vice-Chancellor refused to vary the decree at this stage, as it appeared to properly carry out the terms of the judgment.

"PREJUDICE."—The audience which attended the Kate Girard dramatic company's performance last night was not large, but it was larger than the merits of the performance deserved. Miss Girard is monotonous in her elocution, painfully drawing in her utterance and unnecessarily walling in her intonation. Besides this, she is stilted in action and crude in gesture, and in all far from acceptable as a "star." The support generally was but poor. Messrs. Harry Eyttinge and Lewis Baker being notable exceptions. The play itself is not a work of much literary merit, although calculated to please the masses, and the insufficiency of the light last night prevented a thoroughly satisfactory presentation of the clever transparency scene in the third act.

RECIPROCITY.—Says the Montreal Gazette: "There is some little interest being manifested in the United States in a renewal of the reciprocity treaty with Canada, but it is not sufficiently widespread to warrant the belief in an early resumption of negotiations to that end. Mr. Charles Powers and Henry T. Woods, representatives of the Washington board of trade, have arrived at Boston to urge favorable action on the measure introduced by Representative Morse before the committee on foreign affairs, looking to the appointment of a commission to be appointed by the British government with regard to a reciprocity treaty between the United States and Canada."

SUGAR BEET CULTURE.—The following paragraph is of much interest to those farmers in this vicinity who are preparing to embark in the experiment of cultivating the sugar beet: "Last summer an extensive experiment was made by the farmers of New Brunswick in the cultivation of the sugar beet, and the results have been made known at a general meeting held by those agriculturists at Sussex, in that province, the other day. The great weight of testimony given was decidedly against sugar producing or stock feeding purposes. This is considered surprising, as the soil and climate of New Brunswick are regarded as well adapted to the growth of roots. It is thought the experiment was not thoroughly carried out, and that something in the seed or mode of culture is accountable for the failure." It will be well for those interested to inquire into the facts as to the alleged failure of the experiment in New Brunswick, and to govern themselves accordingly.

Police Court.

(Before His Worship the Mayor.)

WEDNESDAY FEB. 11.

Robert Logan, alias McLaughlin, alias Dunn, an old soldier, was brought before the Court on the above charge. He was adjudged guilty and was fined \$1.00 and costs ten days in jail.

Imperial Parliament.

LONDON, Feb. 10.

The amendment to the address was negatived by a vote of 210 to 60, and the Address was agreed to. Four Irish Liberals, 24 Liberals and 38 Home Rulers voted in the minority. Davitt, Killen, and other members of the Irish Land League, were in the galleries during the debate.

Mr. Nolan's (Home Ruler) Seed Potatoes Bill was read a second time, Sir S. Northcott stating that the Government accepted the principle of the measure. Nolan's motion for an adjournment to enquire as to the best means of diminishing the frequency and extent of failures in the potato crop was agreed to.

In the House of Lords Lord Granville declared whether it were true that the Government relieved Persia from engagements relative to Herat.

Lord Beaconsfield.—There is no foundation for the statement. Steps for the settlement of affairs in Afghanistan have already in many instances been taken with success. During the progress, proper communications were interchanged with Persia concerning the North-Eastern frontier, but nothing has been concluded. It would be dangerous to admit and injurious to present the papers on the subject now.

To the Editor of the Intelligencer.

Sir,—As my name appeared in the report from the Woman's Christian Association last night as having donated 25s, I wish to say that I did not contribute anything, never having been asked for a subscription on their behalf.

Yours truly,

JOHN DOYLE.

Belleville, Feb. 11, 1880.

COMMERCIAL NOTES.

The Montreal *Witness* of the 10th reports the markets in that city as follows:

DAIRY PRODUCE.—Butter, receipts, 180 packages. There is no business doing except for local jobbers are picking up small lots at 17 to 20c; Townships having been sold at the latter figure yesterday. Cheese is firm at 13 to 15c per lb.

Eggs are selling at 15c to 16c per dozen in cases. Lard is at 13c to 14c.

DRESSED POTATOES is quiet. Turkeys, 6c to 7c; Geese, 4c to 5c; Chickens, 5c to 6c; Ducks, 6c to 7c.

DRESSED HOGS are beginning to come in again, the receipts yesterday being, however, small, only 17. Good firm hogs are quoted at \$5.55 to \$5.85; poor conditioned not bringing over \$5.25. Mess Pork sells at about \$15.00 to \$17. Lard quiet, 10c to 11c for Canadian tubs and lard. Smoked meats quiet; Hams, 11c to 12c; Bacon, 8c to 9c.

Clover seed is quoted at from \$4.35 to \$4.50.

The trade in horses for the American market is very brisk at present, owing to the presence of near a score of American buyers in the city. The shipments of horses from this city across the lines last week were 108 horses, an average of \$20.33 each. Yesterday 68 horses were shipped from here, costing in all \$5,524.50, but four of these were superior hogs for breeding purposes, which cost nearly \$500 each. Mr. Maguire has sold a good many horses at the city horse market lately, but they were nearly all purchased by Americans. The local trade is very quiet with scarcely any sales being made.

POTATOES.—Advices from Liverpool by cable state that potatoes are selling there at 4 to 6 p.c.

Wheat.—The value of hops imported from Great Britain during the past eleven months amounted to \$1,129,775, against \$545,204 for the same period of the previous year.

WEATHER REPORTS.

TORONTO, Feb. 11.—Probabilities for the next twenty-four hours: For the lower lakes, moderate to fresh easterly to southerly wind, partly cloudy to cloudy milder weather, followed by rain, rain, or snow.

WASHINGTON, Feb. 11.—Indications: For lower lakes, warmer, cloudy, followed by rain or snow.

"TREASURY," the new powder for whitening the teeth, stimulating the mouth and purifying the breath; the brightest, nearest, costliest toilet gem extant. Ask your druggist for "Treasury." Price 35c. d.w.

An Honest Medicine Free of Charge.

Of all medicines advertised to cure any affection of the Throat, Chest, or Lungs, we know of none we can recommend so highly as DR. KING'S NEW DISCOVERY for Consumption, Coughs, Colds, Asthma, Bronchitis, Hay Fever, Hoarseness, tickling in the throat, loss of voice, etc. This medicine does positively cure, and that where everything else has failed. No matter how long the disease has been positive and permanent cures as have already been effected by this truly wonderful remedy. For Asthma and Bronchitis it is a perfect cure, curing in very short time, in the shortest time possible. We say by all means give it a trial. Trial bottles free. Regd. U.S. Pat. For sale by JAMES CLARKE & CO.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Tetter, Chapped Hands, Chills, Corns, and all other eruptions of the skin. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25c per box. For sale by J. A. Clarke & Co.

THE NEW CORSET.

Meets with Universal Approval and Adoption.

PERFECT ADJUSTABLE FIT.

THE MOST ATTRACTIVE AND LASTING CORSET EVER DESIGNED.

THIS new and improved Corset is adjusted by a semi-circular or Elliptical Lacing over the hips, thus avoiding the disagreeable and sometimes painful constriction which is found in the Corsets now in use. The facility with which it adjusts itself to forms of different build and size, and the great comfort and ease with which it may be worn, are features which are displayed to much greater advantage, and cannot be proved a valuable acquisition to the wardrobe of every woman. The improved system of lacing employed in the Semi-circular Adjustable Hip Corset, prevents the wear and tear which other styles are so liable to, and as the wearing strains are equalized and distributed over the entire Corset, they will be found to last three times the ordinary style of Corsets in present use.

It is only necessary to bring this new and improved style of Corset under observation of the ladies, to at once win their date endorsement and approval, as its many points of excellence cannot fail to arrest instant recognition and adoption. ASK TO SEE THEM.

BELLEVILLE MARKETS.

INTERVIEWER OFFICE.

Belleville, Feb. 11, 1880.

There are several slight changes to note in the family market, all of which are recorded below.

Receipts of grain are light, as the prices do not appear to meet the views of the sellers, although the date and the inferior qualities of the grain are rather slow to move.

Hides are rather lower, and Hay is also the turn lower.

Prices to-day were as follows:

FALL WHEAT—\$1.20 to \$1.25.

SPRING WHEAT—\$1.20 to \$1.25.

BARLEY—No. 1, 60c; No. 2, 55c.

RYE—70c.

PAW—55c to 60c.

BUCKWHEAT—50c.

CLOVER SEED—\$5.00.

MUTTON—4c to 5c per pound.

HAMS—8c to 10c.

SPRINKLED HOGS—\$5.50 to \$5.80.

DRESSED BUTTER—\$3.00 to \$3.50.

BUTTER—No. 1, 17c to 20c.

BUTTER—No. 2, nominally 16c to 18c.

EGGS—15c to 18c per dozen.

HIDES—\$7.50.

SHEEP—\$1.50 to \$2.00.

WOOL—25c.

LARD—30c to 35c.

TALLOW—Rough, 35c.

TRUCKS—No. 1, 40c to 45c.

CABBAGE—40c per bag.

POTATOES—45c to 50c per bag.

WHEAT—45c to 50c per bag.

FLOUR—Wholemeal, \$6.00 per bbl.

PRO—Retail, \$6.50 per bbl.

WHEAT—45c to 50c per bag.

CHICKENS—30c to 40c per pair.

DUCKS—30c to 40c per pair.

GESE—30c to 40c per pair.

TURKEYS—50c to \$1.00.

TORONTO MARKET.

TORONTO, Feb. 11.—Fall wheat, No. 1, \$1.20 to \$1.25; No. 2, \$1.15 to \$1.20; No. 3, \$1.10 to \$1.15; No. 4, \$1.05 to \$1.10; No. 5, \$1.00 to \$1.05; No. 6, \$0.95 to \$1.00; No. 7, \$0.90 to \$0.95; No. 8, \$0.85 to \$0.90; No. 9, \$0.80 to \$0.85; No. 10, \$0.75 to \$0.80; No. 11, \$0.70 to \$0.75; No. 12, \$0.65 to \$0.70; No. 13, \$0.60 to \$0.65; No. 14, \$0.55 to \$0.60; No. 15, \$0.50 to \$0.55; No. 16, \$0.45 to \$0.50; No. 17, \$0.40 to \$0.45; No. 18, \$0.35 to \$0.40; No. 19, \$0.30 to \$0.35; No. 20, \$0.25 to \$0.30; No. 21, \$0.20 to \$0.25; No. 22, \$0.15 to \$0.20; No. 23, \$0.10 to \$0.15; No. 24, \$0.05 to \$0.10; No. 25, \$0.00 to \$0.05; No. 26, \$0.00 to \$0.05; No. 27, \$0.00 to \$0.05; No. 28, \$0.00 to \$0.05; No. 29, \$0.00 to \$0.05; No. 30, \$0.00 to \$0.05; No. 31, \$0.00 to \$0.05; No. 32, \$0.00 to \$0.05; No. 33, \$0.00 to \$0.05; No. 34, \$0.00 to \$0.05; No. 35, \$0.00 to \$0.05; No. 36, \$0.00 to \$0.05; No. 37, \$0.00 to \$0.05; No. 38, \$0.00 to \$0.05; No. 39, \$0.00 to \$0.05; No. 40, \$0.00 to \$0.05; No. 41, \$0.00 to \$0.05; No. 42, \$0.00 to \$0.05; No. 43, \$0.00 to \$0.05; No. 44, \$0.00 to \$0.05; No. 45, \$0.00 to \$0.05; No. 46, \$0.00 to \$0.05; No. 47, \$0.00 to \$0.05; No. 48, \$0.00 to \$0.05; No. 49, \$0.00 to \$0.05; No. 50, \$0.00 to \$0.05; No. 51, \$0.00 to \$0.05; No. 52, \$0.00 to \$0.05; No. 53, \$0.00 to \$0.05; No. 54, \$0.00 to \$0.05; No. 55, \$0.00 to \$0.05; No. 56, \$0.00 to \$0.05; No. 57, \$0.00 to \$0.05; No. 58, \$0.00 to \$0.05; No. 59, \$0.00 to \$0.05

Canada Royal Benefit Society.

THIS Society is for all insurable persons. For those of small means as well as for the rich; for the laborer, the industrial and the professional. It is based upon sound commercial and economical principles, and is wholly free from secrets and expensive ceremonies, with which many of the benevolent societies of the present day are encumbered.

The benefit branch secures for its members medical attendance and \$5 per week in case of sickness or accident, and \$500 in case of death, with a provision for one half of the \$500 being paid should a member become totally disabled through sickness or accident at an earlier period.

The tables of fees have been drawn up with the greatest care, making due allowance for the difference of age at the time of joining the Society.

From a careful inspection of the Society's By-Laws it will be seen that the greatest possible advantages are offered for the premiums paid.

The following table of fees will be of interest to those desiring to join this Society:-

Age on Entrance Annual Assessment Retiring.

Daily Intelligence.

The Ontario Legislature.

TUESDAY, Feb. 10. Mr. Hardy in moving the second reading of the bill to extend the jurisdiction of Division Courts, said that it was proposed to increase the jurisdiction of Division Courts from \$100 to \$200 in that class of cases where promissory notes, mortgages or other written agreements have been signed by the debtor. Ordinary cases of debt and recovery were increased from \$50 to \$100. In order that the character of the bill should be made as plain as possible, it was provided that cases involving claims of over \$100 should be placed at the foot of the list, and in special cases. Where an agreement had been made to pay a certain sum, the case might be tried in the division in which that place of payment was situated, subject to a standard being made on application to the defendant, and upon his showing that the case can be more conveniently tried in a higher court. By consent of both parties, the case might be tried in a division. Where a case might be tried in a division or in a higher court, having confidence in his clerk or bailiff, would not care to sit upon any case in which the defendant was a party. In cases involving claims for more than \$100, the judge might direct a jury of five, or not in any case more than \$10, to be sworn by the attorney for the plaintiff. The legal proceedings throughout the Province would consider this any fee at all, particularly where a large case occupying all day, but the Government had thought it advisable to make this provision, with a view of keeping the fees as low as possible. It was argued by some that no provision should be made for payment of a fee to an attorney, as it would destroy the distinctive character of the Court. But the Government believed that it would rather tend to maintain this character, particularly in cases where it appeared that there was no reasonable defence. In cases where the claim exceeded \$100 an appeal would lie, and the case would be found in practice that such appeals would be very few in number. Upon a certified copy of the evidence being filed before the Court of Appeal, the trial on appeal would be conducted by the judge of the Court of Appeal, who would sit weekly, and the total amount of costs, excluding actual disbursements, was not to exceed \$10. This would prevent attorneys from advising applicants simply to make costs. It was just as well to make the appeals simple as they were, and encourage suitors to go to the Court of Appeal, and not to the Court of Sessions. The Bill provided also for the division powers, etc., of the Inspector of the Division Courts. This officer had been appointed under John Sandford Macdonald, and he was to be regarded as a useful and necessary officer. There was in each county four or five judges, and the number of judges had been thought while the officers under the jurisdiction of the Court of Appeal were appointed by the Government, that there was no reason why the appointment of judges should be made in towns, cities and villages should be vested in the Lieutenant-Governor. The appointment of judges should be made by the Lieutenant-Governor, and the number of judges should be increased to five in each county. The Government proposed to make certain changes in the jury laws of the Division Courts. It was not proposed to do away with juries in the Division Courts, but to provide that where they were called on these juries from year to year should get reasonable remuneration for their services. It was provided that each juror should receive one dollar per day. It was proposed to establish a jury fund by imposing a tax on all suits coming for trial. By fixing a tax of five cents on all cases involving sums between \$20 and \$50; on sums from \$50 to \$100, ten cents; and on all sums over \$100, twenty-five cents, by this means a jury fund would be formed out of about \$8,000. While it might be fairly conceded that better justice might be obtained in County Courts than in the Division Courts, nevertheless there were several advantages in connection with the latter, such as speedy justice, less distance to travel and less expense - which made them essentially the more useful. While the regulation increasing the jurisdiction to \$200, the old functions of the Division Courts were not to be a very large extent changed, the new Act provided that the jurisdiction of cases admitted should not be taken up until the cases were disposed of. He thought the old jurisdiction should be a single judge of Queen's Bench or Common Pleas. He advocated the introduction of a clause providing that no appeal should lie unless the parties had given notice before the case was heard of their intention to appeal. This would obviate the trouble and delay of taking the evidence in the Division Courts. By the new Act, the position had been session after session protested against the continuation of an Inspector of Division Courts. The new system was appointed, and now since the abolition of that system the office of Inspector might be done away with. The new system was appointed, and now since the abolition of that system the office of Inspector might be done away with. The new system was appointed, and now since the abolition of that system the office of Inspector might be done away with.

Patents.
In connection with the Scientific American, Messrs. MUNN & CO., are Solicitors of American and Foreign Patents, have had 25 years of experience, and now have the largest establishment in the world. Patents are obtained on the best terms. A special notice is made in the Scientific American of all inventions patented through this Agency, with full name and residence of the Patentee. By the immense circulation this given, public attention is directed to the merits of the new patent and sale or introduction often easily effected.

Any person who has made a new discovery or invention, or has conceived of a new machine, whether a patent can probably be obtained, by writing to MUNN & CO. We will send free our Manual Book, the Patent Law, the Patent Process, Trade-Marks, the rights, and how to procure them, and preparing a full and complete plan. Address for the Paper, or correspondence, MUNN & CO., 37 Park Row, New York.

Branch Office, P. O. Box 74, St. Louis, Mo., U. S. A.

CALL FOR THE GREAT
Sierra Nevada Smoking!
At McDonald's Tobacco Store, one of the most delicious aromas, over smoked, Cigar, Cigarettes, and all the best brands of Smoking and Smoking pipes are sold at our store.

M. L. SMITH, Arkona, Ont.

\$5 to \$20 per day & a quarter per year, in any sum, for any time.

LAME BACK, WEAK BACK.

BENSON'S CAPSICUM POROUS PLASTER.
Overwhelming evidence of their superiority over all other plasters. It is everywhere recommended by Physicians, Druggists and the Press.

The manufacturers received a special award at the Centennial Exposition, 1876, for the only plaster given for porous plaster at the Centennial Exposition, 1876.

Their great merit lies in the fact that they are the only plasters which relieve at once.

Every one suffering from RHEUMATISM, LAME BACK, OR WEAK BACK, COLD ON THE CHEST, COLIC, or any local pain or ache, should use Benson's Capsicum Porous Plaster, and be relieved at once. Price 25 cts. Sold by all Druggists.

GRAND JUNCTION AND BELLEVILLE & NORTH HASTINGS RAILWAYS.

ON and after Monday, November 1st, Trains will run daily as follows:—

Leave Belleville for Striving, Campbellford, and Hastings, at 3:30 p. m.
Arrive from Madoc and way stations at 10 a. m.

Trains are run by Belleville time.

Oct. 29, 1879.

Established 1850.

HAMBLY'S

Bakery and Confectionery.

CYSTERS! OYSTERS! OYSTERS!

THE weather is now getting settled, and this delicacy will come to hand in good condition, and the public may rely on getting a reliable article, and as cheap as at ANY OTHER PLACE in this City. I shall have a small lot

In Fresh this Evening,
which will be sold by THE CAN or LOT at LOWEST PRICES, or

Served up in the Oyster-room
in the different styles. Having gone to great expense in fitting up my apartment especially for Ladies and Ladies accompanied by Gentlemen. I hope to merit their esteemed patronage.

The Gentlemen's apartment is an entirely new addition to the business, and will be found large, lofty and clean. Every effort will be made to please.

THE BIDDULPH TRAGEDY.

Re-opening of the Inquest.

The Boy Connors Identifies Three of the Vigilantes.

AN ADJOURNMENT FOR A WEEK.

The inquest touching the murder of the Donnelly family was opened before Coroner Hesketh at Lucas on the 11th inst.

The medical evidence as to the post mortem and that of a constable as to the finding of the bodies having been taken, the boy Connors was sworn and testified as follows:

John Connors was then placed in the witness box and asked if he knew what would happen to him if he swore to a lie, and he replied that he would be damned.

He then swore, and gave the following startling evidence:—I live in Lucas. Thomas Donnelly came to my father's on Sunday afternoon of last week to get a cutter to go to Granton on the following Wednesday.

He was at our place about half-past 3 or 4 o'clock. The Donnelly family came down to our house to get something left there, and he asked my father or my mother to let me go down to "feed the things" when they were away at Granton. My sister came over from Mr. Hesketh's, where I was working, and told me my father wanted me. My mother told me to put on my overcoat and go down with Mr. Donnelly and "feed the things" while they were at Granton. I went to Mr. Donnelly's, where he was working, and told me my father wanted me. My mother told me to put on my overcoat and go down with Mr. Donnelly and "feed the things" while they were at Granton.

I went to Mr. Donnelly's, where he was working, and told me my father wanted me. My mother told me to put on my overcoat and go down with Mr. Donnelly and "feed the things" while they were at Granton.

I went to Mr. Donnelly's, where he was working, and told me my father wanted me. My mother told me to put on my overcoat and go down with Mr. Donnelly and "feed the things" while they were at Granton.

I went to Mr. Donnelly's, where he was working, and told me my father wanted me. My mother told me to put on my overcoat and go down with Mr. Donnelly and "feed the things" while they were at Granton.

Revival Services.

MR. HAMMOND'S MEETINGS.

At the afternoon meetings the services were again conducted for the benefit of children. The services were similar to those held during the preceding afternoon and were productive of much good, as all the little ones appeared to take a deep interest in what was said.

THURSDAY EVENING'S MEETINGS.

After devotional exercises, consisting of singing and prayer, Rev. Mr. Hammond read some verses from the Scriptures and commented briefly thereon, and then spoke in a general way. He related his experience in several places, and cited various instances illustrative of the results of such meetings as these. He asked that all little children be permitted to attend his afternoon meetings, as already his efforts here had resulted in the conversion of two hundred. He requested all parents to bring their children to his meetings, and not to fail to come themselves. It was a greater thing to convert 800 little children than the same number of elderly people, for the latter only had a few days, a few hours, or a few years at most to live.

AFTER A BRIEF PRAYER.

"Happy is the Lord" was sung.

Rev. Mr. Willoughby called the attention of those present to the future meetings.

He regretted the small attendance at the morning services, and invited all who were lovers of the Lord and who sought Christ to be present at the morning meetings.

The Lord is at work and we will see the greatest pouring out of the Spirit that has taken place in the city of Belleville.

With regard to the hymn exercises he asked all to purchase them and have them for themselves, as then they could acquaint themselves with their contents. Let prayer go up to God and it will prevail; go forward; go in the name of Jesus and God will bless you.

Mr. Hammond gave John 3rd, 14 and 15.

"As Moses lifted up the serpent in the wilderness" was the Son of Man lifted up. His chief end is to glorify himself, and in glorifying himself to save the world. The subject he would divide thus, the first was a belief in the subject; second the remedy was sufficient, and thirdly its applicability to the case. Christ is the door of the Church and the door itself is Christ. The Lord's table is only for those who are imbued with the Spirit of God and lead a holy life. As did not wish to speak against any Church, let his words count where they would. None ever experience the truth until the word is brought home to them. Except a man be born of water and of the Spirit, he cannot see the kingdom of God. All must experience a change of heart before they could find a home in heaven. All should be born again and the second death will ensue unless we seek the Holy Spirit and are born again. Little children are the means of bringing many to faith, and their tears and supplications have an effect on fathers and mothers. Unless we realize that we are sinners we cannot go to heaven, for as we are we must seek Him and He is able to save us to the uttermost. The spirit of God comes home to us and makes us believe that He died on Calvary to save us. God forgives sinners, cleanses their hearts and regenerates them and fills them with the Holy Spirit.

After a united prayer singing followed.

During the inquiry meeting his remarks were interspersed with pointed illustrations, most narratives and well told tales, which created a deep impression on the audience, which was the largest that has thus far assembled in this church.

FRIDAY MORNING.

There was a goodly gathering at the meeting in the John St. Church this morning.

After the opening exercises, Mr. Hammond spoke on "Faith and Prayer," and was followed by Mr. Cox. These addresses were very interesting and appropriately illustrated, and listened to with deep attention. About forty requests for prayer, for eighty people, were handed in and read, and responses were made accordingly.

FATAL ACCIDENT.—A telegram from Naperville on the 12th says: "Wm. Peters, of Ernestown, near Odessa, while following his occupation as a clover thresher yesterday, had one of his arms caught in the machinery and was drawn up to the shoulder and lacerated the flesh in a frightful manner, only breaking the bone. He was without medical attention from ten o'clock till six, when Dr. Rutten, of this place, arrived and amputated the arm at the shoulder, but the patient was so weak from loss of blood and the shock, being too much for him that he died half an hour afterwards. He leaves a wife and two or three children."

WEATHER REPORTS.

TORONTO, Feb. 13.—Probabilities for the next twenty-four hours: For the lower lakes, moderate to fresh winds, cloudy weather, with light local showers of rain or snow, followed by fair and slightly colder weather.

WASHINGTON, Feb. 13.—Indications: For lower lakes, colder, threatening rain or snow.

"TANNERY," the new powder for whitening the teeth, stimulating the mouth and purifying the breath; the brightest, nearest, coolest little tooth gem extant. Ask your druggist for "Tannery." Price 35 cents, a dozen.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Tetter, Chapped Hands, Chilblains, Corns, and all kinds of Skin Eruptions. This Salve is guaranteed to give perfect satisfaction in every case, or money refunded. Price 25 cents per box. For sale by J. C. Clark & Co., 45.

We are glad to learn that the "PAIN-KILLER" is having so large a sale in our city.

We have every reason to believe it to be an almost infallible cure for pain, and is a medicine that no family should be without.—Montreal Pilot.

Dr. A. R. SCOVILL, of Cincinnati, says:—"For Coughs and the early stages of Lung and other pulmonary diseases, I have tried many remedies, but I have found that only this medicine, and if every family would keep it by them, ready to administer upon the first appearance of disease about the Lungs, there would be very few cases of fatal consumption."

STRAITFORD, ONT., Aug. 1, 1874.

Having been almost entirely cured of extreme debility through the use of Fowler's Compound Syrup of Hypophosphites, I feel it but just to put it on record. My blood has receded all its vitality, and I have been reduced to three bottles of Fowler's Hypophosphites.

BELLVILLE, SATURDAY, FEB. 14

Reciprocity.

Much as our neighbors south of the line have been disposed to sneer at Canada, to belittle her resources, and look upon her people as a commercial waste, and to regard the people of the United States as causing such enormous conclusions as to our country, a turn has of late taken place in the current of their thoughts. Secure as they were in the command of our markets under the Mackenzie-Cutright tariff—finding that Canada was gradually becoming commercially tributary to them, the governing classes in the United States had come to regard the Dominion and its people as of small consideration, and only of importance as affording a ready market for the surplus and in many cases almost valueless products of their manufactures. They regarded the reciprocity treaty between the countries; they refused to admit Canadian products on anything like equal terms to their markets, laughing at Senator Brown when he went to Washington to beg for a share of their trade, because he had no equivalent to offer them in return; and no doubt they indulged in the belief that our people were too spiritless to resist the commercial domination which they had almost succeeded in establishing, and that some day Canada would tumble into the clutches of the American eagle, a willing sacrifice. But they have proved to be as easily mistaken as was King Louis, who called Canada "a few acres of snow."

It having been shown to the people of the Dominion by the Conservative party that they were being rapidly drifted into annexation by the then tariff, which the Government of the day obstinately refused to amend, the electors pronounced so decisively against that policy, as to call into power an administration who had reversed it completely, and who have opposed to the United States a commercial wall, not so high perhaps, as that from behind which they have carried on their warfare, but sufficient for purposes of defence under present circumstances. The Grit newspapers of course sneered at the idea of four millions of people in Canada covering the forty millions of the United States, but the result has been to justify the bold action of the present Government and to entitle them to credit for prudence. "Brother Jonathan," finding his trade with Canada sadly diminished, and seeing that our tariff offers practically reciprocity in trade or reciprocity in tariffs, has begun to think that perhaps reciprocity in trade is the better of the two alternatives presented to him. Thus we find that the effect of the Tilley tariff has already been to set on foot a movement amongst our neighbors for the re-establishment of a reciprocity treaty between the United States and the Dominion of Canada and Newfoundland. A short time ago a bill was introduced in Congress by Hon. Leopold Morse for the appointment of three commissioners to meet three commissioners from Great Britain for the purpose of arranging the basis of a treaty. A petition is in circulation among the merchants of New York urging Congress to take speedy action on this subject, and we find influential newspapers, such as the *Rockefeller Union* supporting the project as of the highest importance to the commerce of both countries. The journal referred to says:

Under the treaty of 1854, an extensive trade was carried on between the United States and Canada, and it is inevitable that the country derived the greatest advantage from the reciprocal relations. The people of both countries were benefited by the free interchange and a profitable navigation trade was maintained on the lakes. This is a subject of especial interest to people in this locality and all along the coast of Lake Ontario. Since the abrogation of the old reciprocity treaty in 1854 the two countries have prospered greatly in all other respects, the water, each seeming to be afraid of the other. Both are fortified by high protective tariffs, which tend only to depress commerce, enhance the price of such goods as through necessity find a market abroad, and auger the profits of a few manufacturers. The New York Shipping and Commercial List thinks that much as the former treaty was abrogated on notice given by the United States it would be only courtesy on the part of this country to take the initiative steps in the new negotiations.

Such language would not have been held even a year ago, but the N. P. is bringing our neighbors to their senses.

Again we learn that on the 6th inst., the Congressional Committee on Foreign Affairs gave a hearing in regard to the resolution for the appointment of a commission on ascertain and report a basis for a reciprocity treaty between the United States and the British provinces. Mr. Henry F. Woods and Charles Powers appeared before them as delegates for the Boston board of trade. After the delegates had strongly urged the importance of reciprocity with Canada, the members of the Committee expressed themselves favorable to the reduction and it will probably be in the near future that the subject will be brought to a vote on the situation of the New York State Legislature.

lature, as the following is a preamble and concurrent resolution introduced in that body on February 4th by assemblyman Collman, and which is to be taken up at the earliest favorable opportunity:

Whereas, The Hon. Leopold Morse has introduced a bill in Congress for the appointment of a Commission on the Commercial Relations of the United States with Canada;

Whereas, The appointment and investigation of such a commission will tend to produce reciprocal benefits to both countries;

Resolved, (if the Senate concur,) That it is the sense of the Legislature of this State that the Congress take early and favorable action on said bill.

It may be, and probably will be, that these movements to re-establish reciprocity will fail, but the movement has been fairly started, and we believe, rather such force that it will ere long prevail. Meanwhile Canada is prospering under the N. P., and when the proposal for reciprocity comes from the United States it is probable that we will be in a position to secure very favorable terms.

Wrong Again.

The following appeared in the *Globe* on the 12th:

The Montreal, Ottawa, and Occidental Railway Company have purchased two new passenger cars from New York for the western division of the Government railway. This is the kind of N. P. Mr. Chapin practices. And now they are going to take steps to initiate the new inter-lake railway car—another piece of the N. P. No more Canadian practices in Canada, and thus the arguments against going outside of the Dominion for cars that can be made as well and as cheaply at home as they are.

Fact, as we are informed on good authority, are as follows: Mr. Wm. Barr, a departmental foreman in Crosson's Car Works, Oshawa, having charge of two cars from the above works, was interviewed by a *Globe* reporter and in joke told him they were built in New York, and thence come to the above eloquent and loyal production. A number of passenger cars had already been built at Crosson's before the two referred to, and Mr. Crosson has been very highly complimented on his fine work, both by the press and by the managers of the Q. M., O. & O. Railway. This is N. P., and the railway and country get the benefit, as Mr. Crosson's prices are lower than those of American manufacturers.

MORNING DESPATCHES.

AMERICAN.

FORT ROBINSON, Neb., Feb. 14.—Smallpox is raging among the Indians at Spotted Tail's Agency. Many have died two hours after being attacked. News received.

Richmond, Feb. 14.—A watchman at Oakwood cemetery, early yesterday morning, discovered five men engaged in robbing graves. They attacked him and he shot one of the robbers but they all escaped.

Orlando, Feb. 14.—The general passenger agents of the principal western roads centering here met with representatives of the Pittsburgh and Fort Wayne, and Wabash roads to discuss rates. The result was a satisfactory conclusion. The rate leading west from here to Kansas City will be at the rate of one cent per mile on any rate which the Central Pacific makes to meet the rates made by the Pacific Mail Company to New York, provided the tickets are limited to one day. The actual schedule and sold at tariff rates, with the drawback on New York to the amount of reduction.

Pittsburgh, Feb. 14.—Out of 277 mining casualties in Schuylkill district last year, 113 were fatal against 247 casualties and 57 fatal in 78. The increase is partly ascribed to the increased mining operations and the many accidents are due to the recklessness of the miners.

Essex, Ind., Feb. 14.—300 workmen at the New York furnace being successful a week in again making 1 hr. a day's work struck yesterday for 9 hours. The management closed the works in defiance.

Little Rock, Feb. 14.—The State of Arkansas has obtained judgment against the Memphis and Little Rock Railway for \$202,000 and costs with an order for sale. Some years ago a company borrowed from the State \$100,000 at 10 per cent interest. The judgment is for the original debt with interest.

New York, Feb. 14.—The *World's* Irish relief fund now amounts to \$191,000. Yesterday subscriptions of \$8,000, including \$5,000 from anonymous New York citizens, were received.

Eighteen New York theatrical managers thus far have signified their intention to devote the proceeds of the entertainment on St. Patrick's day to the *Harold* fund.

Vessels arriving from terrible reports of the hurricane on Feb. 1st.

The *Weymouth* arrived yesterday and transferred two sailors with broken legs to the hospital. 16 others of her crew were knocked inside for the storm.

President Jewett says the Erie contract with Vanderbilt simply provides that each road shall enjoy equal uniform advantages and privileges in the matter of receiving and shipping freight from its western and eastern connections. It provides that uniform freight rates be maintained by the Central and Erie, but there is not a word about percentages or proportions.

THE N. P. IN ARGENTINE.—The Montreal *Globe* says: "The election of Hon. Mr. Abbott in Argentine yesterday is an event full of political significance. The election was contested mainly upon the National policy, assailed by Mr. Christie and his friends in language more violent than applicable, and boldly defended by Mr. Abbott, who gave his full adhesion to the principle of protection to native industries. If any assurance was wanted on the opening of the session that the people of Canada are one with the Government in their effort to build up home industries, promote foreign trade and develop our resources, it has been given in the verdict of the people of Argentine at the polls yesterday."

MONTREAL.—The election of a member to represent this constituency in the House of Commons occurred to-day. Messrs. Angers (Conservative) and Dr. de St. George (Liberal) are the candidates. Mr. Valin (Conservative) was elected at the general election of 1878 by a majority of 220.

Revival Services.

MR. HAMMOND'S MEETINGS.

FRIDAY NIGHT.

Despite the inclement weather there was a good attendance at the revival services last night.

Mr. C. gave a short exhortation with numerous vividly drawn illustrations of the plan of salvation, when Rev. Mr. Turnbull gave out "Sweet Hour of Prayer," and "Gospel of Nazareth" passed by, after which prayer was offered up by Bishop Carman.

Mr. Hammond then gave out "Turn, O wanderer," when he remarked that such songs touched the heart, and cited the instance of an individual who was brought to Christ through the singing of hymns by children. In Fulton street, New York, he said they met every Monday to hold a meeting of song, devoted to singing God's praises.

Rev. Mr. Lane then gave out the meetings to be held on Saturday and Sunday, when there would be a children's meeting in the Bridge Street Church in the afternoon at 3 o'clock and in the same church Mr. Hammond would preach in the evening, whilst in the M. E. church prayer services would be held, and hoped that the prayers of God's people would be answered so that there would not be room in the Church for the congregation.

Mr. Hammond then said that on Sunday evening he would like to preach to those who are sinners and to Christian workers. He said there were many in the city who never heard the gospel when he would like to be present, and that the men of the city and the fast women also present, and if there were any gamblers in the city he wanted them to attend. He then gave as his text Philippians 1st chap. 21st verse, "For me to live is Christ, to die is gain." He said that by the text he wished to bring home one truth, that the condition of man was not determined by arbitrary law, but by character, that Heaven was a place to be prepared for, if we wished to reach Heaven we must be prepared to meet our God.

In Rome he said he had visited the prison in which St. Paul was incarcerated, which was hewn out of the solid rock to the depth of twenty-eight feet, and in the bottom of the prison had sprung up a fountain of water, which tradition said was to nourish St. Paul, who said that for him to "live" was Christ, and to die was gain. The rich merchant he said would exclaim that to him to live was gold, whilst for the poor man to live meant subsistence. To the student to live meant knowledge, and the soldier lived for glory, whilst to the Christian "to live is Christ, and to die is gain." Christ says to the rich man, does it pay to live to this world alone when the poor man as well as he can be rich to all eternity. "Godliness is profitable to all things," and great love of this world's goods can make a man to cry in the world to come, like the rich man of old, for a "drop of water to cool his parched tongue."

To the student, who says he has read of this Christ, that was rejected of the people, this man of sorrows, of whom the poet says "He died with a sweat of blood," the Christian replies in his death were all his sins blotted out, and by his death an I leavened to cry out "to live is Christ, and to die is gain."

To the soldier, who says this Christ was scourged, the Christian replies, "Through his stripes was I healed." He said some might say, what has this to do with the text. He replied it proved one's future condition was determined by one's fitness for it, as he asked was there not that fitness in St. Paul that fitted him for Heaven, and asked the congregation how many could say that "old things had passed away and all things had become new."

He said that the idea of fitness was manifest everywhere, as the birds were fitted for the air, the fish for the water and all animal nature was fitted for its sphere. The penitent thief he said was fitted for heaven by an act of faith, and if the preaching of the Gospel is rejected, a sinner will be a sinner to all eternity, and will be punished to all eternity.

In Rome he had seen the Colosseum that had held from 75,000 to 100,000 people, grown, and his mind reverted back to the old man that in that same building when thrown to the lions had exclaimed, "let them come, they will only let my imprisoned soul go free, to where the wicked come from troubling, and the weary are at rest," he adjured those that were not already fitted for heaven to be fitted that night. He referred at length to the noble work of George Whitefield, and asked was there not something in the character of George Whitefield that fitted him for heaven.

He then said that many in the audience had had praying mothers, and asked all such to hold up their hands, when many hands were raised. He said that if he had any love for souls it was because he had a praying mother, whose prayers had followed him in his work, and spoke of a book he had written which had been of great benefit to the young, saying that his hand held the pen whilst his soul was being written, but the spirit of God was breathed into the book by his mother's prayers, who sat beside him praying as he wrote. He spoke touchingly of the death of his mother, saying that many in the congregation had just such a mother whom they had promised to meet in heaven, but had strayed far from the fold, and asked them would they not now make a start to meet their mothers in heaven, he then sang "I have a mother in the promised land," the congregation joining in the chorus.

He said that many who lived in the poorest houses in the city were the richest, for they could sing "I have a home in the promised land." When the King would come, there would be many that "had not on the wedding garment," and all, he said, should put on the "robe of righteousness," offered them, for if they would accept it, they could sing "I have a home in the promised land." He then asked them to say that by God's help they would be Christians, and then they sang "I love Jesus," followed by a short prayer meeting, which brought the evening meeting to a close.

SATURDAY MORNING.

The Saturday morning meeting was largely attended, a pleasing feature being the large representation of school children, whose interest in the work is steadily increasing, as is shown by their earnest, attentive demeanor. The services were opened by the congregation singing hymns of salvation, short prayers followed from several persons.

Mr. Hammond read extracts from St. Catherine's papers showing how marvellously the gracious work is continuing in this city; the interest is unabated, large numbers converted daily, while earnest and unceasing prayers are being made for God to bless and prosper the work in Belleville. Young converts being amongst the most earnest workers.

The following subjects for prayer were offered:—For a wife who was hindering her husband; for a husband and five children; for a young married man who was dying; for a wife whose husband is dying for an infidel son-in-law; for a victim of intemperance who was at last night's meeting; for two young women who appear in different. During the reading of these requests, Mr. Hammond and other ministers prayed at intervals.

The element of prevailing prayer was again the subject for Bible reading having special reference to Aaron holding up the hands of Moses while he prayed when the battle was raging between the Israelites and the Amalekites.

Extracts from a letter written by Rev. Geo. Bruce, Presbyterian minister of St. Catharines, were read showing the reports of the papers. He also said the most careless and indifferent are now seriously thinking, the whole city being deeply agitated.

A fellowship meeting followed, during the course of which a goodly number of citizens of prominence related that while attending the service of last evening with no better promptings than curiosity they had been convicted and converted and were now new creatures in Christ Jesus. A general praise meeting followed.

The meeting was concluded by Mr. Hammond singing with great effect "I will sing for my Redeemer," one of the latest productions of P. P. Bliss. An enquiry meeting brought the deeply interesting proceedings to a close.

News Condensed.

—Mr. Samuel Platt, M. P. for East Toronto, threatens to resign his seat in Parliament.

—A report comes from London, England, that an alliance is about being concluded between Great Britain, Germany, and Austria.

—Prime Minister, a brakeman on the Grand Trunk, fell from a train near River Beaudouin on the 12th and was killed, his neck being broken.

—The Government expect that the session of the Legislature will close at the end of the present month. It may possibly be extended a few days beyond.

—News having been received by Government that many settlers are suffering extreme destitution in Muskoka, Hon. Mr. Pardee has ordered a supply of food to be at once forwarded to impoverished districts.

—Mr. Henry C. Grant, who twenty-five years ago was editor of the *Kingston News* died in Kingston on the 12th, aged 70 years.

—During the absence at Ottawa of Mr. Devine, proprietor of the *Toronto Advertiser*, all his printing material mysteriously disappeared. Mr. Devine has been communicated with.

—All of the Canadian paper mills are sending large quantities of "news" paper to the United States. The demand is great in consequence of the high prices of the home article.

—Two freight trains on the Canada Southern Railway came into collision about three miles west of Tilsonburg yesterday morning, smashing two engines and twelve cars. The train had escaped unhurt.

—The Potomac and other rivers are greatly swollen by recent rains and considerable damage has been done to property. In Kentucky on the 13th nine persons were drowned by the overflow of the Licking river.

Boyd vs. Hawdon.

The Former an Easy Winner.

LONDON, Feb. 14.—In the boat race between Boyd and Hawdon, on the Tyne to-day, Boyd won by 12 lengths. Boyd gave Hawdon 4 lengths start.

MILBURN,

"The Blind Man Eloquent."

W. H. MILBURN

Will deliver one of his popular

Lectures in the Opera House,

on

Tuesday Evening, Feb. 24th.

Subject: "What a Blind Man saw in Paris."

Tickets 25c. Reserved seats 40c., to be had at Reynolds' Bookstore, Belleville, Feb. 9.

NOTICE.

ALTHOUGH we have always done what is called a "cash business," yet for several years we have allowed a certain amount of latitude in the matter, some of our most valued customers having fallen into the habit of settling monthly, instead of paying at the time. This, however, we find leads to much more than we intended, as it is often impossible to deny a short credit to doubtful customers, if we are in the habit of allowing it to good ones. Even a short credit inevitably leads to losses, and these losses have to be paid for, in part at least, by those who do pay honestly and promptly. We have long felt this to be unfair, and for our own sake, and that of our customers, we have resolved to entirely abandon it.

Accordingly, from the 1st of March next, we shall not, under any circumstances, sell goods on credit, and we trust that our friends will not give us the painful necessity of refusing them.

In taking this stand we do so with the firm conviction that it will be to the benefit of both buyer and seller: as while on the one hand we shall be saved much loss of money and time, on the other we shall be able to sell at lower prices, certain of getting our money in full.

We are year by year purchasing to better advantage, and to-day the bulk of our stock is bought as cheaply as that of the wholesale houses of Toronto and Montreal, thus enabling us to give our customers the very best value for their money.

E. H. ROUS & Co.
Belleville, Feb. 10, 1880.

Geo. Ritchie & Co.

Belleville, Feb. 14, 1880.

Grand Junction Railway Company.

The Anniversary Service of Holy Trinity.

The Anniversary Service of Holy Trinity Methodist Church, West Belleville, will be held on Sunday morning and evening, (14th), by Rev. William Briggs, of Toronto. Special collections will be taken up after each sermon, on behalf of the Trust fund. The Anniversary Tea will be given the following evening (Monday, 16th), after which a social gathering will be held at the residence of the Rev. Wm. Briggs, Rev. J. W. Savage, and Rev. O. R. Lambly, M.A. Tea served from 8 to 9 p. m. R. L. Luttrell, Esq., will take the chair at 8 p. m. Tickets 30c. 140.31

Daily Intelligencer.

BELLEVILLE, SATURDAY, FEB. 14.

City and Vicinity.

THE CELLS.—Two drunks and one tramp were registered at the police station last night.

MEETING.—The adjourned annual meeting of the shareholders of the Grand Junction Railway Company will be held in the office on Main Street on Tuesday next at 2 p. m.

TO BE A TOWN.—The Village of Trenton now seeks incorporation as a town and the proclamation thereof will be made on the first of July next, when a grand demonstration in honor of the event will be made.

THE BAY.—Though the ice on the bay is in many places thick and strong, yet in others it is very weak. Those who have occasion to cross over—especially persons who may desire to bring heavy loads, should exercise the greatest caution.

BEWARE.—As the places from where ice is being taken out in the bay are not guarded, it would be well for persons who do not follow the regularly travelled track, to exercise great caution or misfortune results may follow.

ANNIVERSARY SERVICES.—The anniversary services of the West Belleville Methodist Church will be held to-morrow, when Rev. Wm. Briggs of Toronto—formerly of this city—will officiate. After each service a collection will be taken up in aid of the Trust fund. On the succeeding Monday evening a tea-meeting will be held and addresses delivered by prominent clergymen.

STRANDED.—William Dado, of Trenton, whose death on Tuesday last resulted from the eating of cabbage, supposed to have been poisoned with Paris green, was buried on Thursday. Five other members of his family were similarly poisoned, but fortunately the discovery of the death dealing drug was opportunely discovered and they are now steadily improving.

"THE RAPID CITY ENTERPRISE."—The first number of the new weekly paper established at Rapid City, North-West Territory, by Messrs. Kim & Carruthers, and named as above, has come to hand. Though not all that could be desired in the way of mechanical execution, the *Enterprise* has the merits of newness and evident care in its conduct to recommend it. The paper is a 28 column sheet, same size as the *Daily Intelligencer*, and the proprietors being men of experience and ability we have little doubt that their venture will prosper, the more especially as Rapid City is a thriving and a rising place.

CONTRACT FOR RAILWAY EXTENSION.—The Campbellford Herald says: "We learn that Mr. E. O. Bickford, who had the building of the Grand Junction Railway to its present terminus, Hastings, has received the contract for the completion of the road to Peterborough, via Hastings, we presume. The work will receive its first stroke in early spring, when it will be continued until the last spike has been driven at Peterborough. We trust that there is a sincere confidence that the matter will be a great desideratum in fact, the infusion of life into the road—when the trains are in operation between Belleville and Peterborough. After that period, whenever it may be, several freight trains and two passenger trains may be expected daily over this now becoming popular line.

SOCIETY.—The congregation of St. Andrew's Church will have a service in the City Hall on Wednesday evening, the 18th inst. Tea to be served at 7 p. m.

PERSONAL.—Alex. Robertson, M. P. for West Hastings, and N. S. Appleby, M. P. for East Hastings, arrived here last night from Toronto.

MR. HAMMOND.—Mr. Hammond held services on the market near the City Hall this morning. His discourse was on the subject of "Religion," and his audience was a large and attentive one.

DRIFTED WITH THE TIDE.—To-day a cow, from some unaccountable cause, got in the river, and was swept over Coleman's dam. Luckily she went through her perilsous journey safely, and escaped without injury.

GOLD MINING.—The Galtling mine is now managed by a syndicate of capitalists from New York, who are prospecting and testing the ore in that mine and adjoining properties. They now employ about sixty men. We learn that the veins where they are being opened look exceedingly well, and if they find the venture a profitable one they will purchase the property on the 1st of April.

MURRAY CANAL.—Petitions for signature may be found at the stores of E. Harrison and Angus McKee, Esqrs. The petitioners will please call and sign as soon as may be convenient.

THE LATE JOHN SEVERN.—The funeral of the late Mr. John Severn, of Yorkville, father of Mr. Wm. Severn, of this city took place on the 13th and was one of the largest ever seen either in Yorkville or Toronto. The vehicles in attendance numbered 130.

DAIRYMEN'S CONVENTION.—The Kingston *Whig* says: "Delegates to the Dairymen's Convention, which meets in Kingston next week, will be carried to the city and return at a fare and a third. To cheese manufacturers the meeting will be of much interest."

DEDICATION SERVICE.—Dedication Service will be held in the C.M. Church, 3rd Concession of Thurlow to-morrow by the chairman of the district, Rev. N. R. Willoughby. A tea-meeting in aid of the church will be held on Monday evening, the 16th inst.

LUMBERING.—The out this year, so far informed, will exceed that of many previous years. Snow is wanted to bring the logs to the creeks and rivers, and the absence of frost is greatly regretted by all engaged in this trade. The greater part of the cut of firms in this city will come to the bay, via the Trent River.

ATHLETES.—The *Globe* says: "A wrestling match is announced to come off in the Royal Opera House on Thursday of next week, between Thomas Lynch, the Irish champion, and E. W. Johnston, Scottish Canadian champion athlete. The contest will no doubt excite considerable interest, both parties being well known. A purse of \$100 will be divided between the contestants, \$50 to the winner and \$50 to the loser."

AFFECTING SCENE.—Yesterday the remains of the late Benjamin Rose, of the City of Sidney, arrived here per Grand Trunk Railway. He on the 3rd inst. went to America to visit his sister, and whilst at her home died. His body was met at the depot here by a number of friends and relations, the latter of whom gave vent to their feelings in tears and loud expressions of grief.

AN ELEVATOR FOR STIRLING.—The *Stirling News* says: "We are given to understand that two gentlemen of means and business ability, Messrs. Tulloch and Hagerty, of Huntingdon, are seriously discussing the project of erecting an elevator at Stirling, the encouragement required being a \$500 bonus, and exemption from taxes for a term of years. A meeting of the council is to be held on Monday evening to discuss the matter."

ALBERT UNIVERSITY.—Rev. Thos. W. Martyn, B.A., will deliver the "Charter Day Sermon" before Albert University, to-morrow, Sunday, at 3 p. m. in the College Chapel. All members of the University will appear in full Academic Costume. There will be other exercises of an interesting character to celebrate the anniversary of the passing of the act by which the University obtained full powers and privileges.

MILBURN.—Milburn, the "blind man eloquent" is a curious problem. Never endowed with full vision and entirely blind soon after taking his University degree, he has thought out in pain, suffering and darkness those brilliant sentences and descriptions which few with sight can equal and none surpass. He will show us in a few days whence his great fame has arisen.

NEW LIGHT HOUSE.—At a meeting at Picton on the 7th inst., Mr. McNaught, M. P., stated that last session a petition had been presented to the Government, numerous signed by the captains of large experience in lake navigation, asking that a Light House be placed on South Bay Point. That application was successful, and he was glad to inform them that an appropriation of \$1200 was made by Parliament for its construction.

WRESTLING.—The contest between Mr. E. W. Johnston, of this city, and Mr. John O'Neill, of Trenton, took place in Purdy's Hall in Trenton last night in the presence of a very large gathering. The contest consisted of three styles: catch-as-catch-can, under Graco Roman rule, collar and elbow and back hold, Scotch style. The first event was won by Johnston in 14 minutes; the second was won by O'Neill in the 25 minutes; and the third after a protracted contest was declared a draw. Mr. D. C. Ross was present, and before the last bout expressed his willingness to make a match with either winner. Johnston plainly and fairly threw his man in the last contest, but for some unexplained reason he was not declared the winner.

ST. VALENTINE'S DAY.—This being St. Valentine's Day, the youth of the city as well as some of the elderly portion of this community—made sundry visits to the post-office and the clerks in that establishment were busily engaged during the day in distributing and presenting the missives incident to the occasion.

ANOTHER DISCOVERY.—A valuable gold deposit five feet in width has been discovered in the south western portion of the Township of Madoc in the vicinity of Peter's lake. The find is reported to be very valuable and is now being worked through the means of a Buffalo, New York, capitalist.

RUNAWAY.—As a rig, the property of Isaac Robinson of Thurlow, was being driven across the street car track near O'Brien's hotel, the horse became frightened and ran away. Mrs. Robinson and her child were thrown out of the buggy and the former was slightly injured about the head. The animal also came in contact with Policeman Cook and he was thrown on the sidewalk and seriously injured. The horse was captured near the Dominion House, apparently none the worse for his run.

Ottawa Notes.

Mr. Oolby's Bill on the insolvency question proposes to entirely do away with the present law. He is, therefore, in accord with Mr. Bechard on the present occasion. Mr. A. Decelles, formerly of the *Misère* has been formally appointed assistant Parliamentary librarian at a salary of \$2,400. Hanlan is again in the city in reference to the Island property.

There were about 100 guests present at the State Dinner last night. The lady guests did not arrive until 9 o'clock, and the affair broke up at eleven. Her Royal Highness made herself particularly agreeable. The Press Gallery met at noon to-day for organization. Mr. Horton, of the *Globe*, was elected Secretary pro tem. A committee was appointed to memorialize the Government to extend the present gallery, and also to restore to the members of the press the room in the tower formerly occupied by them. Afterwards the gallery paid its respects to Mr. Speaker and received a most hospitable reception.

AFGHANISTAN

Mahomed Jan at Ghazni.—Movement of the Turcomans.

LONDON, Feb. 13.—A Cabul dispatch says that Mahomed Jan has sustained a reverse at Ghazni. It is believed that his influence is waning. Three thousand Turcomans under Naik Mahomed have crossed the River Oxus for Afghanistan and Turkistan.

COMMERCIAL NOTES.

A number of counterfeit \$10 bills of the Dominion Bank are in circulation. **SEEDS.**—Clover is quoted at \$4.35 to \$4.50 per bushel in Montreal. **RAILS.**—Rail is selling for local use in Montreal at 17c to 20c per lb., with no shipping demand. **Eggs** 12 to 13c for limed, 14 to 15c for cases, and 20c for strictly fresh. **Dressed Hogs** are selling at \$5.25 in car lots in Montreal and \$5.40 for fresh killed.

A SMALL INCREASE.—The Grand Trunk reports for the week ending February 7th were \$17,444 as against \$17,197 for the corresponding period last year, an increase of \$2,644. The River du Loup receipts are included in 1879, and not in 1880. Omitting them, the week's increase is \$6,844.

The Canadian imports of Manitoba for the six months ending December 31st last amounted to \$1,172,000.

The "Toronto," a new iron steamship built for the Mississippi and Dominion Steamship Company, was launched in England on the 12th. The vessel is fitted up with the latest improvements for the cattle carrying trade.

The "corner" in grain in New York still continues, and vast quantities of grain and provisions are held by speculators. It was officially announced yesterday that there were in port awaiting cargoes 90 ships, 434 barques, 101 brigs, 220 schooners and 54 steamers. Many of these are coasting vessels, and others are regularly employed. It is upwards of 600 of them are vessel, of 400 tons or more, fitted for transatlantic travel.

"TASHERY," the new powder for whitening the teeth, stimulating the mouth and purifying the breath, is the brightest, safest, and most little toilet gem extant. Ask your druggist for "Tasher." Price 35 cents. *Advisory*

MARRIED.

On the 11th inst., at the residence of the bride's father, Christopher Carlson, Esq., by the Rev. E. Scamell, MR. WILLIAM L. GRILES, to Miss ELIZA JANE CARLSON, of Thornbury.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a card addressed to Mr. J. C. Felt, P.O. Box 1, Station D, New York City. 1c

Brooklyn's Artistic Salvo.—The best Salvo in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Tetter, Chapped Hands, Chilblains, and all kinds of Skin Eruptions, the bright, salve, guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by J. A. Clarke & Co.

WE are glad to learn that the "PAIN-KILLER" is having so large a sale in our city. We have every reason to believe it to be an almost never-failing cure for pain, and is a medicine that no family should be without.—*Montreal Pilot*

Dr. A. R. SCOVILLE, of Cincinnati, says: "For Coughs and the early stages of Lung complaint, I believe it to be a certain cure, and if every family would keep it by them, and administer upon the first appearance of disease about the Lungs, there would be very few cases of fatal consumption."

STRAFFORD, ONT., AUG. 1, 1874. Having become entirely cured of extreme debility through the use of Felt's Compound Syrup of Hypophosphites, I feel it but just to put the fact on record. My case had resisted all other medicines, but was cured by these bottles of Felt's Hypophosphites. CHAS. H. ROBERTSON.

Commercial.

BELLEVILLE MARKETS.

There is very little change to note in any of grain during the last week; hay selling at \$6 to \$7.50 per ton. Straw is in demand for shipping purposes at \$1 to \$5 per ton. Mr. E. McCannan quoted two cars shipped from the States last night. Dressed hogs are in better demand, butchers paying \$6.50 for bright fresh hogs. Dressed beef—as high as 6c. is paid in some instances for the best hind quarters.

CHICAGO, Feb. 14.—Receipts of hogs 19,000. Light hogs, \$4.20 to \$4.35; heavy shipping \$4.30 to \$4.40.

FOREIGN MARKETS.

LIVERPOOL, Feb. 14.—Cotton moderate enquiry freely supplied; uplands 7 1/2; Orleans 7 1/2.

LONDON, Feb. 14.—100s 44 1/2, 110s.

WE BELIEVE THE CAUSE OF THE WONDERFUL SUCCESS OF OUR MURRAY & LAMMAN'S FLORIDA WATER may be found in the fact that the principal cause of its preparation has been the use of pure water, without any chemical adulteration whatever, and to avoid by all means the great error of making a heavy, sickly, sweet perfume.

72c a WEEK, 412 a day at home easily made. Apply to our Address: Agents, T. C. & Co., Augusta, Maine.

AFTERNOON DISPATCHES.

LONDON, Feb. 14.—At the election yesterday in Southwark for member of Parliament, Edward Clark, Conservative, was elected by 853 majority.

QUEENSTOWN, Feb. 14.—Arrived, the Baltic.

LIVERPOOL, Feb. 14.—Arrived, the Parthia.

NEW YORK, Feb. 14.—Arrived, the Franco from Haoro.

LONDON, Feb. 14.—The sailing match to-day over the Grand Canal between Boyd and Hawdon, was won by the former by 12 lengths. Time 20 minutes and 52 seconds.

Shaw Lefevre, a Liberal member of the Commons, will in committee move an amendment to the Government bill for the relief of the distress in Ireland, to leave out the restriction of two months as the term which out-door relief may be given.

He will also move to insert a new clause to give tenants ejected during the present year for non-payment of rent, right to claim compensation for disturbance of tenure under the provisions of Gladstone's land act of 1870. Yesterday three Conservative members of Parliament from Ireland waited on the Chancellor of the Exchequer in relation to the subject of loans from the Treasury to railways and other public undertakings in Ireland.

The Chancellor promised to appoint a select committee to enquire into the subject.

Arthur Cragh, magistrate of Carranah, County Clare, Ireland, was fired at five times in his own house through the window but was unhurt. Cragh rushed out and fired eight shots at his assailants without effect. Two men were arrested.

LIVERPOOL, Feb. 14.—The London correspondent of the Liverpool Courier says: "Assurance is given me to-day that the statement of the intention of Baroness Burdett Coutts to devote £500,000 to ameliorate the distress in Ireland is true."

Conditions have been made in London daily papers, but the fact is the contribution money will not be given in instalments, but will be invested in purchasing of land in Conamara, County Galway, to be afterwards left to small tenants at long leases and moderate rents. A committee of Irish gentlemen interested are associated in the scheme."

WEATHER REPORTS.

TORONTO, Feb. 14.—Probabilities for the next twenty-four hours: For the lower lakes, fresh to brisk winds, partly cloudy weather; stationary, or slightly warmer temperature.

WASHTON, Feb. 14.—Indications: For lower lakes, light snow, followed by clearing partly cloudy weather.

CANADIAN PACIFIC RAILWAY.

Tenders for Rolling Stock.

TENDERS are invited for furnishing the Rolling Stock required to be delivered on the Canadian Pacific Railway, within the next four years, comprising the delivery in each year of about the following, viz:—
20 Locomotive Engines.
16 First-class Cars (a proportion being sleepers).
30 Second-class Cars, do. ers.
3 Express and Baggage Cars.
2 Tour and Smoking Cars.
20 Box Freight Cars.
100 Flat Cars.
2 Wing Ploughs.
2 Snow Ploughs.
4 Hand Cars.

THE NEW CORSET.

Meets with Universal Approval and Adoption.

PERFECT ADJUSTABLE FIT.

THE MOST ATTRACTIVE AND LASTING CORSET EVER DESIGNED.

THIS new and improved Corset is adjusted by a semi-circular or Elliptical Lacing over the hips, thus avoiding the disagreeable and sometimes painful side-stitching which is found in the Corsets now in use. The facility with which it adjusts itself to forms of different development and size, and the great comfort and ease with which it may be worn, enables the figure to be displayed to much greater advantage, and cannot but prove a valuable acquisition to the most perfect toilet.

The improved system of lacing employed in the Semi-circular Adjustable Hip Corset, prevents the wear and tear to which other kinds are so liable; and as the wearing strains are equalized and distributed over the entire Corset, they will be found to outlast three of the ordinary style of Corsets in present use.

It is only necessary to bring this new and improved style of Corset under the observation of the ladies, to at once win their immediate endorsement and approval, as its merits of excellence cannot fail to arrest instant recognition and adoption. ASK TO SEE THEM.

At COSTELLO'S.

CANADIAN PACIFIC RAILWAY.

Tenders for Rolling Stock.

TENDERS will be received by the undersigned up to Noon of MONDAY, the 23rd of FEBRUARY instant, for the immediate supply of the following Rolling Stock:—
4 First class Cars.
30 Second class Cars.
30 Box Cars.
60 Flat form Cars.

Drawings and specifications may be seen, and other information obtained, on application at the office of the Engineer-in-Chief, Pacific Railway, Ottawa, and at the Engineer's office, International Union Station, Montreal, N. B.

The Daily Intelligencer.

TRAIN SERVICE.

Subscribers in the villages along the line of Railway will be notified by the Daily papers at the following places, instead of at the Post Office:

STIRLING.—At the drug store of Dr. G. H. Boulter, M. P. P.

CAMPBELL.—At the office of Mr. Thomas Oliver, who will also act as agent for the Weekly Intelligencer.

HASTINGS.—Of Mr. David Morrison, at the Post Office.

MADON.—At the store of Mr. C. G. Wilcox.

Daily Intelligencer.
BELLEVILLE, MONDAY, FEB. 16.

"On a Spree."

It is really astonishing what an appetite for liquors, cigars and other luxuries of that nature many members of the "party of purity" exhibit when their tastes can be gratified at the public expense. As a case in point the dining and waiting bill of the Commissioners to the Centennial Exposition, which included enormous charges for fine wines, brandies and liquors generally, and quite a considerable sum for glassware broken during their entertainments, particulars as to which were suppressed until after the present Government came into office—can scarcely have been forgotten. Rivaling in nature, though not in extent, these disclosures, are those made in the Public Accounts Committee of the Ontario Legislature, concerning the pleasure trip of Lieut. Governor McDonald and a party of his friends to Winnipeg in the summer of last year. Particulars as to this holiday excursion, for which we are indebted to the *Mail*—the *Globe* carefully suppressing more than a mere reference to the subject—will be found in another column.

The facts, as brought forth, show that the gentlemen who took part in the excursion had, what is popularly called "a good time" at the public expense—drinking freely, smoking the best brands of cigars, doing the grand by treating their friends in a most lordly manner, and comporting themselves generally like "good fellows" on a holiday, and all without costing them a single cent. Evidence of this is to be found in the fact that their liquor bill seems to have amounted to \$246.09 and their cigar bill to \$76.50 for a month's trip for the thirteen persons who formed the party.

Laughable as are the disclosures, however, and the comments made on them by the members of the Committee, they have their serious as well as their funny side. After the joke of the thing has been duly laughed over, the people who have to foot the bill will ask themselves it is reasonable that the Lieutenant-Governor, who receives a salary of \$10,000 per annum and costs the Province as much more annually, should take his summer pleasure trips at the cost of the public, dining, and cigars included. Is it proper that the Provincial Secretary, with \$4,500 and the Prison Inspector with \$3,000 a year should be similarly treated? And why should the Province pay the bills of Mr. D. D. Hay, M. P., any more than those of any other member of the Legislature? The answer which thinking persons will give to these questions cannot be other than that the expenditure is utterly unwarranted and entirely at variance with those professions of "economy" which the Grit party never cease to take credit to themselves for.

Mr. Ferris, as became a liberal follower of the Government, endeavored to burke the matter by seeking to prevent the accounts in detail going to the public, by a refusal to allow the reporters to copy them; but Mr. Laurier succeeded in having them appended to the minutes, as Messrs. Hardy and Striker refused to vote. This action of those two gentlemen—the one a member of the Government and the other one of its warmest supporters—is perhaps as strong a condemnation of the affair as could be recorded, and will so be viewed by the people, before whom the accounts will now go, unless Mr. Mowat steps in and reverses the action of the Committee, as he did in the Proton affair, when he caused Mr. Keller to be whitewashed. The money having been voted, will of course have to be voted, but we expect a motion from the Opposition on the subject, and shall look with interest to see how members from this part of the country record their votes.

Montmorenci.

The election for the Commons held in this constituency on Saturday resulted in the return of Mr. Angers, the Conservative candidate, by the handsome majority of 358. This is a gain of 132 over the Conservative majority in 1879, when Mr. Valin was elected by 226, and the result shows that the N. P. and the Government policy generally continue to grow in public favor. The Opposition in the House of Commons are evidently in a pitiable condition—weak in numbers and growing rapidly fewer, with but little talent amongst them, and having but a slight support in the country, which is gradually being withdrawn from them.

DAIRYMEN'S ASSOCIATION.—The Dairy men's Association of Eastern Ontario will hold their next Convention in Kingston on Tuesday, Wednesday, Thursday, Feb. 24, 25, and 26, 1880. Several able speakers will be in attendance, and the proceedings will be unusually interesting and instructive. Arrangements have been made with the railway for a reduced fare—one-third on the return trip, certificate to be had on application to the Secretary.

THE CHURCHES YESTERDAY.

What was Said in Some of Them.

BRIDGE STREET METHODIST CHURCH.

In the Bridge Street Methodist Church, morning service was conducted by Mr. Coe, who, without giving out a text, spoke to the congregation on death, citing instances of happy deaths that had come under his notice, asking in conclusion the congregation to "choose you this day whom you will serve."

AFTERNOON SERVICE.

The afternoon service was held in the Bridge Street Church. The attendance was very large, the body of the church being filled, whilst there was a good occupancy of the gallery. The central portion of the church was filled with Sunday School children in charge of their teachers. After hymn exercises prayer was offered by the Rev. Mr. Lambly, after which Mr. Hammond addressed his audience. He described the sufferings endured by the Saviour in His crucifixion and explained to them the intent and meaning of a few verses from the psalm, which he read. He asked all to love the Saviour, so that at the second coming all should be found on the right hand, and not on the left. He painted for his hearers a picture that he had seen in Philadelphia, descriptive of the crucifixion and those who participated in it. He related some anecdotes, and concluded by requesting all to give themselves to Jesus. All joined in audible prayer, after which the announcement of the holding of future meetings was made by Rev. Mr. Usher. Mr. Hammond then addressed the children, his discourse being divided into four subjects: a little soul that is not a little soul; a little sin that is not a little sin; a little prayer that is not a little prayer; a little turning point that is not a little turning point. The several sections were illustrated with pointed tales and stories and received the closest attention of those to whom they were particularly addressed.

EVENING SERVICE.

The Bridge St. Methodist Church was crowded at evening service, no doubt many being attracted by the novel sermon it was generally understood would be delivered. After giving out the hymn "We'll cross the river of Jordan," Mr. Hammond said that many did not understand the hymn because it defied all philosophy, and men did not believe it because they could not see it, being blinded by sin; but let them once have their eyes opened, and they could sing "happy in the Lord." After singing a hymn, which was rendered much more musical by the introduction of a cornet into the choir.

Rev. Dr. Jacques said that all who had a spark of the love of Christ in their souls, if they would do something for Christ, would have that spark kindled into a flame. He spoke of Mr. Hammond's work in other places and said some questioned the propriety of Mr. Hammond speaking on the market square, but he considered nothing irregular that had the effect of saving souls.

Rev. Mr. Lane gave out that there would be service every morning at 9:30 in the John St. Presbyterian Church; that Tuesday would be a day of fasting and prayer, when continuous service would be held during the day;—Tuesday afternoon there would be a church meeting at 4 p. m. in the Holloway St. Church, and on Wednesday in the Baptist Church.

Mr. Hammond, in reading the 12th chapter of Isaiah said that many went to church year after year simply because their wives wanted them to go; for business reasons or for convenience and likened them to a broken bucket that went often to the well but never came up filled. He said that in Denver, Colorado, there were 200 professional gamblers and 1,200 occasional gamblers; that when holding meetings in that city to reach that class he was compelled to hold open air meetings near their haunts, and the result was that the proprietor of the Occidental Hall, a low dance house, invited him to preach in that place, and in inviting him to do so said that although he had a goodly father and mother. The meetings in that building, he said, had the best of results a class of men and women that were restrained from good society. He said he did not speak to them, for they knew their sinfulness better than many gospel hardened sinners, but he told them the old story of Jesus and His love. There were many in the audience who had not gone as far as the class he had referred to, but sin had got a hold on them and the love of strong drink was dragging them down and they would go to a drunkard's grave if they did not accept Jesus.

After singing a hymn and prayer, Mr. Hammond read a note which he said had been sent him from the Tabernacle, stating that a large congregation there was praying earnestly for a blessing on their meeting.

He then gave as his text, "The wages of sin is death, but the gift of God is eternal life, through Jesus Christ our Lord." Wages, he said, was what a man earned, and every sin a man committed would add another link to the chain with which the devil would bind the sinner, for "the way of the transgressor is hard," and poor wages is paid for serving the devil. He then related a touching incident of the fall of a young man who had remained temperate for years and his untimely end, and said that nothing but the love of God would root out the love of drink in some men, and they knew if they did not quit drinking they would go down to hell. He said he was engaged in his present laborious work because he believed the Bible, and not for gain; that he had been offered great inducements to enter the lecture field, which he had refused, as he believed the Lord called him for the work in which he was engaged, and that as far as the profit of his present work was concerned he had labored six months at a time, and not received sufficient to pay his expenses; but he labored as he did believing that there was such a thing as laying up treasures in Heaven. He said many affirmed that there was no such thing as being damned to all eternity, but when the wicked cannot endure the company of the partially sanctified in this world, how

could they enjoy the company of angels in the world to come? Hell was but the expression of God's love, and if we rejected His offers of mercy He could not save us any more than the judge on the bench could save the prisoner when guilty, even were he his friend. In some parts of Switzerland, he said, the law was such that for cutting down a tree one would be hung, but the framers of such a stringent law as in love, as the trees were a protection from avalanches; and God has given us strict commandment to save us from sin, sorrow and tears, and He gave His only begotten Son, who should not die. He related a touching tale of a mother's pardon for her unfortunate daughter, and declared that to the wrecked daughter, the victim of his lust would from on him in the world to come, if he did not repent of his sin and receive the gift of life.

He said that on Wednesday evening he would preach to the Freemasons.

An hour's service of song closed the meeting.

REV. MR. BRIGGS IN THE HOLLOWAY ST. CHURCH.

The anniversary sermons of the Holloway St. Methodist Church were preached yesterday morning and evening by the Rev. William Briggs—formerly of the Bridge Street Church in this city, but now Book Steward, Toronto. There was a large congregation present and were it not for the snow storm which prevailed at the hour of opening it would doubtless have been much larger in the morning.

After the opening services, which consisted of singing, prayer and Bible lessons, Mr. Briggs gave out as his text the last portion of the 6th verse of the 1st chapter of Paul's Epistle to the Ephesians, "Accepted in the beloved." The speaker began by remarking that, of all the names that were applied to the Divine Being, there was none so grand, so beautiful or so inspiring as "the beloved." In Him was light and brightness, no darkness could exist in and a being. The Holy Spirit applies to the hearer the words, utterances and sentiments of the preacher. When we think of Him in his own character and in the brightness and lustre of His existence, it is not to be wondered at that He was styled "the beloved." Notwithstanding the manifestations of dislike and hatred expressed and shown towards Jesus, there was no religious teacher or instructor so widely known, so universally admired and so beloved as He. His friends had known Him, loved Him, and had suffered all manner of privations, hardships, indignities and tortures, and their love for Him could not even be burned. When we think of our church services, when we look at life in its various phases and aspects, we believe it is Christ to love. He (the speaker) rejoiced in the great accomplishment of good which he was now being done in this grand revival that was going on both in the (the Holloway Street Church) as well as in the Bridge Street Church, where union services with representatives of all denominations present were being held. During these meetings love for God has manifested itself and enabled many to cast aside their sorrows, to ask forgiveness for their sins, to love Jesus and make those who loved Him strong in their sufferings and afflictions, and when they at last meet to pass through the door of eternity it was to come before and know Him, "the beloved." Christ has been loved since His mother first gave Him birth in the manger and to-day millions love Him and no love can be compared with that shown by the Galilean in olden days. Christ is the strength of the Good Book. He is to us "the beloved." How, he asked, is it, that no book can occupy the anxious thought and serious consideration of man in comparison with the Bible? No age outlives it. It is accepted of the multitude. It is "the beloved" book of all. Why is it that the Koran, or other similar works known in the East, are not popular here? It was because "the beloved" was not in them. "We love Him because He first loved us," and we would not now love Him, He had not done so. By His love a love better far than anything earthly—would be saved. God has made us welcome in "the beloved," and at the great feast all are received happily and joyously, for has not Christ said, "Come unto me all ye that labor and are heavy laden, and I will give you rest?" We cannot study Christianity unless we accept Him as "the beloved." "Accepted in the beloved" does not mean following Christ, but that Christ lives in us; when an unconverted soul has been turned from the path of darkness and has sought God, he becomes a new creature—a new being; he is no longer a prodigal but is home again to God's mercy, and if any one be in Christ he is a new creature. Let us be Christians in thought, feelings and acts. Christians in life, and filled with an unbounded love for Jesus. When we pray let us pray fervently and devoutly, and endeavor to cultivate its spirit so that we can always remember Christ who brings all the graces to the Christian heart. Christian was a noble, a grand and inspiring word, the loftiest name our language bears, and signified a sanctified one and one full of love for Him. In conclusion he urged all to strive to become its embodiment and seek Him and His glory.

EVENING SERVICE.

The congregation at the evening service was again large. The Rev. Mr. Briggs preached from a text taken from the 7th chapter of Micah, part of the 3rd verse, "With both hands earnestly." From the context, he said, this was depicted by the Prophet as the position of certain people towards evil. It ought to be the attitude of Christians towards the Church. There were those in the Church who protested against enthusiasm in church work, and against revivals as a means of bringing the people to a sense of their condition. Such were the North Pole of religion—they belonged to the glacial period of Christianity. Better, he said, that they should suffer from torrefaction than to freeze in the frosty atmosphere of those conventionalists. As the Indian said, it was better for the pot to boil over than to boil at all. It was well that things

should be done decently and in order; but order did not mean a flat uniformity. The creator's works were orderly, but the earth was a succession of hills and dales, of broad, level savannas and towering mountains. The ocean was at times calm, but again it was roughened by the winds and cast huge billows upon the shore. So men's works to be orderly need not be to uniform. He counselled earnestness and enthusiasm in religious work. Men needed no incentive to look after their business—in the pursuit of wealth they were active and untiring, and so should they be in looking after their eternal affairs. Let them earnestly seek the Lord and they could find him, just as the earnest man who sought to reach any earthly end would achieve it if he devoted his whole mind to it, and earnestly sought to attain it. Was the Church to have a monopoly of sluggishness? Were they to be backward along in seeking salvation? He protested against such an idea, and in eloquent and persuasive terms urged his hearers to work "with both hands earnestly" for the attainment of righteousness.

After the conclusion of the sermon, the Rev. Mr. Lane announced that the revival services would be continued in his Church during the week.

The regular services having been concluded, a season was spent in singing and prayer.

THE TABERNACLE.

The Tabernacle was filled with christian workers last night who spent the evening in prayer for the revival of His work in Belleville.

ALBERT COLLEGE CHAPEL.

The charter day sermon was preached by the Rev. T. W. Mavey, B.A., the students and faculty appearing in full accordance. The attendance was large and the discourse highly interesting.

MORNING DESPATCHES.

AMERICAN.

Colton, Feb. 16.—DeLeasse and party sailed for New York yesterday. They expect to arrive on the 23rd.

Baltimore, Feb. 16.—The unknown man found dead at Somerset Junction on Wednesday proves to be Wm. S. Vancourt, a defaulting employee of Ross & Sanford, clock builders of this city. It is stated he has been gambling heavily. He leaves a young wife.

Cheney, Feb. 16.—There was great excitement here yesterday over popular demonstrations against Governor Hoyt, who is charged with improper relations with a Mulatto girl. Other serious charges are made. A mass meeting is projected to petition for his immediate removal.

New York, Feb. 16.—Ida Vanstratmann, a leading actress at the Thalia theatre, was seriously injured during her performance on Saturday, by the accidental falling of a cross to which she was clinging, precipitating her 20 feet into the stage debris, where she lay insensible for a time. The audience, supposing her fall part of the performance, loudly applauded her daring. She regained in a later act with her arm in a sling, but was compelled by the excessive pain to withdraw.

Chas. X. Finch & Co.'s oil warehouses on Maiden Lane, were burned yesterday. Loss nearly \$100,000.

Mrs. Elzine B. Walker, aged 24, wife of the Methodist minister of Northam, Mass., was arrested here yesterday, charged by her husband with eloping with Geo. F. Tinkham, his strong arm man, who was also arrested with her. She claims that her husband treated her cruelly and brought another woman to his house to live with him, and that her relations with Tinkham were not improper. Both were discharged.

WANTED.

WANTED immediately, three girls at the Dominion House.

Piano for Sale.

A PIANO for sale, in good order. Apply to Mrs. KERR, George Street.

Will deliver one of his popular Lectures in the Opera House,

on Tuesday Evening, Feb. 24th.

Subject: "What a Blind Man saw in Paris."

Tickets 25c. Reserved seats 50c, to be had at Reynolds Bookstore.

Belleville, Feb. 9.

NOTICE.

ALTHOUGH we have always done what is called a "cash business" yet for several years we have allowed a certain amount of latitude in the matter, some of our most valued customers having fallen into the habit of settling monthly, instead of paying at the time. This, however, we find leads to much more than we intended, as it is often impossible to deny a short credit to doubtful customers, if we are in the habit of allowing it to good ones. Even a short credit inevitably leads to losses, and these losses have to be paid for, in part at least, by those who do pay honestly and promptly. We have long felt this to be unfair, and for our own sake, and that of our customers, we have resolved to entirely abandon it.

Accordingly, from the 1st of March next, we shall not, under any circumstances, sell goods on credit, and we trust that our friends will not give us the painful necessity of refusing them.

In taking this stand we do so with the firm conviction that it will be to the benefit of both buyer and seller; as while on the one hand we shall be saved much loss of money and time, on the other we shall be able to sell at lower prices, certain of getting our money in full.

We are year by year purchasing to better advantage, and to-day the bulk of our stock is bought as cheaply as that of the wholesale houses of Toronto and Montreal, thus enabling us to give our customers the very best value for their money.

For PETERBORO, Daily, at 3 p. m.
The stages arrive in Belleville about noon each day.

Daily Intelligencer.

BELLEVILLE, TUESDAY, FEB. 17.

City and Vicinity.

THE CELLS.—Two tramps were accommodated accommodations in the cells last night.

PERSONAL.—Mr. Coe, who assists Mr. Hammond in his revival work, left to-day for Montreal.

ST. ANDREW'S CHURCH.—A service in aid of the above church will be given in the City Hall to-morrow evening.

MEETING.—A joint meeting of the Rowing Club and the Cricket Club will be held to-night at the St. George's restaurant, to arrange for their coming entertainment.

CLOVER FOR ENGLAND.—Mr. W. D. Fuller, of this city, made his first direct shipment of clover seed to Liverpool, England, yesterday.

LIVELY.—Freight traffic at this depot yesterday was the briskest that has been offered for a considerable time, and afforded an extra amount of labor to all employed in the freight shed.

TEMPERANCE.—The celebration of the 21st anniversary of the Workmen's Temperance Association of this city will be held in their hall in the new Robertson block on Thursday evening.

INDUCTION.—Rev. D. Mitchell, who accepted the charge of the John St. Presbyterian Church will be inducted on Friday next and preach his first sermon here on the Sunday following.

RAILWAY NOTES.—One car of oats from Landsdown, one car of wheat from Hastings and one car of barrels from St. John, N.B., were received by Mr. Henry Corby yesterday and a car of corn was shipped to Mr. Tuttle of Bridgewater via Madoc.

GENEROUS DONATION.—Messrs S. H. Deifies and T. Love, of the G.T.R., have kindly donated the "Daily Intelligencer" for the benefit of the Irish poor, and it will be disposed of by the Committee who are soliciting assistance for that worthy object.

MILBURN.—A short series of lectures in Ontario by Milburn the blind orator is announced. This is the first opportunity for many of hearing this star of eloquence, and in all human probability will be the last and only one to many. Do not fail to hear this interesting, pathetic and eloquent sufferer, whose name has been a household word so long.

TEA-MEETING.—The annual tea-meeting was held in the lecture room of the Hallway Street Methodist Church last evening with a very large attendance. R. Luttrell, Esq., occupied the chair. There was an abundance of edibles, which were served up by the ladies in excellent style. The financial statement of the church was presented and read by Jacob Wilson Esq., after which speeches were delivered by the Rev. O. R. Lambly, Thomas Holden Esq., and the Rev. William Briggs. The meeting was a grand success.

GONE TO HIS LAST HOME.—James Vint, formerly of the township of Hope, County of Durham, died on the 12th inst. aged 70 years. The deceased gentleman was a member of the Orange order for over 40 years, of which he was a member Hope Lodge, No. 75. Some time since, this latter Lodge made him an honorary member for service in connection with Orangemen in this part of the Province, a compliment much appreciated by Mr. Vint, and one which was certainly well deserved. His remains were interred in the cemetery at Port Hope.

No more Hard Times.
If you will stop spending so much on fine clothes, rich food and style, buy good, healthy food, cheaper and better clothing, get more real and substantial things of life every day, and especially stop the foolish habit of employing expensive quack doctors or using too much of the vile, humbug medicine that does you only harm, but put your trust in that simple pure remedy, Hop Bitters; that cures always at a trifling cost, and you will see good times ahead and good health, too, another column.

Irish Relief.

A largely attended and influential meeting of the Central and Ward Committees was held last night in the City Hall.

His Worship the Mayor presided, the various Ward Committees organized elected their respective Chairmen, and appointed their work as follows:

KETCHUMS WARD.—West of Pinnacle street will be canvassed by John Sherwood, Ald. Costello, Messrs. T. Ritchie, W. Johnson and W. J. Northgroves. Between Pinnacle and George streets by Messrs. W. R. Barber, Dr. Murphy, Rev. Dr. Clarke and Ald. Jellott. Between George and Ann streets, Ald. Thos. Holden, Messrs. J. Grant, Prof. Dawson, J. B. Flint and E. McMahon. Between Ann street and eastern city limits, Messrs. W. E. Holton, Jas. Hennessey, S. G. Beatty and J. W. Campbell.

FOSTER WARD.—Dundas Street, Messrs. Newbery, Blocker, and Brennan. Ann and John Streets, Messrs. J. W. Johnson and W. J. Hudson. Wharf St. and south, Messrs. Petrie and Perkins. Front Street, Messrs. Thompson and Backus. Church and Pinnacle Streets, Messrs. Campbell and Ruff.

BALDWIN WARD.—Rev. Mr. McLean, Chairman. Front St., East side, Messrs. P. O'Brien and McCordie. West side, Messrs. D. B. Robertson and S. Kyle. Pinnacle and Church Sts., Messrs. B. Truich and T. Lockery. Rear, John, Forin and Alexander Streets, Messrs. Jas. Smith and P. E. Lynch. George, William and Ann Streets, Jas. Macoun and J. Nolan. Charles and Albert Sts., Messrs. W. Taylor and Jno. McKinnis. Foster and Blocker Avenues, Messrs. A. L. Smith and John Forin.

COLEMAN WARD.—Section 1—All the district from the G. T. R. south to the river to be canvassed by Messrs. C. Lavin, Ostrom, M. O'Dempsey, W. Lingham, E. Gauthier, and Nelson Prince. Section 2—The district north of G. T. R. by Messrs. St. Charles, Proctor, L. H. Henderson, S. Wade, R. Walsh, E. Hayne, and Jos. Durand.

SAMSON WARD.—Dr. Hope was chosen Chairman; Murray Ward—Mr. Falkner, Chairman. The Committees of both these Wards and Blocker Ward will meet to-night to fully distribute the territory to be canvassed.

After considerable desultory conversation it was on motion decided to commence the collection of subscriptions on Thursday the 19th inst., each Ward Committee to report finally to the Central Committee at the City Hall on the evening of Thursday, the 26th inst., at 7.30 p. m.

It was decided by an almost unanimous vote to forward all subscriptions to the Mansion House Committee, presided over by the Lord Mayor of Dublin. It was suggested that canvassers should be at liberty to accept subscriptions for any of the funds, and the Central Committee would see that the money was forwarded to the fund chosen by the donors, but in the absence of any choice all moneys would be sent to the Mansion House Committee, with whose management all expressed the utmost satisfaction.

The Secretary was instructed to prepare canvassers' books, on the fourth page of which would be printed the names of the Committees and signed by the chairman and Secretary of the Central Committee, so that all subscribers would be satisfied that the moneys donated were given to those properly authorized to collect. As a further source of satisfaction the names of all subscribers and the amounts they may subscribe will be published in the city papers. It is sincerely to be hoped that every citizen of Belleville will give generously and at once, if not for the credit of the City, for the relief of the many who are starving daily on the other side of the Atlantic.

News Condensed.

—Senator McPherson is much better.
—Rev. Father Chiniqny has arrived in New Zealand.
—Mr. Rivard has been re-elected Mayor of Montreal.

—The Parliamentary library numbers 95, 335 volumes. More accommodation is needed.
—François Leonce Reaume, the well-known engineer and architect, is dead.

—Ex-Ald. Rowe, of Ottawa, who intends to revive the Winnipeg Times, arrived in Winnipeg on the 10th.

—A despatch from St. Petersburg says Russia is erecting new fortifications at Sebastopol.

—Michael Heenan, one of the men arrested for participation in the Biddulph tragedy, has been released.

—The losses of the British farmers for the past year are estimated at £100,000,000 to £150,000,000.

—The British Government resolved yesterday to increase the advance for Ireland from £500,000 to £750,000.

—The planet Mars may now be seen a little south of the Pleiades about a quarter to two in the morning, his disk being nineteen times the fall.

—Shortly after the accident to the Vice-Royal party a cable despatch was sent to Her Majesty the Queen, giving details.

—Westward the star of, etc. Telephones have been ordered, to connect the Indian Agent's office with the store keeper's room at Battleford.

—Hon. Mr. Boleaford, of New Brunswick, has been appointed Speaker of the Senate as successor to Hon. Mr. Macpherson, who has resigned on account of illness.

—London Tract says it is a fact that Princess Louise returned to Canada with great reluctance. She complains of her utter isolation there. The Princess will pay an other visit to England in the autumn.

Revival Services.

MR. HAMMOND'S MEETINGS.

MONDAY EVENING.

After the singing of a number of hymns, Rev. Mr. Lamby offered a brief prayer. Mr. Hammond asked that all should cultivate a spirit of prayer; he stated that he had been out riding during the afternoon, and during the journey had devotedly prayed for a man who had promised to attend the meeting. He had also visited the Institute for the Deaf and Dumb, and had spoken to those who were in that Institution. He then read a portion of the 10th chapter of the Acts of the Apostles, and expatiated on the several verses read by him. The story of the torturing of Paul and Silas was vividly presented, and the sufferings they underwent portrayed with the characteristic earnestness of the speaker. Let us praise God always, and ask Him to deliver us from evil. He objected to the prejudices of parents in not allowing their children to attend such meetings as these, and trusted no fault would be found with him in speaking in the manner he did. Prayer was offered for the fathers and mothers of the little children who had given their hearts to Jesus, and the invocation of the Holy Spirit was asked to aid to that end.

Rev. Mr. Lane announced the holding of future meetings, and Mr. Hammond supplemented it and asked that his efforts would be aided by the prayers of Christians.

After the singing of a hymn, Mr. Hammond urged that an extra effort be made to secure a large attendance at future meetings. He then went into his discourse, choosing as his theme "What shall I do to be saved?" That is what has realized it, many, as they have read his text was "Believe on the Lord Jesus Christ and thou shalt be saved." His object was to show the difference between intellectual faith and saving faith. One may read the Bible for years, study it carefully and have an intellectual perception of it, and yet be lost to God.

God has a government, it is upheld by law; we have broken His law and sin. requires an atonement and we feel that it is necessary. Jesus came upon us, proved his almighty and gave himself up as an atonement for our sins. The Son of Man came to save all who were lost; we must pray if we expect to be saved, and if we cry to Jesus He will relieve us in the life boat of salvation. We should pray, and when we do we should pray from the heart and with faith in the Lord Jesus Christ, and we could be saved. One may possess an intellectual comprehension of faith but he should not profess to be a Christian until he has been converted. He defined the word Christian and said a change of heart accorded it and a belief then in the Lord Jesus Christ was a saving faith.

Singing followed, after which there was an enquiry meeting.

TUESDAY MORNING.

At 8.45 this morning Mr. Hammond held a meeting in Albert College and continued it until 10.30. His hearers were composed principally of students at the College, and his remarks made a deep impression on their minds.

An all day service was begun in the John St. Presbyterian Church this morning at 9.30, to a fair audience. The meeting opened with prayer; the singing of hymns followed; after which a variety of requests for prayer were presented, and received appropriate responses from the ministers present, and Christians in the audience. Hymnal exercises were given, and a series of brief prayers succeeded.

A Good Thing.
German Syrup is the special prescription of Dr. A. Boesche, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries of the age. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, and its rapidity of cure is a very season confirm. Two million bottles sold annually. Beware of medicines of similar names, lately introduced. Boesche's German Syrup was introduced into the United States in 1858, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents Sample bottle, 10 cents.

"TEABERRY," the new powder for whitening the teeth, stimulating the mouth and purifying the blood, is the best and most complete little toilet gem extant. Ask your druggist for "Teaberry." Price 35 cents. d.w.

Guilty of Wrong.

Some people have a fashion of confusing excellent remedies with the large mass of "patent medicines," and in this they are guilty of a wrong. There are some advertised remedies fully worth all that is asked for them, and one at least we know of. Hop Bitters just such a climate as we have most of the year in Bay City, and has always found them to be fine sales and reliable, doing all that is claimed for them.—Tribune.

Bucklen's Arnica Salve.

The Best BALM in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Tetter, Chapped Hands, Chills, Burns, and all kinds of Skin Eruptions. It is a sure and guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by Jas. Clarke & Co. w8

—We are glad to learn that the "PAIR-KILLER" is having so large a sale in our city. We have very reason to believe it to be an almost never-failing cure for pain, and is a medicine that a family should be without.—Montreal Pilot.

—Dr. A. R. SCOVILLE, of Cincinnati, says:—"For Coughs and the early stages of Lung complaints, I believe it to be a certain cure; and if every family would keep it by them, ready to administer upon the first appearance of disease about the Lungs, there would be very few cases of fatal consumption."

STRAITFORD, ONT., AUG. 1, 1874
Having become almost entirely cured of extreme debility through the use of Fells' Compound Syrup of Wild Cherry, I feel it but just to put the fact on record. My case had resisted all other medicines, but succumbed to three bottles of Fells' Compound Syrup. CHAS. H. ROBERTSON.

Canada Royal Benefit Society.

THIS Society is for all insurable persons, for those of small means as well as for the rich; for the sober, the industrious and the provident. It is based upon sound commercial and economical principles, and wholly free from secrets and expensive ceremonies, with which many of the benevolent societies of the present day are encumbered.

The benefit branch secures for its members medical attendance and \$5 per week in case of sickness or accident, \$500 in case of death, with a provision for one half of the \$500 being paid should a member become totally disabled through sickness or accident at an earlier period.

The tables of fees have been drawn up with the greatest care, making due allowance for the difference of age at the time of joining the Society.

From a careful inspection of the Society's By-Laws, it will be seen that the greatest possible advantages are offered for the premiums paid.

The following table of fees will be of interest to those desiring to join this Society:—

Age on Entrance Annual Assessment

From 16 to 20 yrs. \$4.00 - \$2.50 - \$0.38

21 to 25 " 5.00 - 2.50 - .41

26 to 30 " 6.00 - 3.00 - .49

31 to 35 " 7.00 - 3.50 - .59

36 to 40 " 8.00 - 4.00 - .69

41 to 45 " 10.00 - 4.50 - .75

46 to 50 " 12.00 - 5.00 - .85

51 to 55 " 14.00 - 5.50 - .95

56 to 60 " 16.00 - 6.00 - 1.05

LAME BACK. WEAK BACK.

BENSON'S CAPSINE POROUS PLASTER.

Overwhelming evidence of their superiority over all other plasters. It is everywhere recommended by Physicians, Druggists and the Press.

The manufacturers received a special award and the only medal upon porous plasters at the Centennial Exposition, 1876, at the Paris Exposition, 1878.

Their great merit lies in the fact that they are the only plasters which relieve pain at once.

Every one suffering from RHEUMATISM, LAME BACK, OR WEAK BACK, COIC on the Chest, Coughs, or any local pain or ache, should use Benson's Capsine Porous Plaster, and be relieved at once. Price 25 cts. Sold by all Druggists.

The Daily Intelligencer.

TRAIN SERVICE.

Subscribers in the villages along the line of Railway will hereafter receive their Daily papers at the following places, instead of at the Post Office:

STIRLING.—At the drug store of Dr. G. H. Boulter, M. P. P.

CAMBERVILLE.—At the office of Mr. Thomas Oliver, who will also act as agent for the Weekly Intelligencer.

HASTINGS.—Of Mr. David Morrison, at the Post Office.

MADOG.—At the store of Mr. C. G. Wilcox.

Extra copies of each day's issue can be obtained at the above places.

GEO. P. ROWELL & Co.,
41 PARK ROW, NEW YORK.

J. H. BATES, 41 PARK ROW, NEW YORK.
RE our Agents in this city, and are authorized to contract for advertising at lowest rates.

Political Notes.

TRUE TO THEIR RECORD.

Says the Mail:—"The Mackenzie Government violated the Independence of Parliament Act up to the hilt."

Accounts show that Mr. Bannatyne sold the provisions and that Mr. Anglin copied the Government advertisements into his paper and charged them roundly for it. They were consistent in nothing but in the violation of their promise.

direct promises might in this case be added, ONE OF THE FIRST FEATS.

The Peterborough Review says:—"The last number of the Monetary Times contains the following paragraph:

"The French Commission on the Tariff has reported, among other things, in favor of reducing the duty on Canadian built vessels, from 40 to 2 francs a ton. And on this point the Government agrees with the Commission. It is considered certain that this recommendation will be passed by the Legislature. Within two months it is expected the tariff will be passed; so that, in the spring, the French market will be open to our ship-builders. This may be regarded as the first fruit of Sir A. T. Galt's mission."

This is only a specimen of the benefits that are likely to be derived from Sir A. T. Galt's services. The present Ministers certainly do not act on the belief that they are "fish on the wheel," and can do nothing to foster Canadian industries.

THE SOUTH-WEST.

The Mail thinks that the office of Lieut. Governor of the North-West and those of other officials should be abolished, so soon as Mr. Laird's term of office expires. This is a matter for very serious consideration, and one which we are quite content to leave the Government to deal with. We are of opinion that Mr. Laird's office was created in advance of any necessity for it, and to reward him for his services to the Grit party in 1873. But that it will not be necessary, now that the Pacific railway is about to be extended beyond the boundaries of Manitoba, and that a very large influx of population into the territory is thus insured, does not seem so clear. Mr. Laird's term of office does not expire until October, 1881, and there will be ample time to come to a determination on the subject previous to that time.

DISTRIBUTING THE STREPLES.

The Ontario Government have laid down the rule that it is better to distribute the surplus left them as a legacy by the Sandfield Macdonald Administration, than to hoard up the people's money. A few more pleasant trips will accomplish the desired end.

"TIPPING" THE WAITERS.

It cost \$10 to tip the waiters at the Chicago Hotel on the occasion of the pleasure excursion of the Lieut. Governor of Ontario and party to Manitoba, which the economical Government at Toronto paid out of the public funds.

ANOTHER LUXURY.

A trip to the theatre was one of the luxuries enjoyed by the same excursion party, which the people of Ontario are called upon to pay.

GENEROUS TO THE BANSKENS.

The dwellers in the great west were so enthusiastic that the band at Prince Arthur's Landing serenaded the Lieut. Governor and party. The people of Ontario paid the bill.

Mr. Hogle and the Township of Rawdon.

We take much pleasure in publishing the following extract from the Stirling News-Argus in relation to Mr. Joseph Hogle, the respected Clerk of the Township of Rawdon:—"At the last meeting of the Rawdon Council, on the 2nd inst., before the motion was put to adjourn, the Clerk requested the privilege of saying a few words, which was granted, and we publish his remarks by request, which were, in substance, as follows: 'I must say that this has been one of the most pleasant days I have spent around the Council board for the last nine years. When I came here this morning I anticipated a change in the Clerkship, and did not feel that care and responsibility that I have felt on former occasions. After the last meeting of the Council one of your body told me that there were about two-thirds of the people in the township that wanted a change, giving as their only reason that I had had it long enough, and they thought others should have a chance. I told him that it was the case they should make the change by all means; as for my part, I had always said I did not want it any longer than it was the wish of a majority of the Council or the people. You may know, sir, that I was quite surprised to hear that the man it came from, and made it my business to enquire among the business men and others of the township what they had heard and believed, and they said they did not think they would get another person that would neglect his own business as I

had done to attend to the business of the public. I told them I had always felt it was the duty of any man who took a public office to fulfil it at any sacrifice; and, sir, I have to learn that there is a change, I would just say, Mr. Chairman, that I came to this township thirty-five years ago, when but about seventeen years of age, when the township of Rawdon was a wilderness; I cut the first tree on the place I settled on, and went through all the privations and hardships of an early settler. I have hewed myself out a home that is uncumbered, and of which I justly feel proud; and I thank providence that I have lived until this day to see what was then a wilderness now blooming like the rose. You must know that in coming to this township when a mere youth, and spending my best days here, I have formed a strong attachment to the township of my adoption."

Annual Meeting.

THE G. J. R. BOARD MEETING.

The adjourned annual meeting of the shareholders of the Grand Junction Railway Company was held in the Company's offices, Pinnacle Street, on Tuesday 17th inst., at 2 p.m.

Amongst those present were Thomas Kelso, N. B. Falkner, D. B. Robertson, James S. Fowles, E. O. Bickford, H. Cameron, Q. C.

The chair was occupied by Mr. Kelso, President of the Company, and Mr. Robertson acted as Secretary.

The minutes of the last meeting were read and confirmed.

The chairman remarked that he regretted the small attendance of shareholders and the absence of the Mayor of the City and the Warden of the County. He had also to state that no annual meeting of the shareholders had taken place since the 17th of March 1877, but a report of the history of the road since that date would be presented.

The Secretary then read the report of the Directors of the Company, giving an account of the work done since the date above given, all of which is familiar to the general reader.

The report on motion was received and adopted.

The following resolutions, moved by Mr. Diamond and seconded by Mr. Falkner, were introduced and passed:

That the mortgage made by this Company to E. O. Bickford and others for \$220,000 on the 24th of Nov., 1879 be approved.

That the settlement with the County made by the President be confirmed;

That the number of Directors be reduced to seven, exclusive of ex-officio Directors, in accordance with the provisions of the Statute and the published notice to that effect;

That the contract made with E. O. Bickford & Co. for the construction of the road from Hastings to Peterborough, on the 1st inst., be ratified and approved.

The election of Directors was then proceeded with, an adjournment for ten minutes having been made for the purpose of balloting.

Messrs. Fowles and Falkner acted as scrutineers and reported the result as follows:

Thomas Kelso, James S. Fowles, Abraham Diamond, Hon. Robert Reid, N. B. Falkner, Hector Cameron, M. P., and Alex. Robertson, M. P. P.

The report was received and adopted.

The meeting of the shareholders then adjourned sine die and the Board of Directors being then assembled, it was moved by Mr. Cameron, seconded by Mr. Diamond, that Thomas Kelso be appointed President for the ensuing year. Carried.

The meeting adjourned to be convened again at the call of the President.

SOCIAL.—A correspondent writes from Hungerford as follows: A social held in the Lodge Room, 11th Con. of Hungerford on the evening of the 3rd inst., in aid of the Bible Christian Missionary fund, was well attended, considering that the evening was the most stormy of the present season so far.

The hall was well filled, and after ample justice had been done to the good things provided by the lady friends of the neighborhood, Wm. White, Esq., of Tweed, was called to the chair, which he filled with his usual ability. The first speaker, the Rev. Mr. Walker, G. M., delivered an able speech on the all absorbing subject of the grievances and present sufferings of the inhabitants of the Emerald Isle.

He was followed by R. Luntrell, Esq., whose subject was "The time we live in and our country," which he handled in a masterly style. Manifesting throughout a thorough knowledge of his subject, he dilated eloquently on the bright prospects of our Dominion's future greatness and dealt some staggering blows at the evils that were most likely to hinder us in our march of progress, especially that deadliest foe of our race intemperance. The gentleman is a very pleasing and instructive speaker, and will be sure of a good audience should he visit us again. The next speaker was John White, Esq., M. P. I think this gentleman excelled himself, I never heard him do better and that is saying a good deal. The C. M. choir, of Tweed, was in attendance under the leadership of G. G. Easterbrook, Esq., his son Willie being for the occasion organist, so that between the speeches was interspersed with the choicest music, both vocal and instrumental. Votes of thanks to the choir, the speakers, and the lady friends who supplied the provisions, the National Anthem was sung, and this concluded a very pleasant time.

THE AFGHAN SITUATION.

A Turcoman Force Enters Afghanistan.—Excitement at Cabul.

LAHORE, Feb. 17.—A Turcoman force, believed to be accompanied by Abdul Rahman Khan, has reached Akroch in Afghanistan. There is great excitement at Cabul over this report.

MORNING DESPATCHES.

AMERICAN.

THE VERMONT REPUBLICANS.

Lynching in Virginia.

KILLED BY A NUT-CRACKER.

ANOTHER SOUTH AMERICAN REVOLUTION.

The War Between Peru and Chili.

BURLINGTON, Vt., Feb. 18.—The Republicans last night chose delegates for the State Convention. The preferences of the delegates are for Edmunds, providing there is a chance of his nomination, otherwise they favor Grant.

HANOVER, N.H., Feb. 18.—The Sheriff of London county, Virginia, while in charge of W. V. Nixon, a negro, charged with an indecent assault upon two white women recently, was set upon by thirty armed men at Point of Rocks Station, who forcibly took the prisoner half a mile up the river, where he was recognized by Miss Marmon, one of his victims. He was hanged to a tree and ten shots fired into his body, one by Miss Marmon.

BROOKLYN, Feb. 18.—Hughes, the young man who was struck a month ago with an iron nut cracker by Bogliolo, an Italian pea nut vendor, whom he insulted, died yesterday. Bogliolo, who furnished \$2,000 in Government bonds, has disappeared.

CINCINNATI, Feb. 18.—In 74 John Mueller, contractor for the Chicago custom house, made a written agreement to give his old friend James P. Morris \$300,000 annually provided Morris would leave all his property at his death to Mueller. Morris died soon after, leaving \$100,000. Judge Baxter decides that the agreement with Mueller was made while the two were drunk. The estate now reverts to the heirs.

COLON, COLOMBIA, Feb. 18.—A successful revolution is reported in Medellin, the capital of Antioquia. The administration is now believed to be in the hands of the Radical party.

SPRINGFIELD, N. C., Feb. 28.—Ames Sweet, the County fiddler, got drunk at a dance last night and was unable to play. He created a disturbance and reeled against Bob Tumell. The latter struck Sweet over the head with a bass viol, inflicting fatal injuries.

NEW YORK, Feb. 18.—The Herald's fund now amounts to \$206,700; yesterday's contributions were \$3,600, including \$1,000 from Jno. Jacob Astor, and \$500 from W. P. Douglas.

Placios, Chilean consul at San Francisco who is in the city en route for Panama, told a World reporter yesterday that he thought the war between Chile and Peru was over.

Bolivia is in internal revolt. Great distress prevails in Peru; the paper dollar is worth 12cts. Chili has possession of rich nitrate deposits, which constitute the whole wealth of Peru, and will hold them until the indemnity is paid for the expenses of the war. It has been hinted that Chili was about to call Colombia to account for sending arms to Peru during the war, and had demanded a money indemnity. If Colombia refuses, Chili will interfere at the proposed terminus of the projected Panama canal. Placios favors DeLesseps' canal project.

T. A. Matzdavia, a young Japanese engineer, recently in the employ of the Elevated Railroad, has invented a curious and ingenious scientific instrument for solving problems of trigonometry arising in the course of a survey. He has not patented it, though it is a great boon to surveyors.

A reception and banquet will be given to DeLesseps on February 27. Dr. Storrs will preside. Among the invited guests are Everts, Gov. Cornell, Tilden and the French Minister. Subscribers to the banquet are Russell Sage, Senator Jones, Erasmus Corning, Chester Griawold, Wheeler H. Peckham, and many others.

Bessie Turner denies her marriage.

WHAT KINGSTON IS AFTER.—The Montreal Witness says:—"With the prospect of having the Grand Trunk Railway track run through Kingston instead of a couple of miles north of it as at present, the Kingston people, notwithstanding positive announcements that the Grand Trunk Central Offices are to be erected at Point St. Charles this year, mention as a probability that not only these offices but the shops will be removed there, Kingston becoming the headquarters of the Central Division. It is remarkable that something was not done long ago in the matter of railway accommodation long ago; that the Grand Trunk track was not moved down to Kingston or Kingston moved up to the track, and if the proposed accommodation is given the Kingston City people should be satisfied with any other concessions for the next decade at least."

THE CONSOLIDATED BANK.—The Montreal Star of the 17th says:—"The important announcement was made this morning that on the 1st of March next the Consolidated Bank will commence payment of bills and deposits at its office. This statement is a welcome one, and will stop the expensive proceedings in insolvency, which the directors have been fighting off for some time. It has been made possible in the first place by the fact that the corporate creditors, the Government and Banks, have agreed to give the Consolidated time to realize its assets. Besides this, some of the Consolidated Bank assets which were estimated at the time of the failure as next to nothing have turned out unexpectedly well. Since the first panic the directors of the Bank have apparently acted with vigor and discretion; and if their exertions should result as is now anticipated, they will deserve considerable credit. The work of realizing the assets will now quickly be proceeded with, and the shareholders will, in the end, obtain a substantial return from the estate."

For the Intelligencer.

Revival Services.

The meeting of Monday morning in John Street Church is not fully described by saying that greater numbers were in attendance than on any former occasion. Indeed, the numbers were very large. The services of the Sabbath were fruit in begetting in the hearts of the Christian people of the city a deep interest in the morning service. Neither in the whole story told in the statement that prayers were asked for a large number of unconverted friends, that songs were sung, prayers offered, and words of counsel and reproof and comfort spoken. These meetings have a deeper, diviner significance than is indicated in the bare statement of such facts. Prayers might be asked and offered, hymns of praise sung, words of wisdom spoken, and yet hearts be unmoved, unrenewed, unconverted. The routine of services might be performed, and yet without love of spirit or fervor, but while all this might have been true it was not. In all the morning meetings God has been graciously present and in none more manifestly so than in that of Monday. On the wing of the hearts of believers went aloft, and while the whole story told in the statement that prayers were asked for a large number of unconverted friends, that songs were sung, prayers offered, and words of counsel and reproof and comfort spoken. These meetings have a deeper, diviner significance than is indicated in the bare statement of such facts. Prayers might be asked and offered, hymns of praise sung, words of wisdom spoken, and yet hearts be unmoved, unrenewed, unconverted. The routine of services might be performed, and yet without love of spirit or fervor, but while all this might have been true it was not. These meetings have a deeper, diviner significance than is indicated in the bare statement of such facts. Prayers might be asked and offered, hymns of praise sung, words of wisdom spoken, and yet hearts be unmoved, unrenewed, unconverted. The routine of services might be performed, and yet without love of spirit or fervor, but while all this might have been true it was not. In all the morning meetings God has been graciously present and in none more manifestly so than in that of Monday. On the wing of the hearts of believers went aloft, and while the whole story told in the statement that prayers were asked for a large number of unconverted friends, that songs were sung, prayers offered, and words of counsel and reproof and comfort spoken. These meetings have a deeper, diviner significance than is indicated in the bare statement of such facts. Prayers might be asked and offered, hymns of praise sung, words of wisdom spoken, and yet hearts be unmoved, unrenewed, unconverted. TRAVELLERS' GUIDE.

GRAND TRUNK TIME TABLE.

Nov. 24, 1879.

Nov. 2, Day Express, 6:15 p. m.
No. 4, Morning Express, 6:30 a. m.
No. 8, Mixed, 12:30 p. m.
Passenger, 4:00 a. m.

GRAND JUNCTION RAILWAY.
On and after Monday, November 3rd, trains will run as follows:
Leave Hastings, 7:30 a. m.
Arrive in Belleville, 10:30 a. m.
Leave Belleville, 3:30 p. m.
Arrive in Hastings, 6:30 p. m.
Trains are run by Belleville time.

BELLEVILLE AND NORTH HASTINGS RAILWAY.

On and after Monday, November 3rd, trains will run as follows:
Leave Hastings, 8:00 a. m.
Arrive in Belleville, 10:00 a. m.
Leave Belleville, 9:30 a. m. and 4:00 p. m.
Arrive in Hastings, 5:00 p. m.
Trains are run by Belleville time.

PRINCE EDWARD COUNTY RAILWAY.

On and after Monday, December 22, trains will run as follows:
Leave Trenton Junction, 7:15 a. m. and 1 p. m.
Arrive in Picton, 9:00 a. m. and 3:00 p. m.
Leave Picton, 9:30 a. m. and 4:00 p. m.
Arrive in Trenton Junction, 11:00 a. m. and 6:00 p. m.
Trains are run by Montreal time.

STAGE ROUTES.

Stages leave the principal hotels for the undersigned places at the hours named:
For STRELLING, Daily, at 8 a. m., and 2 p. m.
For MADON, Daily, at 2 p. m.
For DUNDASVILLE, Twice, at 8 a. m., and 2 p. m.
For DUNDASVILLE, Daily, at 3 p. m.
The stages arrive in Belleville about noon each day.

Daily Intelligencer.

BELLEVILLE, WEDNESDAY, FEB. 17.

City and Vicinity.

THE CELLS.—The only inmates of the cells last night were two troops.

DAUGHTERS.—Owing to the mild weather the ice between this city and Trenton is now dangerous for travel, as it has become thin in many places and is gradually becoming thinner.

ANNIVERSARY.—The Workmen's Temperance Association have a choice programme to-morrow evening, on the occasion of their 21st anniversary. It is to be hoped that there will be a full house.

SPRING-LIKE.—The weather has of late been so mild and pleasant that predictions of an early spring are hazarded by not a few students of the weather. Others, again, are of the opinion that a severely cold term, with heavy snow falls, is now at hand.

CORRECTION.—The induction of the Rev. D. Mitchell to the pastorate of the John Street Church will take place on the 27th inst.—not Friday next, as was inadvertently stated in yesterday's issue. He will preach for the first time on Sunday, the 29th inst.

A HEAVY TRAIN.—One of the large six-wheeled engines brought 27 loaded cars from Toronto to this city this morning. When it is considered that ordinary locomotives only draw 19 cars and engines of this class 24, it will be seen that the load was an enormous one for one iron horse to pull.

HEAVY RISE IN WOOL.—A despatch from London, England, on the 17th says: "At the regular wool sales at the Royal Exchange to-day, the market opened with an upward tendency, and a general rise in prices is predicted. Australian was quoted at 15 per cent. advance, and Cape wools at 5 per cent. Transactions were large."

ENTERTAINMENT.—The joint meeting of the Rowing and Cricket Clubs, held last night, was largely attended. It was resolved to hold a concert, the programme for which was to be arranged this morning, and to endeavor to have special trains run over the local railways.

PEETLY LARKEN.—A young man who was in the employ of Mr. John Cox, of the front of Sidney, came to the city on Tuesday with a load of pea straw, which he was ordered to deliver at Severn's brewery. Instead of doing so, however, he drove to the market and having disposed of this load drove the horses to Gibson's Hotel, left them there and disappeared.

HAPPY ANNIVERSARY.—The 34th anniversary of the marriage of Mr. and Mrs. Owen Weese, was celebrated at their residence in Thurlow on the evening of the 17th, when several members of the family and some friends were present. Mr. and Mrs. Weese were the recipients of numerous gifts from the members of the party, all of whom spent a delightful evening.

REMOVAL.—Messrs. Robin & Bayeur have leased the store formerly occupied by Messrs. Barber, Brignall & Co., corner of Front and Bridge Streets, are having it refitted for the accommodation of their boot and shoe business. They propose moving the new premises about the 1st of March. The stand is an excellent one, and no doubt the change will tend to increase the large business now being done by the firm.

NEW PATENT.—Mr. William Hunter has an improvement on the cattle car now in use on the railways here, and has applied for patents for it at Washington and Ottawa. The improvement consists in the "stalling" of the cattle, and in the introduction of a feed box, which occupies the central portion of the car for its entire length. The food for the animals is introduced through three openings in the top of the car and the siding of the stalls, through necessarily movable, can be made permanent. The inventor, who is assisted in his enterprise by Mr. W. P. Niles, claims that such a car will prove a great benefit and result in a far less shrinkage of the animals in the transit of cattle to the seaboard.

IRISH RELIEF.—The Dominion Government propose to vote £100,000 for the relief of the distress in Ireland.

MILBURN.—The mode in which a thorn is handled by Milburn is at once unique and striking. Nothing can equal the vivid-pictures of impressions that have flashed through his brain in his blindness, yet his kind disposition and a genial and sunny humor without occasional flashes of wit and humor and even mirth. His punning will gratify at once our curiosity and our desire to enjoy him.

THE BROTHERHOOD OF LOCOMOTIVE ENGINEERS' MONTHLY JOURNAL.—A copy of this publication, which is devoted to the locomotive department of Railways, and is published by order of the Grand International Division at Cleveland, Ohio, under the immediate supervision of L. M. Ashbury, C. E., and R. S. J. Graham, F. G. E., has been received. It is a very neatly printed magazine of 48 pages, and contains a large amount of literary matter, as well as matter of special interest to railroad men, besides a directory of the various Locomotive Engineers' Brotherhoods. Mr. G. J. Henry is the agent for the publication at Belleville, the terms of subscription for which are \$1.12 per annum in advance.

Revival Services.

MR. HAMMOND'S MEETINGS.

TUESDAY'S SERVICE.

The all day service in the John Street Church was largely attended in the morning and consisted of a series of enquiries and offerings of prayer and praise. It closed at five o'clock.

Holloway Street Methodist Church was well filled at the afternoon meeting with little children. The service, which was conducted by Mr. Hammond, was especially interesting and very successful.

After prayer and singing in the Bridge Street Church, the attendance at which was very large at night, Dr. Jaeger reported from the children's meeting that it had been productive of great results.

Mr. Hammond, after announcing that he was going to Montreal on Saturday next, gave out the 3rd verse of the 12th chapter of Corinthians, "I give you to understand that no man can call Jesus, Lord, but by the Holy Ghost." On this, which he briefly commented. As his text he chose "Saul, Saul, why persecutest thou me?" 4th verse 10th chapter of the Acts of the Apostles. In his preface he divided his discourse into four parts: 1st, laughing Saul of Tarsus; 2d, stricken Saul of Tarsus; 3d, submissive Saul of Tarsus; and 4th, saved Saul of Tarsus. The followers of the Lord had been persecuted and were driven out of Jerusalem, even as far as Damascus. Saul was very prominent in this persecution and when he went to Damascus to bring the Christians in that place bound to Jerusalem, it was then the miracle of light was performed by God.

"Suddenly a light from heaven shone about and about him; and a voice said, Saul, Saul, why persecutest thou me?" and Saul said, Who art thou? I am Jesus, &c. &c. The subsequent conversion of Paul was the result, as stated in the verses read by him which followed the above. Jesus asks Christian Sunday School teachers and scholars "Why persecutest thou me?" To the little one who would not speak with the little one who desired to be saved, Jesus said, "Why persecutest thou me?" Jesus asked the question of false communicants, for any such who come to the Lord's table acts a horrible lie and it is one of the greatest sins one can commit. All who are converted should join the church and unite in the commemoration of the last supper. Though we little know, wives, who are Christians are persecuted by their husbands who have not been converted. When a person disbelieves what he (the speaker) says and tells lies he is not persecuting him the speaker but his Master. He implored God's help to enable men to stop persecuting Christ and love and reverent Him. The meeting closed with prayer.

WEDNESDAY MORNING.
Despite the disagreeable weather of this morning, the attendance at the meeting was equally as good as any of its predecessors, and equally as deep an interest was manifested in the proceedings of the meeting. Singing and prayers were given and spirited, instructive and highly interesting addresses were given by Rev. Messrs Hammond and Willoughby, the remarks of whom secured the closest attention all present. At the close of the discourse an enquiry meeting followed, which was participated in by the resident clergymen and a number of professing Christians.

ANOTHER REGICIDE OUTRAGE

Attempt to Kill the Imperial Family of Russia.

FIVE SOLDIERS KILLED AND THIRTY-FIVE WOUNDED.

St. Petersburg, Feb. 18th.—There has been an abortive attempt to kill the Imperial family by laying a mine in the Winter Palace. Five soldiers were killed, and 35 wounded. The mine was laid under the guardroom of the palace, which is immediately under the dining hall. Owing to an accidental fall, the Imperial family had not entered the latter at the usual time. The explosion made a hole in the floor of the dining hall 10 feet long by 6 feet wide. The explosion occurred at just about the usual dinner hour of the Imperial family.

LATER.

St. Petersburg, Feb. 18.—An official account of the explosion states that about 7 o'clock last evening an explosion occurred in the basement of the Imperial winter palace, under the principal guard room. Eight soldiers of the Finland regiment of guard on duty were killed, and 46 injured. The flooring and several gas pipes were damaged. An official enquiry is proceeding.

Is MURRAY & LAMMAN'S FLORIDA WATER the most debilitated and nervous can find relief. Used freely in the water of the bath, it is almost marvellous, so strong though and bracing, and without any exciting agent.

COMMERCIAL NOTES.

\$100,000.—It is stated the syndicate of shareholders of the Mechanics' Bank are offering the creditors \$100,000 cash in thirty days. Mr. Adams, of Boston, has made a shipment of cotton from the Anthony Mines, Prince William, to Boston. The stock company has been organized which will commence operations on a large scale in the spring.

The Western Lumbermen estimates that the total production of lumber in the Mississippi Valley district in 1879 was 1,082,069,929 feet against 814,925,341 feet in 1878. The quantity on hand January 1st, 1880, was 400,862,717 feet.

At Fall River, Mass., printing cloths are now being put up, at 50c to 51c for 40 yards and 60x36 cloths, the clearing up of nearly 50,000 pieces of cloths having added considerable strength and buoyancy to the market.

On Friday last a deputation from the Montreal Board of Trade waited upon Mr. Joseph Hickson, General Manager of the Grand Trunk Railway, with respect to the transmission of goods to Manitoba. The deputation were received with the greatest consideration, and Mr. Hickson promised to do all that was possible to meet their views.

Messrs. Hodgson Bros., Liverpool report of Jan. 31st quotes:

Butter.—There is a fair conservative demand, and holders are firm for finest Canadian; Towaship's, Brockville's, and similar quality, at 11s to 11 1/2; Montreal's, at 10s to 10 1/2; it is not much controlled for, but there is a good demand for medium quality at 80 to 95 per cent.

Cheese.—There has been a fair speculative demand this week, and also some speculative purchases, at 70 to 72 for first parcels. The reduced stock is now getting into the hands of a few holders—some of whom are not very anxious to part with it, as the market is still tending upwards, there seems every prospect of their expectations being realized. There are no medium qualities now to be had on this market.

Thistles.—Mr. Hay's bill for the extermination of Canada thistles, introduced into the local legislature, provides that an overseer of highways shall have power to enter upon or cut thistles on any land sown with grain or other fall wheat, and when Canada thistles are growing upon non-resident lands, it shall not be necessary to give notice before proceeding to cut them down.

ONE MOMENT.—Are you suffering from any ailment? Have you any sore about you? Is your nervous system shattered? Have you pain anywhere? If any or all of those troubles afflict you, do not delay, procure BRISTOL'S PILLS AND SERRAVALLE'S, in them you will find aid and speedy relief.

An Honest Medicine Free of Charge.
Of all medicines advertised to cure any affection of the Throat, Chest or Lungs, we know of none we can recommend so highly as Dr. King's New Discovery for Consumption, Coughs, Colds, Asthma, Bronchitis, Hay Fever, Hoarseness, tickling in the throat, loss of voice, etc. This medicine does positively cure, and that where everything else has failed. No medicine can be so useful, so cheap, so positive and permanent cures as have already been effected by this truly wonderful medicine. For a full and complete description of a perfect specific, curing the worst cases in the shortest time possible. We say by all means give it a trial. Trial bottles free. Regular size \$1.00. For sale by JAMES CLARKE & Co.

A Good Thing.
German Syrup is the special prescription of Dr. A. Boeckh, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It cures Colds, Coughs, Asthma, Hay Fever, Hoarseness, tickling in the throat, loss of voice, etc. This medicine does positively cure, and that where everything else has failed. No medicine can be so useful, so cheap, so positive and permanent cures as have already been effected by this truly wonderful medicine. For a full and complete description of a perfect specific, curing the worst cases in the shortest time possible. We say by all means give it a trial. Trial bottles free. Regular size \$1.00. "TEABERRY," the new powder for whitening the teeth, stimulating the mouth and purifying the breath; the brightest, nearest, costliest toilet gem extant. Ask your druggist for "Teaberry." Price 35 cents. *dawley*

Guilty of Wrong.
Some people have a fashion of confusing excellent remedies with the large mass of "patent medicines," and in this they are guilty of a wrong. There are some advertised cures for the cure of Lung complaints, and one at least we know of—Hop Bitters. The writer has had occasion to use the Bitters just such a climate as we have met the year in Bay City, and has always found them to be first-class and reliable, doing all that is claimed for them.—*Tribune*.

Bucklen's Arnica Salve.
The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Itching, Chapped Hands, Chloasma, Corns, and all kinds of Skin Eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by J. S. Clarke & Co., 98 B. March.

Dr. A. R. SCOTT, of Cincinnati, says:
"For Coughs and the early stages of Lung complaints, I believe it to be a certain cure, and if every family would keep it by them, ready to administer upon the first appearance of disease about the Lungs, there would be very few cases of fatal consumption."

SHARFORD, ONT., AUG. 1, 1874.
Having been almost entirely cured of my Compound Syrup of Hypophosphites, I feel it but just to put the fact on record. My case had resisted all other medicines, and I was reduced to three bottles of Fellows' Hypophosphites.

CHE. H. ROBERTSON.
A CARD.
To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, etc., I will send a recipe that will cure you. FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to Dr. J. C. F. J. T. H. M. Station D, New York City, for a full description.

Bond Brothers, Bankers and Stock Brokers, Montreal and organizers Companies, Money invested in first-class Securities to pay 7 1/2 per cent. interest. Stocks purchased and sold at a discount of 10 per cent. interest at lowest rates.

Committee rose, reported and asked leave to sit again. - Granted.

Moved by Mr. Rose, and seconded by Mr. Bird, that a Committee consisting of the Reeve, John Bell, Esq., Solicitor, and Grand Township, in reference to a strip of land for use of the road and also a strip of land for use of the Trunk Railway between the 2nd and 3rd con. of Sidney. Carried.

Moved by Mr. Vandervoort, and seconded by Mr. Bleeker, that the Clerk be authorized to publish in both Belleville papers the Treasurer's abstract. Carried.

Council adjourned until the 1st Monday in April.

Wit and Humor.

A sufferer says that there is an advantage in having Indian parents—that mortifications are softer than plasters.

The man who unexpectedly sat down in some warm glue boiler there is more than one way of getting stuck.

They are getting kerosene so that it won't explode, and pretty soon there won't be any fun in being a choker.

There's a man in pain he can't tell whether it's a headache or corn.

"Is this the Adams House?" asked a stranger of a Bootman. "Yes, till you get to the roof then its eaves."

The difference between a scale maker and a dentist is that the one weighs on the weight; the other is always on route.

The great problem with rats and mice is how to get rid of human beings and have these making as much noise as they like.

Professor Proctor alludes to the earth as a mere mustard seed. The Buffalo Express says that this is because it is hot inside.

The New Orleans Picayune calls the gout a sort of brake which wise Providence put on a man's legs when he is living too fast.

THE COUNTY OF HASTINGS DIRECTORY FOR 1879-80.

CAUTION.

EACH PLUG OF THE MYRTLE LEAF IS MARKED T. & B. IN BIZON LETTERS.

NONE OTHER GENUINE.

WEST BELLEVILLE GRAIN ELEVATOR.

Capacity, 60,000 Bushels.

BRENNAN & VANDERVOORT, Proprietors.

THE undersigned having leased the above premises for a term of years, are prepared to receive, store, and ship all kinds of Grain, at reasonable rates.

The large number of bins enables us to pay more attention to grading than any other establishment in the City, and being away from Railways and Steamboats, farmers need have no fears of teams being scared or annoyed in any way.

All roads approaching the premises are put in fine order, and the elevators are in the best of repair.

Having first class facilities for receiving grain, we can take in from wagons 1,000 bushels of grain in one day.

The many years' experience we have had in the grain trade, and the confidence heretofore placed in us by our many friends, has decided us to offer these facilities, untrammelled by any of the old restrictions, and we trust our old friends will appreciate the advantages offered.

This Elevator is now ready to receive grain.

D. BRENNAN, Late of the firm of W. H. Campbell & Co. S. D. VANDERVOORT, Late of L. & Vandervoort, Belleville, Sept. 12, 1879. Advt.

HASTINGS DIRECTORY.—We acknowledge the receipt of a copy of the new directory published by the INTELLIGENCER Publishing Co. It contains nearly 500 pages, accurately edited, well printed, and substantially bound in cloth.

It contains, in addition to the directory proper, an extensive and of much importance to the residents of the County, and especially to business men. A good deal of time and attention have been expended in its preparation.

This part of the directory will be highly interesting and of much benefit to the public generally. There are also notes on the local railroads, and a list of the names of the proprietors of the soil, forest, mines, Free Grant Territories and other subjects, which greatly enhance the value of the directory.

The directory is also a valuable historical record, and a most interesting and useful work. It is a directory of the County of Hastings, and contains a full and complete list of the residents of the County, and of the proprietors of the soil, forest, mines, Free Grant Territories and other subjects, which greatly enhance the value of the directory.

The directory is also a valuable historical record, and a most interesting and useful work. The Ontario Legislature.

After routine and the third reading of a new public and private Bill, the House went into Committee on the Bill to amend the Public School Act, all the sections of which were disposed of before the hour of six arrived.

Mr. Wood, in moving the House again into Committee of Supply, said he would take the opportunity to make an explanation in reference to the trip of the Lieutenant-Governor to the North-West. He referred to the items of the expenditure for the trip, and said that on all these occasions the House and the public were provided.

Mr. Fraser argued that the Sovereign had no right to interfere with the public money, and that it was perfectly constitutional for his Honor to withdraw an amount of money from the public treasury, and to use it for his private purposes.

RELEVILLE, THURSDAY, FEB. 19.

Strict Economy.

We were told to believe at the late general election for the Ontario Legislature that, like Caesar's wife the Mowat Administration was above suspicion. Many were led to believe that strict economy was, and would be, the order of the day in all matters connected with the Administration of public affairs in Ontario, if their management was left in the hands of the Mowat administration, and that the high moral standing of the rulers of affairs at Toronto would be a sure guarantee that the Government of Ontario would be conducted in the interests of economy, morality and temperance.

That the large surplus left by the Sandfield Macdonald Administration was steadily and speedily fitting away there was no doubt; but that was readily accounted for by the large grants to Railways and other improvements in the Province, by which the people's money was returned to themselves. Like many men who go to ruin through their vices whilst their liberality is held to account, the late exposure of the reckless sacrifice of the people's money by the Lieutenant-Governor and party on their trip to Manitoba, shows that the boasted surplus is being dissipated in a much more questionable manner than they would lead us to believe. For a party of a baker's dozen for a month's trip the following list of supplies used shows a power of absorption that can only be accounted for by the fact that the bill was to be paid by the tax payers of Ontario, who elected the present Administration at Toronto in the interest of morality and temperance.

It took the following supplies "to make the party comfortable," which was the instruction given to the Clerk of the House, who was made purveyor to the party by the Government, when ordering supplies.

Claret, 96 bottles.
Wine, 222 bottles.
Brandy, 22 bottles.
Soda, Seltzer, &c., 182 bottles.
Bitters, 2 bottles.
Cigars, 1,600.

Bottles to—occasional drinks at the bar, to show that they were not questioned and to earn the money of the electors of Ontario.

Truly, "economy thou art a jewel" when applied to what we were told would be an economical Government in Ontario.

The Government, with characteristic cowardice, have tried to break the force of public opinion by inducing the Lieutenant-Governor to offer his cheque in payment of the liquor and cigar bills, which they had already sanctioned by paying, but they cannot thus escape their constitutional responsibility. The Opposition are evidently fully determined to force them to face the issue, and the division which will ensue on the motion which is to be proposed by Mr. Meredith, will enlighten the people of the Province as to the sentiments of their representatives on a transaction which has found but one or two apologists in the Government press, abject as they usually are. The Lieutenant-Governor may assume a haughty displeasure and Messrs. Mowat and Fraser may pretend to feel a virtuous indignation because they should be brought to book, but that will not in the slightest mitigate the popular condemnation passed upon so improper a use of the public money.

The Estimates and the Expenditures.

The Ottawa correspondent of the Mail writes:—"Since some, indeed many, of the Opposition journals do not seem to remember with accuracy the Finance Minister's speech of last session, it will be well to refresh their memories. Sir Leonard Tilley has declared his confidence that his anticipations would be realized and his estimates fulfilled, and one does not see any thing from which one can gather with accuracy that the Minister was mistaken. He pointed out in his budget speech that whereas the estimated expenditure of the previous year, as submitted by Sir Richard Cartwright, was \$23,000,000, it had to be supplemented by various estimates which ran it up to \$24,085,424. He estimated the revenue for 1878-79 at \$21,620,000. It has actually been \$22,517,382. The deficit for the same year he estimated at \$2,468,000, but owing to the importations of the spring being larger than anticipated, the deficit is but \$1,937,999. Now, supposing the great importations of the spring not to have occurred and the trade of the country to have decreased at the rate of decrease under Mr. Mackenzie, what would the actual deficit of the past year have been? Sir Leonard estimated the revenue for 1879-80 at \$24,122,000, and if that estimate is not fulfilled, at least the country will have the satisfaction of knowing that it is because the public industries have received an impetus which has effectively checked foreign importation."

Stocking Lake Ontario with White Fish.

We have received the following communication from Mr. Seth Green, the well known pisciculturist of New York State: To the Editor of the Intelligencer.

ROCHESTER, Feb. 7, 1880.

MR. EDITOR.—I think there will be an effort made to stock Lake Ontario with white fish, and any parties knowing where there are white fish taken in large numbers during the spawning season will confer a favor by letting me know by letter.

Yours,
SETH GREEN.

We commend the above to our readers, and hope that any of them who can furnish the desired information will do so. Letters addressed to Mr. Green at Rochester, New York, will reach him.

MORNING DESPATCHES.
EUROPEAN.

THE RUSSIAN EMPEROR.

AN ECCENTRIC RULER.

The Attempted Assassination.

NEW YORK, Feb. 18.—The Herald's Paris special says that private despatches from St. Petersburg state that the Emperor's ordinary life has been quieter than usual in the past month, even his afternoon drives, for which excellent crowds have awaited have been abandoned. One report asserts that the Emperor was in the apartments of Princess Dolgorovskiy when the explosion took place. It is well known that the Emperor has recently given complete sanction to the presence of this girl, who is the only person at court that can approach him in his more modest, which are now in a condition, and which are believed to be pretensions of softening of the brain.

Another account says the Emperor was in such deep conversation with Prince Alexander of Bulgaria when dinner was announced, that the announcement was unheeded. Shortly afterward the servant returned; as he opened the door the Emperor rose. At that instant a terrible explosion was heard. The Emperor had taken Prince Alexander's arm and was walking to the door; he stopped short at the sound. He then disengaged his arm, and raised his eyes to heaven in gratitude. Neither spoke a word. The Emperor was perfectly calm, and an hour later sat down quietly to dinner beside the great girl of the floor.

The Emperor was asleep and heard nothing of the explosion. Express orders were issued that he should be left in ignorance. Many of the aristocracy hastened to offer congratulations, but the police had strict orders to let no drowsy pass the gates. At an early hour in the morning the Emperor drove to church and returned thanks to the Virgin for his preservation from death.

AMERICAN.

AN ALLEGED MURDERER AS A LECTURER.

Youthful Burglars at Work.

IRISH RELIEF.

AID FOR COLORED REFUGEES.

HARTFORD, Ct., Feb. 19.—The Rev. Mr. Hayden lectured last evening on circumstantial evidence. There was a small attendance, owing to the storm. He proposes to raise money in this way for his defence.

MILTON, on the Hudson, Feb. 19.—The summer residence of Mrs. Stone, of New York, was broken open and robbed a week ago and the property willfully destroyed. Yesterday three young school boys confessed that they have visited the house every day for a week and carrying off property.

NEW YORK, Feb. 19.—The Herald's fund amounts to \$299,400. Yesterday's subscription was \$2,700.

WM. E. DODGE, Jackson Shultz, and a number of other leading citizens appeal for aid for the colored refugees in Kansas, numbering from 15,000 to 20,000. The appeal says: "We are gathering up money and supplies for the Irish, which is right, ought we not to remember our starving fellow citizens in our own country?"

There is much feeling among the laboring class and others in this city over the statement that the Elevated Railroads are delaying action on a Bill in the Legislature requiring them to reduce the fare to five cents.

The beneficiaries of the late Jas. Lenox are estimated at \$3,000,000.

The Tribune says that it is claimed by some that the decision in behalf of the W. U. Company concerning the Page patent does materially affect the instruments now in use.

St. Andrew's Church Soiree.

The above event took place in the City Hall last night and was largely attended. It proved successful in every sense, for in addition to being well patronized, there was a profusion of edibles and an excellent entertainment. Tea was served from the hour of seven until eight o'clock, after which time Mr. Wm. Tennant took the chair and the choir of the church gave a pleasing vocal selection. Prof. Stanstreet at the piano and Mr. Cline with the cornet gave a duet with pleasing effect. Rev. Mr. Turnbull followed with a reading in lieu of a speech, after which Mrs. Thomas sang "Under the Walnut tree," and was obliged to respond to an encore. Mr. Spangenberg came next with a comic song, and afterwards Mr. Hugh Walker gave a reading. Mrs. Thomas and Mr. George Mayhew in the duet "How dear the hour" were pleasantly received and loudly applauded, as was also Mr. Joseph Lewis in a recitation. Miss Christie sang two Scotch songs with excellent effect, and Rev. Dr. Clark delivered a brief address. An instrumental duet and a vocal quartette succeeded, and the proceedings were brought to a close by singing God Save the Queen.

Cases in which the heart is weak and irregular in action, are soon restored to health and regularity by Farrow's Syrup of Hydropathic. As persons who hear heart action is feeble, it is not surprising that the influence of cold, it is the worst of the cold season, the use is especially advised.

Revival Services.

MR. HAMMOND'S MEETINGS.

WEDNESDAY AFTERNOON.

A meeting was held in Albert College and was highly successful. A children's meeting was held in the Baptist Church at four o'clock in the afternoon, which was largely attended and proved of deep interest.

EVENING MEETING.

There was a very large audience in the Bridge Street Church at night, equal to that of Tuesday evening.

After prayer and singing, those present heartily joining in the latter, Mr. Hammond reported from the morning meeting that many announced they had been converted yesterday. "Glory be to God on high" was sung, followed by the revival narrative of some of his anecdotes, the words of which were plainly presented. An impressive prayer by Mr. Roscoe was followed by "Worthy, worthy to the Lamb." Mr. Hammond read from the 1st chapter of the 2nd Peter a number of verses which he commented on and illustrated. "We are not acceptable to God unless through Jesus Christ." Every sinner is a prodigal, and we cannot please God unless we go to Him when He calls upon us.

When a boy he, the speaker, had been afflicted with the measles of infidelity, and like college students who think they are smart, said he disbelieved the Bible, but he had been led to believe in its truth by his mother. He urged all to centre their hopes in Christ. Singing succeeded and Rev. Dr. Jaques addressed the audience. He was delighted with the success of these meetings and was glad Mr. Hammond had come to this city; he was also pleased with the success of the work at the College, as nearly all the students had experienced a change of heart. The children's meetings were very successful and he was also pleased with that; he hoped and believed if Mr. H. came again in the course of a few years he would find that all the children had remained truthful. He announced the names of several religious works which Mr. Hammond had for sale and spoke highly of their contents.

Mr. Hammond said he did not derive any profit from the sale of these books and his only object was to do good. He read a letter from a gentleman in St. Catharines which stated that the work in that city was still going on and that the interest was deepening.

A collection was then taken up to defray the expenses connected with the holding of these meetings.

Mr. Hammond asked prayer for himself, as he felt tired from the labors of the day; he then delivered a brief prayer, after which he gave out as the subject of his discourse the 22nd verse of the 15th chapter of Mark: "My God, my God, why hast thou forsaken me?" He pictured the scene at the cross and pointed to the central figure, and asked, did He suffer? That would resolve itself into three questions: Who is our sufferer? What does He suffer for? For whom does He suffer? He spoke of the crowd around the cross, many of whom were scoffers and who called our Saviour an impostor. Lazarus was the Messiah, long promised. A little girl whose afflictions had been cured by Jesus, and the son of a widow who was restored to life also proclaimed Him the Son of God. Every chapter in the Gospel, according to John, proved the divinity of Christ. If any one admits that Jesus was a good man that settles the question for the doctrine was the central one of God's word. The conversion of a sinner proclaims the divinity of the Lord Jesus Christ. The Bible is full of mystery and that endorses its divinity. "What did He suffer?" It will take all eternity to explain that question. He speaks more of His physical sufferings than of His soul sufferings. His sufferings were beyond finite conception. "For whom does He suffer?" He made Himself a ransom for us and gave Himself up to save us from the penalty of the law. Jesus lost his life for sinners; He was bruised for our iniquities, and none of us had even thanked Him for it, and in that we were ungrateful. A beautiful illustration, depicted in glowing and earnest language, closed a discourse of the greatest interest. An enquiry meeting followed, and continued an hour, when the meeting closed.

TUESDAY MORNING.

After devotional exercises in John Street Church this morning, Mr. Hammond gave out his subject "The Indwelling of the Spirit of God," and read a portion of the 4th chapter of the 2nd Kings. He commented on the several verses and pointed out and explained the inferences that were drawn from them. Other selections from the Scriptures bearing on the subject were also illustrated and explained. It was our fault, he said, if we were not filled with the spirit of God. Those who are possessed with a love of the Holy Spirit and a love of souls can do much good if they go to work.

Mr. G. Wilson related the story of his conversion, he stated that he had been drunk and that having been led to attend these revival meetings now, through the grace of God he was saved; he advised all drunkards to give themselves to Jesus and He will help them. During his remarks many in the audience sought relief for their feelings in tears.

The Bible-reading was then continued and the service concluded with an enquiry meeting.

SHEEP WORKING.—A dispatch from Napasau on the 18th says:—"Mr. Isaac Hoffman had his whole flock of sheep, consisting of thirteen fine ewes, destroyed by dogs last night. His son-in-law on going to feed the stock this morning discovered the dogs in the act, and attempted to drive them away, when they attacked him and forced him to flee for refuge. The sheep were found dead lying in all directions, mangled and torn, and not even the dogs are of much value. The owner of the dogs has agreed to make the loss good."

FROM PICTON.

Fire in a Grocery.

PICTON, Ont., Feb. 18th.—About 11.30 this morning a fire broke out in W. A. Carson's grocery and crockery store, adjoining the Oddfellows' Hall, on Main St., but it was soon got under control. Damage to building and stock about \$800; insured in the Lancashire Ins. Co. The fire is supposed to have originated from a defective chimney.

Destruction of our Youths.

To the Editor of the Intelligencer.

Dear Sir:—Will you kindly insert the following comments on the Report of our Chief of Police:

I read in that Report of the alarming increase of crime in the Youth of our City. Perhaps few people are aware of this, but it is true.

I was informed only the other day by a gentleman who is in a position to know, that boys and headless youngsters go by droves to the bar of a large hotel in this city every night.

This expenditure of money cannot be maintained on small salaries. Where does it come from? Too often from the tills of employers.

As they grow older they get bolder; emboldened by the success of their first attempts, and often forgo. Most cases result in detection, their imprisonment or the Penitentiary.

A young man who has once acquired the title of "jail bird" has little chance of regaining his character, consequently his career in the future would be one of crime.

What is the cause of this?

I fully endorse the opinion of our Chief, that it is to be traced to the gross carelessness and willful negligence of "parents." Their homes are such as to drive young men out of doors for amusement.

This is not all. I am about to make a grave statement, but it is nevertheless a true one, that our "Ministers" have to share a part of this charge with the parents. They are so dreadfully afraid of outside work being done.

There are congregations who could muster at least forty visitors, who could take up house to house visitation, or go in parties to teach the Gospel in the evenings in private homes in various parts of the city, were they generally by their Pastor.

But what do we find? An earnest Christian worker comes, and endeavors by great tact, judgment and zeal, to win these children and youths for Christ. Yet some of our Ministers refuse to co-operate.

The Christians of Belleville also have a share in this, for we know of some whom they have tried to turn out of the Church because of their zeal for the Master, and I know of a person who was told by one in authority to get out of the Church because he opposed the getting of money by wrong means for it.

And yet many of the Christians think it no harm to go to doubtful places of amusement, and give occasion to the enemies of Christ to point the finger of scorn at them, and say "Look at your Christians!" And I know of an instance in which tickets for a Church entertainment were offered for sale to hotel keepers to sell over the bar.

All this makes one ask the question, "Can this be a Christian land?" Ministers and Christians, be up and doing, if you want to stem the tide of crime and drunkenness.

Christian Ladies, go to work. Parents, look well to your children. I am, dear Sir,
A WELL-WISHER TO THE YOUTH.

To the Editor of the Intelligencer.

THANET, 20th Feb. 1880.

SIR.—The feeling back here is most bitter against the Local Government on account of the continued delay in the Homestead Act, which would deprive the settler of all the pine on his place for all time to come. Reformers and Conservatives alike are under great obligations to Dr. Boulter for his straightforward opposition to such a change in the Homestead Act. There is not an intelligent man in North America who does not realize the value of the land under such an Act. The Government could not devise a better plan than to drive away our young men to the Western States. Besides the \$30,000 to Emigrant agents would be lost to the country, as no one would settle under such an Act, and if any could be prevailed on to come here by lying agents, they would immediately, on perceiving their mistake, proceed to the Western States, cursing the country and Government that deceived them. If ever this country is to be settled it is by free deeds in rough land like this and no reservation of pine or minerals whatever; if good land, let the Government sell it, but reserve nothing in it or on it, which is the right policy for whatever Government is in power here. If we had a Colonization Railroad, and had no doubt but the roughest of our land would sell and settle fast, though it were given free and a railroad going through it. I hope the Lieut. Governor will never be called on to sign such an Act, and if he does that his good sense will refuse it.

Yours truly,
ARTHUR NOBLE,
33 years on the Hastings Road.

To the Editor of the Intelligencer.

MR. EDITOR.—I would wish to acknowledge through the Intelligencer the receipt of four dollars from Dr. Boulter, M. P. P., towards paying of the debt on the new Presbyterian Church at Thanet, and one dollar from T. A. Lester, of County Judge, also a lamp from John Roberts, Mr. Meredith, Madoc, and a chair for the Minister from Mrs. John Macguire, Belleville.

Thanet, Feb. 16, 1880.

In order to avoid annexation to Manitoba the residents of Rapid City intend organizing the North-West Territories Act and sending representatives to the Legislative Council at Battleford.

JAS. GLASS, Est.
Feb. 14, 1880.

NOTICE.

ALTHOUGH we have always done what is called a "cash business," yet for several years we have allowed a certain amount of latitude in the matter, some of our most valued customers having fallen into the habit of settling monthly, instead of paying at the time. This, however, we find leads to much more than we intended, as it is often impossible to deny a short credit to *double lot* customers, if we are in the habit of allowing it to good ones. Even a short credit inevitably leads to losses, and these losses have to be paid for, in part at least, by those who do pay honestly and promptly. We have long felt this to be unfair, and for our own sake, and that of our customers, we have resolved to entirely abandon it.

Accordingly, from the 1st of March next, we shall not, under any circumstances, sell goods on credit, and we trust that our friends will not give us the painful necessity of refusing them.

In taking this stand we do so with the firm conviction that it will be to the benefit of both buyer and seller; as while on the one hand we shall be saved much loss of money and time, on the other we shall be able to sell at closer prices, certain of getting our money in full.

We are year by year purchasing to better advantage, and to-day the bulk of our stock is bought as cheaply as at that of the wholesale houses of Toronto and Montreal, thus enabling us to give our customers the very best value for their money.

BELLEVILLE, FRIDAY, FEB. 20.
Benefits of the National Policy.

In the language of the prominent opponent of the N. P. who wrote the famous "big push" letter, "the fight goes bravely on," our exchanges for the last few days having fairly teemed with items showing that the Tariff continues to exercise a highly beneficial effect upon the trade of the country; whilst the redemption of Argentina by the Conservative party and the largely increased majorities for the Government candidates in Cornwall and Montserrat in the elections for the Commons recently held in those constituencies demonstrate that the people know and appreciate the value of a policy which has already so largely benefited home manufactures. The following facts, condensed from our exchanges, will show that the "hum" is still spreading:

The knitting factory at St. John's, Quebec, is to be enlarged.

New pulp and broom factories have been started near Annapolis, N. S., and large orders are being turned out for the Newfoundland trade.

The shoe factory at North Sydney, N. S., has been enlarged.

Initiatory steps have been taken at St. Stephen's, N. B., for the incorporation of a company to erect a cotton factory there.

Rankin's mill at Indiantown, N. B., has been purchased by an American firm, and is being fitted up for operations, which will be resumed soon for the first time since June, 1877.

A Montreal firm are about purchasing or leasing the property at the foot of the locks, Ottawa, formerly the residence of the late Lieut.-Col. Coffin, for the purpose of a soap factory.

An American company has purchased the Drum Cabinet factory at Quebec, and will begin immediately the manufacture of railroad cars in addition to articles of furniture.

Plans of the sugar refinery for the Hali fax (N. S.) company have been accepted by the directors, and tenders will at once be invited. The building will be of brick, one hundred and sixty feet long, sixty feet in depth, seven stories high in front and nine in the rear.

Mr. John Mather has left Ottawa for the North-West territories; he takes with him \$10,000 worth of mill machinery, all of which was manufactured in Canada. His mill is situated at Rat Portage, and when completed will have a saving capacity of 20,000,000 feet per season. Without the N. P. this machinery would have been supplied from the United States.

The Coldbrook (N. S.) iron works, which have been closed for some years, are to be reopened.

Gates Brothers, organ makers at Malvern Square N. S., are enlarging their manufactory.

The Canada Tool Works, Dundas, are at present in a very prosperous state compared with what they have been for several years past, employing 50 hands more than they did a year ago, and prospects for the future are bright. The proprietors emphatically say, "The N. P. did it."

The Thorold foundry has a large order for car wheels, axles, derricks and powers.

Messrs. Shantz & Sons, of the Dominion button works, Berlin, have received a large order from a leading house in New York for goods of their manufacture. This does not confirm the poor opinion expressed by Messrs. Mackenzie and Cartwright of the skill of Canadian workmen.

The Bowmanville Furniture Company have enlarged their building and are doing a large trade in the better class of furniture, such as was imported from the United States under the old tariff.

The Canada Chemical Company of Hamilton now manufacture muriatic and nitric acids, which were formerly imported.

The Ottawa Iron and Steel Company are about erecting a 30-ton blast furnace, a car wheel foundry and an axle factory. Character will be used as fuel.

The Cobourg woolen factory gives employment to between eighty and one hundred hands, and instead of closing, as in the past five or six years, in December, is now running on full time on spring goods.

The manufacturer attributes the present prosperity of the concern to the N. P.

The Dundas Edge Tool Company have already received orders for more axes than they turned out last year. Preparations are in progress to double the capacity of the works. Not an axe would have been made there, says the Standard, but for the N. P.

But for the N. P., the farmers of this vicinity and of other places would not now be preparing to cultivate the sugar beet and to manufacture sugar from that root.

A shoe factory 60x80 feet and three stories high, is to be built in Berlin.

The manufacture of Cauden Hammon on a large scale is about to be commenced in Montreal.

The fax mill of Messrs. Livingstone, Brussels, Ont., will probably be run to its fullest capacity during the coming season.

Another button factory is about to be started in Berlin. This will make the fifth concern of that kind in that vicinity.

Large orders for car wheels from the United States have been received and are now in course of execution at the McDougall iron foundry, Three Rivers. Some 300 platform cars on the G. T. R. are engaged to transport the wheels when finished. The output of the works is stated at 20 to 27 car wheels a day, the number of hands employed ranging from 150 to 200.

Of the Canada Cotton Company's operations at Cornwall (the *Examiner* (Ont.) says: "In previous years the storehouse was crammed with manufactured cottons, but now there is not a bale in store. Everything is spoken for months ahead."

The Napane brush factory is doing a large business, a numerous staff of men being kept fully employed.

The New Brunswick axe factories, now that they are stimulated by the N. P., supply the lower Provinces, and are about to compete for the market in the United States.

Says the Ottawa Herald: "The following facts as elicited at a meeting of the Montreal Board of Trade speak for themselves, and show very satisfactory progress under the N. P. The imports of sugar via the St. Lawrence in 1878 amounted to 12,289,843 pounds; and in 1879, 64,379,065 pounds, an increase of 52,089,221 pounds. This yielded the revenue \$2,800 more than the previous year. No less than 45 vessels, aggregating 20,731 tons, had been employed to bring this sugar to Montreal wharves, their tonnage being 1,141,418 tons, and the revenue \$4,552. The quantity of iron imported exceeded that of 78 by 4,400 tons, yielding a revenue of 11,000. The imports of coal was 180,231 tons against 142,754 tons of previous years. The quantity of this coal coming from the Maritime Provinces was in 1878, 55,917 tons, in 1879, 117,256 tons, an increase of 61,339 tons. The additional revenue derivable from coal had been \$4,600. The Harbor Master's report was very carefully compiled, showing the ocean tonnage to British and foreign ports, which altogether showed an increase of 282 vessels."

The above items are very gratifying and will be noted with pleasure by all except the fanatical portion of the Grit party who still live in the cloudland of theory, regardless of the facts which present themselves to their gaze at every turn.

which were very appropriate to the verses recited to. He said if the Bible was true we should believe in it and not be in consistent.

Rev. Mr. Willoughby read several passages and drew inferences from them which were calculated for the benefit of his hearers. God, he said, would not excuse us if we are not converted, for we are responsible for our acts; he hoped his unconverted friends would see their error, and not reject the Lord Jesus Christ, which act was the greatest sin that could be committed on this universe.

Mr. Hammond followed with several narratives which were ornamented with verses from "I have a father in the promised land." Prayer followed and some new converts related their experience.

After the morning meeting Mr. Hammond visited all the saloons and hotels of the city, in all of which he was treated kindly and respectfully. The owners of these places, and many of their patrons promised to attend his meetings.

FRUIT GROWERS' ASSOCIATION.—At the meeting of the Fruit Growers' Association, Mr. Beall, of Lindsay, read a paper strongly recommending the planting of the black walnut as a shade tree. The Committee on Cultivated Fruits presented the following report:

Apples, shown by F. C. Dempsey, of Albany, "Lord Burgley," from imported trees of medium size, dark reddish color and at maturity in appearance of fine flavor, though a little over ripe; fruited for the first time this autumn; appears to be very desirable as a winter market fruit. "Ben Davis," a very handsome specimen, bright high color, well grown and an excellent keeper. "Pomme d'Or," a yellow spotted apple, makes a good table decoration, and is well esteemed as a dessert fruit. Several important varieties shown of various qualities, but were not named. "Orin's" apple—tree imported from Ireland; apple of fine size, russet red color, of good flavor. "Pear,"—Mr. Dempsey also showed the following varieties of pears: "Diana de River," "Vickor," "Duchess de Bordeaux," "L'Esperance," "Mount Vernon," and "Reaume d'Anjou." Mr. A. M. Smith showed a specimen of the St. Lawrence pear. The Committee on the falling apples, speak of two seedlings, very similar in appearance, shown by H. A. Lott, of Sidney Township, Ontario; one of them resembling the St. Lawrence; flesh yellowish; slightly sub-acid, but with nothing special in merit.

Apples, shown by F. C. Dempsey, of Albany, "Lord Burgley," from imported trees of medium size, dark reddish color and at maturity in appearance of fine flavor, though a little over ripe; fruited for the first time this autumn; appears to be very desirable as a winter market fruit. "Ben Davis," a very handsome specimen, bright high color, well grown and an excellent keeper. "Pomme d'Or," a yellow spotted apple, makes a good table decoration, and is well esteemed as a dessert fruit. Several important varieties shown of various qualities, but were not named. "Orin's" apple—tree imported from Ireland; apple of fine size, russet red color, of good flavor. "Pear,"—Mr. Dempsey also showed the following varieties of pears: "Diana de River," "Vickor," "Duchess de Bordeaux," "L'Esperance," "Mount Vernon," and "Reaume d'Anjou." Mr. A. M. Smith showed a specimen of the St. Lawrence pear. The Committee on the falling apples, speak of two seedlings, very similar in appearance, shown by H. A. Lott, of Sidney Township, Ontario; one of them resembling the St. Lawrence; flesh yellowish; slightly sub-acid, but with nothing special in merit.

AFTERNOON DISPATCHES.

LONDON, Feb. 20.—In the six days walking match which commenced on Monday the contestants made the following score:—

Midnight Brown was 405 miles; Hazel 350; and Day 318. The distance covered by Brown beats all previous records. The only interest remaining in the contest is whether Brown will exceed 500 miles.

LONDON, Feb. 20.—Thos. Dawson, a veteran horse trainer, for 50 years connected with the English turf, is dead.

PARIS, Feb. 20.—The Journal des Debats says: We believe Russia and England have agreed to allow Russia to occupy Herat, and thus establish a neutral zone between them.

LONDON, Feb. 20.—Prof. Maskelyne announces the entire success of Ballantine Harney, of Glasgow, fellow of the chemical society of London, in producing diamonds. Harney sent him crystallized particles representing exactly the appearance of fragments of broken diamond. These fragments easily scored deep grooves in a polished surface of sapphire. Harney's process will soon be announced to the Royal Society.

A correspondent on board the British gunboat which carried provisions to the Western islands, writes that there is no starvation among the inhabitants. Acute distress confronts one at every step, but the relief measures of the Dublin and local committees are sufficient.

LONDON, Feb. 20.—Arrived, the Victoria.

LONDON, Feb. 20.—The Mansion House Relief Committee have received £68,600 up to date, disbursed £36,500. The Committee trusts there will be no diminution of subscriptions, as every exertion is made.

NEW YORK, Feb. 20.—The Sun says in regard to the rumor that the World has been purchased by persons who intend to make it a third term organ with Chas. E. Smith, late of the Albany Journal, as editor, that it is informed by the gentleman having in charge the negotiations for the sale of the World that he has heard of no such project.

It is understood that the owners of the World would not consider any proposition for its sale but for the fact that it is a third term organ with Chas. E. Smith, late of the Albany Journal, as editor, that it is informed by the gentleman having in charge the negotiations for the sale of the World that he has heard of no such project.

LONDON, Feb. 20.—Prof. Maskelyne, in speaking of Harney's artificial diamonds, says this element has never been crystallized by man before. His process is hardly less momentous to the arts than to the possessors of a wealth of jewelry.

The Cuban budget abolishes the poll tax on slaves and reduces the tax on provisions 25 per cent. A consequent loss to the revenue will be recouped by taxes on the urban and rural property. It is proposed to increase the direct taxes by 9 per cent. and the octroi and mortgage tax by 50 per cent. The export of sugar and honey to Spain is rendered free and the duties on exports to other countries are reduced 10 per cent.

ST. PETERSBURG, Feb. 20.—Simultaneously with the explosion in the Winter Palace, bombs were thrown in the adjoining streets. A person arrested was seen leaving the place just after the explosion. The cellar under the Winter Palace was occupied by four joiners, three of whom have been arrested. It is estimated that the weight of dynamite used was about 4 pounds. The Winter Palace and other places are being carefully searched by a company of specially charged soldiers. Total killed by explosion 10.

THE LUMBER TRADE.—Cheering reports come from Ottawa and Quebec of the prospects of the lumber trade. The improvement in the square timber trade is about 40 per cent. and in the lumber trade prices have advanced 25 per cent. This improved state of business is owing to the foreign demand.

WEATHER REPORTS.

TORONTO, Feb. 19.—Probabilities for the next twenty-four hours: For the lower lakes, southerly to south-westerly winds; fair weather.

WASHINGTON, Feb. 18.—Indications: For lower lakes, warmer winds, clear to fair weather.

"TEABERRY," the new powder for whitening the teeth, stimulating the mouth and purifying the breath; the brightest, nearest, costliest toilet gem extant. Ask your druggist for "Teaberry." Price 35 cents.

Guilty of Wrong.

Some people have a fashion of confusing excellent remedies with the large mass of "patent medicines" and in this they are guilty of a wrong. There are some advertised remedies fully worth all that is asked for them, and at least we know of one—Hop Bitters. The writer has had occasion to use the Bitters just such a climate as we have most of the year in Bay City, and has always found them to be first-class and reliable. Doing all that is claimed for them.—Tribune.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Scalds, Ulcers, Salt Rheum, Tetter, Chapped Hands, Chilblains, Corns, and all kinds of Skin Eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by Jas. Clarke & Co. w8

We are glad to learn that the "Pain-Killer" is having so large a sale in our city. We have every reason to believe it to be an almost never-failing cure for pain, and it is a pity that a family should be without.—Montreal Pilot.

Dr. A. R. SCOVILL, of Cincinnati, says:—"For Coughs and the early stages of Lung complaints, I believe it to be a certain cure; and if every family would keep it by them, ready at hand upon the first appearance of disease about the Lungs, there would be very few cases of fatal consumption."

Cases in which the heart is weak and irregular in action, are soon restored to health and regularity by Yellow Sarsaparilla. It is especially adapted to the influence of cold, and in the advent of the cold season its use is especially advised.

BIRTH.

On Friday, the 20th inst., the wife of J. S. Crothers of a daughter.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, and all decay, loss of manhood, etc., I will send a receipt that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America, and is a self-addressed envelope to the Rev. J. S. T. Inman, Station D, New York City. Send up 4-10-1000.

Commercial.

REBELLE MARKET.

The market for grain is quiet, with small receipts. Rye has improved slightly, selling up to 75c.

Pease are lower at 55c.

Clover seed sold yesterday at \$3.50 to fill out the balance of a cargo Messrs. Downey & Eaton were shipping to Europe, but to-day the price is down to \$3.00 per bushel.

The same firm received a car of Rye yesterday from Malton, and a car of Wheat from Campbellford.

Hides—Murrins are becoming plentiful, which has caused the price to drop to \$5.10 to \$7.00 per 100 lbs.

Dressed hogs are selling at from \$5.50 to \$6.00 per 100 lbs. to packers.

FALL WHEAT—\$1.20 to \$1.25.

SPRING WHEAT—\$1.30 to \$1.35.

Canada Royal Benefit Society.

THIS Society is for all insurable persons, for those of all means as well as for the rich; for the sober, the industrious, and the provident. It is based upon sound, commercial and economical principles, and is wholly free from secrets and expensive ceremonies, with which many of the benevolent societies of the present day are encumbered.

The benefit branch secures for its members medical attendance and \$5 per week in case of sickness, and \$100 in case of death, with a provision for one half of the \$500 being paid should a member become totally disabled through sickness or accident at an earlier period.

The tables of fees have been drawn up with the greatest care, making due allowance for the difference of age at the time of joining the Society.

From a careful inspection of the Society's By-Laws, it will be seen that the greatest possible advantages are offered for the premiums paid.

The following table of fees will be of interest to those desiring to join this Society.

Age—Entrance Fee, Death Benefit.

\$5 to \$20

per lb. in any quantity. Sample sent on request.

M. L. SMITH, Arkona, Ont.

LAME BACK WEAK BACK.

BENSON'S CAPSICUM POROUS PLASTER.

Overwhelming evidence of their superiority over all other plasters. It is everywhere recommended by Physicians, Druggists, and the Press.

The manufacturers received a special award and only medal for porous plaster at the Centennial Exposition, 1876, at Philadelphia.

Their great merit lies in the fact that they are the only plasters which relieve pain at once.

Every one suffering from RHEUMATISM, LAME BACK, OR WEAK BACK, COULD USE THE CHIEF, COUGHS, OR ANY LOCAL PAIN OR ACUTE, should use Benson's Capsicum Porous Plaster, and be relieved at once. Price 25 cts. Sold by all Druggists.

GRAND JUNCTION AND BELLEVILLE & NORTH HASTINGS RAILWAYS.

ON and after Monday, November 3rd, Trains will run daily as follows:—

Leave Belleville at 3 p. m. for Madoc and way stations.

Leave Belleville for Stirling, Campbellford, and Hastings, at 3.30 p. m.

Arrive from Madoc and way stations at 10 a. m.

Arrive from Hastings, Campbellford and Stirling, at 10.30.

Trains are run by Belleville time.

Bakery and Confectionery.

OYSTERS! OYSTERS! OYSTERS!

THE weather is now getting settled, and this delicacy will come to hand in good time, and the public may rely on getting a reliable article, and at cheap rates, at any of the places in the City. I shall have a small lot

In Fresh this Evening.

which will be sold by the CAN or LOT at

Served up in the Oyster-room

in the different styles. Having gone to great expense in fitting up an apartment especially for Ladies and Ladies accompanied by Gentlemen, I have no objection to my customers being so comfortable.

The Gentlemen's apartment is an entirely new addition to the business, and will be found large, light and clean. Every effort will be made to please.

For those who like it, I am drawing a splendid article of two-year-old Aun, accordingly fine and sound.

I have also a splendid stock of Havana Cigars, consisting of First Parties and real Heavy Cigars, and at the leading Domestic, including "TOM'S" SPECIAL.

P. H. HAMBLY.

All our Agents in this city, and are authorized to contract for advertising at our lowest rates.

Daily Intelligencer.

BELLEVILLE, MONDAY, FEB. 23

To Correspondents.

Any correspondence or remittances intended for this office should be addressed to the INTELLIGENCER Office, to secure prompt attention.

The Address in the Senate.

In other columns will be found a first instalment of the speech which Hon. Mr. Read delivered in the Senate on the Address, as officially reported. The facts presented are of the most important character, whilst the deductions drawn from them are of a cheering nature. Mr. Read was congratulated by political friends and opponents alike, and deservedly so, at the close of his remarks.

The speech made by Hon. Mr. Flint on the same subject, will appear in due course.

Political Notes.

DUMB AS AN OYSTER.

The *Globe* has nothing to say about the jamboree in which his Honor's party indulged last summer. Had the party been of Tory origin, the *Globe* ought to have rung the charges on the subject, but, being a Liberal, it is content to let it "speak now" and say whether it approves in its friends that which it would condemn in its opponents.

THE INSOLVENT ACT.

There can be little doubt that the Insolvency Act will be regarded as the chief ground of the Senate's veto last year was the lack of notice.

CANADIAN INDEPENDENCE.

The Reform Debating Club of Toronto have debated the question as to whether the separation of Canada from England is desirable, and decided in the affirmative. This is a glorious opportunity for the *Globe* to denounce those young men for their disloyalty; but, being loyal to their party, the organ will excuse their disloyalty to the country, the motto of that party being—"With a party, by a party, for a party."

All for the party, and nothing for the State.

THE N. P. AND MANITOBA TRADE.

The importations of merchandise into Manitoba from the other provinces in January 1879 were of the value of \$46,320. In January 1880 the value of the same class of imports was \$159,731, or an increase of \$113,411. On these facts the *Winnipeg Tribune* pertinently remarks:

"Under the *Winnipeg Tribune* we find that the returns show that under the N. P. so much more trade is done in Canada, and so much more wealth and prosperity. Q. E. D."

AN ENCOURAGING SIGN.

The *Peterborough Review* says:—"The *Globe* has recently contained a number of advertisements of 'mechanics wanted,' including boiler makers, wavers, cabinet makers, curriers, machinists, moulders, painters, wagon makers, harness makers, &c. In its editorial columns we are constantly told that the National Policy has injured the industries of the country, and has been prejudicial to the working man. Yet, as its advertising columns show, there is an increasing demand for skilled labor. Of the two contradictory versions, there can be no doubt which is true."

FAILURES IN ENGLAND.

Just as we expected, the leading organ of the Grit party attributes some of the failures in England last year to the N. P. What a terrific instrument of destruction that amiable statesman Sir Leonard Tilley has created, to be sure!

A ROSE BY ANY OTHER NAME, &c.

The Montreal Post considers, because Mr. Donald McMaster styled the corkscrew trip to Manitoba a "month's carouse," and because the *Mail* wants to know if the Province is going to pay his Honor's "whiskey bill," that "our legislators and newspapers are growing more vulgar every day." A rose by any other name would no doubt smell as sweet, and the cost to the Province would be as great were the terms "carouse" and "whiskey bill" never used, but the calling "a spade a spade" is as applicable to legislators as to private individuals.

RESTRICTIONS ON SETTLEMENT.

Mr. Pardo has passed his amended "Bill to amend the Free Grants and Homesteads Act" through the Legislature, and the Government might as well cease expending money in endeavoring to induce emigrants to locate in the free grant territory. Amongst those who voted for this iniquitous measure were Messrs. Appleby, Desroche, and Striker. Messrs. Boulter and Robertson voted against it, of course.

TROUBLES IN IRELAND.—A mob of 500 men attacked four bailiffs and a force of policemen sent on the 19th to a farm in Waterford County, Ireland, to distrain cattle for rent. The police were driven off and the cattle reaped.

SUNDAY SERVICES.

The Principal Religious Items of the Day.

SERMONS IN SEVERAL OF THE CHURCHES.

BEECHER ST. CHURCH.

The services at the Beecher Street Church were unusually interesting and were listened to by large congregations. The morning service was opened by singing "Lift up your hearts &c." followed by an eloquent prayer, which was succeeded by the choir rendering "The Lord is my guide, my light, and my salvation," after which the Rev. T. W. Jeffrey, of Cobourg, read the first lesson from the 35th chapter of Isaiah.

The second lesson was taken from the 16th chapter of the Acts of the Apostles. Mr. Jeffrey in opening his discourse said the word preaching applied to all humanity. We should preach to the man of education, to the foolish boy, to the man of ability and to the ignorant man. It was a grand thing to be a human being, it was the grandest manifestation of God's power that had ever been presented on this universe, and was wrapped up in wealth of all kinds. It cost God more to make man than it did for Him to make anything else, when God created man He made possibilities which Jesus Christ was required to redeem. We possess the consciousness that He will save us. The sins which we commit are against ourselves and not against God, and when we are redeemed we will sit on the throne equal with God. When the mist is cleared from the mind of the idiot he will see what the Archangel sees: God reconciled through Jesus Christ. God performed a grand work when He made man. There is in every one of that which means as a manifestation of the development of His power. Before Heaven can be perfect our absence from there puts God to trouble to fill our places. He, the speaker, had been an unbeliever; he had not, in past days, accepted the truths of the Bible, but he now did. We should look at this question in the light of a business matter. As one is missed in the management of a department in a railway, so was one missed from his place in Heaven by God. The Bible was a grand work and it furnished themes and inspiration for many. Shakespeare obtained his finest passages from the Bible by the inspiration of Divine light. Painters, poets and musicians obtain their prominent subjects and themes from the Divine truth and they are conceived by religious inspiration. It was our duty to bring the world to a knowledge of Christian work and Christian influence, because in humanity there were many revelations, grand, inspiring and sublime. The Gospel taught us our origin. True, Huxley and Darwin and other learned and eminent men spoke to the opposite; even the latter went so far as to assert that our origin came from the monkey, whose creation originated in a globe. The theory of our origin, as evidenced by him, was grand, inspiring, profound, but at the same time it was very humiliating, even if we took away the causal appendage. The Gospel said the origin of manhood was Adam, who was the son of God. Jack, it was said, was as good as his master; but when Jack became the master he entertained a decidedly different opinion. It was said that this was so, for we must recognize the different grades of humanity, as God does. We all have a grand ancestry and that should please us. For his, the speaker's part, he, of course, would prefer to have the Duke of Wellington for an ancestor rather than a man who had been convicted of sheep stealing. Many were put down and look at the *chitru* was avoided and perhaps spared, because his mother had not remained faithful to her marriage vows. Good ancestry was half the battle of life, and the man who believes in monkey ancestry cannot believe in the ancestry which existed in God. The Bible showed man his ancestry: the Bible showed man the possibility of his power. Science teaches us that few men can accomplish great things but Jesus Christ teaches us, we can accomplish great things in our manhood. Only 1800 years ago the sick and the blind were cured of their infirmities, for Jesus Christ healed a sick man and restored sight to a man afflicted with blindness, and in these acts he performed what no scientific man could do. Where, he asked, do men get the idea of the possibility of their power? Through Jesus Christ, with His light and His power, men are working out great things. Jesus Christ said man was associated with God in his omnipotence. To hold up Jesus Christ to the world was to hold him up as the model for mankind, for all the moralities of our being in His life, character and teachings. We obtain knowledge by the materialistic manifestations of power: the intellectual life depended on the physical life and the moral life upon both. Imperfection was the cause of immortality, but the Bible presents the power to overcome our weaknesses and we can appropriate its teachings and get that power which we should use for our good. We have been blessed with the Gospel, and he asked his hearers to send it to those who could not get it.

MR. HAMMOND AT THE BRIDGE STREET CHURCH.
In the afternoon a service was held for ladies, and in the evening a like service was held for men, at each of which there was a very large congregation. Each service was opened with appropriate exercises and great interest was manifested in each. In opening the meeting Mr. Hammond said the ladies had conjectured that there would be a small attendance at this meeting and he was pleased to know by looking at the vast audience before him that their prophecies had not proved correct. He was pleased to know that religion had met the wants of man. Before him were many who were not in the habit of going to church and after a time would have an opportunity of hearing some of those who had been converted. Some had made

light of his sermons but all would eventually see the truth. Some say they do not believe in the divinity of Christ; they are blind, and those who are in that condition must have their eyes opened and say I am a lost sinner and look to Jesus as their Saviour. To be a Christian requires two things; we must see our sinfulness and things; and believe that Christ was sent to save us, for by doing that we would have peace in our dying hour and peace through all eternity. Christ made an atonement on the cross for the sins committed in this world. Whether rich or poor, learned or unlearned, or whether or not we believe in the atonement we must go on our knees and pray or we will be lost. When we go on our knees and say, "God be merciful to me a sinner," He will hear us and answer us.

Rev. Dr. Jacques led in a brief prayer. "You must be a lover of the Lord," was followed by a few remarks from Mr. Hammond, who said that great benefit was derived from the relation of the experience of those who had been converted. What is wanted is to learn to know that there is reality in religion and all are lost sinners. In the afternoon a keeper of a house of ill fame in this city had told her experience and said she had given herself to God and he only hoped that this was true. He closed as the subject of his discourse Proverbs 8th chapter and 4th verse "Unto you men I call, my voice is to the son of man."

After a few remarks on the evil results of not taking proper care of the body and the evil effects of the use of tobacco, he related several instances of the sad results of the partaking too much of the intoxicating cup and advised all to quit and quit at once. He then read some verses from the scriptures, typical of some injury inflicted by drinking and the results that followed therefrom. He approved of young men marrying, even though they had not as much money as their fathers, and advised them to get kind and loving helpmates and they could be happy. All should be virtuous and lead proper lives and great good would result. He related how that at a meeting held by him in Edinburgh, when 800 harlots attended, 150 of them had been converted. He pictured the death of a fallen woman *Terro Haute, Ind.*, which he had witnessed and which culminated the conversion of over 20 in that city. Byron, or some other infamous wretch, had said that woman was a rake at heart; that was an infamous lie, for it was man who was to blame for the fall of woman. We should repent of our sins, and at the judgment seat of Christ all would be called on to give an account of their conduct on this earth. All should give up their sins, and by changing their lives become Christians. Jesus will take from us the appetite for sin, and wash all our iniquities away. The door of mercy is open for sinners, and our heavenly Father waits before the gate for us, and will say, Here is my son, who was lost and is found. He closed by appealing to all to give their hearts to Christ.

REV. PRINCIPAL TORRANCE AT THE BAPTIST CHURCH.
The Rev. Principal Torrance, of Woodstock, preached at the Baptist Church, morning and evening. At the latter service he, without taking a text, preached on the subject of sin, law and forgiveness. Sin he defined as an innate power which was opposed to the law, which was the will of God as expressed to man. On this part of his subject he enlarged at great length, the effect of his remarks being that under the Mosaic law, there was no forgiveness for sin—it was one continual course against the whole world. Under the Christian dispensation those who believed in the Lord Jesus Christ were saved, whilst those who did not believe were "works of the law." Now it is "Believe for life." The man who believed was forgiven all past transgressions and a guarantee secured for gentle correction for future sins. He became one of God's family, and the Father would treat him as a parent does a child. With a stirring invitation to all to believe and to become children of God, the Rev. gentleman closed his discourse.

ST. ANDREW'S CHURCH.

There was a large congregation at St. Andrew's Church last night. The preacher spoke on the subject of "Revivals." We hope to give a synopsis of the sermon tomorrow evening.

MORNING DESPATCHES.

EUROPEAN.

BERLIN, Feb. 23.—Hanselöfer, Socialist, will ask in the Reichstag whether the House will not request Bismarck to cause the suspension, while the session lasts, of the criminal procedure proceedings against deputies Fritzsche and Haselmann, Socialists.

AMERICAN.

SOMERVILLE, N. J., Feb. 22.—A Somerset County tax payers Association has been formed to watch the County officers to push the prosecution of the corrupt board of free holders. The ring, which has been swindling the tax payers for many years, is reported greatly alarmed at the formation of this association, as it forebodes punishment for their crimes.

NEWPORT, R. I.—A codical in the will of Stephen D. Olney, who died recently, by which the estate was bequeathed to Harvard College for the encouragement of the study of botany, was not acted by the Supreme Court and decision awaited on appeal until Saturday. This gives the son and daughter of the deceased, who were left almost penniless, by a codicil, about \$50,000.

Boston, Feb. 23.—The autopsy case of the burglar found dead in his room on Saturday night shows that it is possibly suicide. His name appears to be Lavoie.

NEW YORK, Feb. 23.—The *Times* says that the completion of the State Convention will be as follows: Grant, 235; Blaine, 103; Sherman, 10; preference unknown, 32; to be heard from, 30; total, 410.

TORONTO AND OTTAWA RAILWAY.—The voting on the Peterboro' by-law granting aid to the Toronto and Ottawa Railway took place on Saturday. So far as heard from the majority for the by-law is 381.

SEWING MACHINE.

PARTIES wishing to buy a cheap Sewing Machine will find it to their advantage to call on

HARPOD ASHLEY,
Forsythe or Belleville,
Belleville, Feb. 14, 1880.

NOTICE.

ALTHOUGH we have always done what is called a "cash business," yet for several years we have allowed a certain amount of latitude in the matter, some of our most valued customers having fallen into the habit of getting monthly, instead of paying at the time. This, however, we find leads to much more than was intended, as it is often impossible to deny a short credit to doubtful customers, if we are in the habit of allowing it to good ones. Even a short credit inevitably leads to losses, and these losses have to be paid for, in part at least, by those who do pay honestly and promptly. We have long felt this to be unfair, and for our own sake, and that of our customers, we have resolved to entirely abandon it.

Accordingly, from the 1st of March next, we shall not, under any circumstances, sell goods on credit, and we trust that our friends will not give us the painful necessity of refusing them.

In taking this stand we do so with the firm conviction that it will be to the benefit of both buyer and seller; as while on the one hand we shall be saved much loss of money and time, on the other we shall be able to sell at lower prices, certain of getting our money in full.

We are year by year purchasing to better advantage, and to-day the bulk of our stock is bought as cheaply as that of the wholesale houses of Toronto and Montreal, thus enabling us to give our customers the very best value for their money.

Arrive in Belleville, 9:00 a. m. and 3:15 p. m.
Leave Belleville, 9:30 a. m. and 4:00 p. m.
Arrive in Hamilton, 11:15 a. m. and 6:00 p. m.
(Trains are run by Montreal time.)

STAGE ROUTES.

Stages leave the principal hotels for the undermentioned places at the hours named:
For STEWART, Daily, at 8 a. m. and 2 p. m.
For MONTREAL, Daily, at 2 p. m.
For BRIDGEWATER, TWICE, at 8 a. m. and 2 p. m.
For KENTON, Daily, at 3 p. m.
For PICTON, Daily, at 3 p. m.
The stages arrive in Belleville about noon each day.

Local Notices.

Notices under this title, if free of charge, after six insertions \$1 a line.

Cough and colds of the throat and lungs. Dr. HULL'S Horehound Balm is one of the most useful cough syrups ever introduced, it is very pleasant to take and has been appointed agent. Try it. 24812w

Daily Intelligence.

BELLEVILLE, MONDAY, FEB. 23.

City and Vicinity.

THE CELLS.—Three prisoners were confined in the cells last night.

MEETING.—The City Council will hold their regular fortnightly meeting this evening.

TO VISIT US.—The Oddfellows of Madoe will pay a fraternal visit to their brethren of Mispah Lodge of this city this evening.

TELEGRAPHIC.—The extent of our telegrams has been materially reduced to-day, because of the celebration of Washington's birthday.

SHIPMENT OF FISH.—Two large shipments of fish were made from this city on Saturday last destined for the American market.

ARRIVED.—The *Sardinian* from Liverpool arrived at Halifax at 1:45 p. m. on Sunday, February 22nd. The mails left at 3:30 p. m. on a special train.

CAMPBELLFORD RACE.—A correspondent writes from Campbellford, that the ice for the race there is in excellent condition, and that a large attendance is anticipated.

IRISH RELIEF.—A number of the gentlemen who are soliciting subscriptions for the Irish Relief Fund, report good progress in their work, and state they have met with gratifying success.

LECTURE.—"Why I am a Theist," will form the subject of a lecture by the Rev. Principal Torrance, in the City Hall, this evening. A tea-meeting in the same hall will be followed in addition to the lecture.

SKATING CARNIVAL.—The second skating carnival of the season will be held in the Lorne Rink, on Tuesday evening, next. Mr. Loyne has perfected all necessary arrangements, particulars as to which will be found in the advertisement.

DEBATE.—"Should the manufacture, importation and sale of intoxicating liquors be prohibited by law," will form the subject of debate in the hall of the Workingmen's Temperance Association to-morrow evening. The public will be admitted at 8:30.

"BAILING."—On Saturday many residents of Prince Edward who had occasion to visit the city, found on driving across the ice their horses feet "balled" so badly that in many instances the animals fell down. In some cases the owners of horses were obliged to take them to the southern shore and procure another conveyance.

THE SIGHTLESS ORATOR.—To-morrow night, Dr. Milburn will give his lecture on "what a blind man saw in Paris." The London Times says of Milburn: "An orator of the foremost rank." We are glad the people of Belleville are privileged to hear such an eloquent and interesting lecturer. We learn that many are going. Reserved seats at Reynolds'.

URSET.—A young man procured a lively rig yesterday afternoon and took two young ladies out for an airing. Whilst driving along North Front Street and when over the railway bridge, the buggy in passing over a snow-bank lost its equilibrium and threw the occupants out in the road. The three were seriously injured, though their habiliments were somewhat torn and disarranged. A spring of the buggy was broken and after it was put in order the rig was driven home.

WE BELIEVE THE CAUSE OF THE WONDERFUL SUCCESS OF OUR MURRAY & LAMMAN'S Florida Water may be found in the fact that the principal aim in its preparation has always been to give the simple and pure perfume of flowers, without any chemical addition whatever, and to avoid by all means the great error of making a heavy, sickly, sweet perfume.

GRAND CONCERT.—A grand concert complimentary to Edward Hanlan, the champion sculler, has been arranged to take place under the joint auspices of the local Rowing and Cricket Clubs, in the Opera House, on Friday evening next. The champion will positively appear and will exhibit the *Sportmans* Challenge Cup and his other trophies, whilst the best of the Oddfellows' band and the best local talent have been adopted. A popular scale of prices have been adopted and seats can be secured three days in advance at Reynolds'.

Obituary.

With feelings of deep regret we today record the demise of Dr. Andrew Higginbotham, which sad event took place last night, about nine o'clock. The cause of his death was from a rupture, brought about by over-exertion in stowing away a load of hay on the afternoon of Thursday last. His affliction presented such a serious aspect that it was decided to secure the services of Dr. Sullivan, an eminent surgeon of Kingston, and that gentleman, assisted by a corps of resident physicians, performed an operation upon the victim of the accident on Saturday morning. The deceased was held in high esteem here, and during his affliction he was frequently called on by our prominent citizens, and prayed for by the churches. On Saturday, though his condition was considered critical, slight hopes of his recovery were entertained, but his injury was such that medical skill could not save, and at the hour mentioned above his spirit took its flight.

The late Dr. Andrew Higginbotham was born at Cortabur, Cavan County, Ireland, on the 27th of August, 1818. He was the son of a landed proprietor, and was liberally educated. He began his studies at an early age with Dr. Lever, of Monaghan, and in 1835 passed a very creditable examination at Apothecaries Hall, Dublin. Two years later he left the home of his birth, and coming to this country settled at Hamilton, where he engaged in the drug trade, which he carried on for some time. In 1849 he was married to Mary, daughter of John and Mary Higginbotham, of Bradford, where the marriage ceremony was performed. Four children—two sons and two daughters—were the fruits of that union. The eldest son is at present carrying on the business of a physician in the village of Onemore, in the County of Victoria, and the other son is the proprietor of a drug store in Lindsay in the same county. The two daughters reside in this city. The deceased prepared himself in the study of medicine at Victoria College, which he entered in 1859, and three years later he graduated at the College of Physicians and Surgeons at Kingston. In 1860 he went to the village of Bridgewater and settled there, remaining until 1876, when he began his practice in this city. He was a brother of Col. Higginbotham, formerly member of the House of Commons for North Wellington; a sister of his married to Dr. Wallace, of the village of Almonte, in the County of Lanark, and another sister married to Mr. Smith, of Guelph. Two sisters and a brother reside in the United States. Deceased was conscious up to his last moment; he was perfectly resigned and cheerfully and contentedly passed to a brighter sphere, "Happy in the Lord." He was a member of the Canada Methodist Church.

Revival Services.

MR. HAMMOND'S SERVICES.

MONDAY MORNING.

At ten o'clock there was a large attendance in the City Hall.

Mr. Hammond read 1st Chronicles 14, 8 and 2nd Chronicles 14.

The Pastors of the various churches and superintendents and teachers of Sunday Schools gave reports as to the results of the revival services. Scores of conversions were reported and the results beyond the most sanguine expectations.

As these reports were told many exclaimed, "it is the Lord's work and it is marvellous in our eyes."

Letters were read from St. Catharines and Chatham. From the latter place the letter spoke of the results of the revival after twelve months, showing how faithful those who had been converted had remained, that all the prophecies that the results of the services would pass away had proved false prophecies, and that not a word passed but fresh accessions were made to the ranks of Christ's army. Mr. Hammond referred to the newspapers and thanked them for their kindness and offered up prayer for all the editors, reporters and printers of the city.

Gray haired men and women, those in middle life and young men and young women now arose and with radiant faces and tears of joy rolling down their cheeks told of what God had done for them and for many for whom they had been anxious.

Numbers arose asking prayers for themselves and for others.

The Christians in the meeting now went to those who had asked prayers, and by their earnest demeanor and the use of God's Word, were evidently producing effects. Many of the "holy" are under conviction, and doubtless at every service we shall have additional "experiences" to publish.

Ottawa Notes.

SATURDAY, FEB. 21.

Last year 1,028,888 acres of Dominion lands were allotted in Manitoba and the Northwest Territories. This does not include 1,400,000 acres to half-breeds.

Mr. Costigan, M. P. has asked the Finance Minister to place restrictions on the purchase of gypsum by Americans.

The imports for January were: Total dutiable goods, \$3,560,763; coin and bullion except United States silver coin, \$41,069; free goods, all other kinds, \$1,186,041. Grand total entered for consumption, \$5,093,953. Duty, \$945,678.

The bank statement for January shows the subscribed capital of the chartered banks to be \$62,984,383; paid-up capital, \$60,258,596; notes in circulation, 202,393,301. Total liabilities, \$104,241,591. Total assets, \$176,254,077.

The different committees of the House met today for organization. All the chairmen of last year were re-elected with the exception that Mr. McDonald (1st) resigned. Mr. McDermott was elected chairman of the committee on expiring laws.

The press gallery met this morning and elected Mr. G. B. Brad, of the *Star*, President, and Mr. A. Horton, of the *Globe*, Secretary.

Police Court.

(Before A. Diamond, P. M.)

Monday, 23rd Feb., 1880.

YALOW PRIZES.

Henry Howard was charged by Thomas Ritchie with having obtained from him a quantity of carpets, blankets and other goods, to the value of \$232.69, by false pretences.

The defendant, who was represented by Mr. Anderson, in reply to the charging of the latter, said he would prefer to have his case heard before a jury.

The representations, as presented to the Magistrate, were that the defendant went to the store of Mr. Ritchie and stated that he was an agent for mining lands, and was in the employ of the Ottawa Government.

He said that he was well known in Ottawa, and intended to furnish a house here, and to that end was now purchasing the necessary goods. The purchases he made were delivered, and he had promised to pay for the goods on Tuesday, but Mr. Ritchie telegraphed to Ottawa to ascertain if the statements made by the defendant were true. A reply was received that the Government did not have such a person as he in their employ, and besides he was not known there. On the strength of these telegrams, Howard, on Saturday evening, was arrested, and on Saturday evening by officer Hayes. The case was enlarged for a week, the Magistrate offering to take bail in two instalments of \$500 each and defendant in \$1,000. The defendant is a large, muscular looking man, is of English origin, and gives evidence of possessing a good education.

HORSE STEALING.

Harry Walker was placed in the dock charged with horse stealing. It appears that the accused, who much resembles Howard, came to this city in company with the latter and brought a rig with them, which he had taken care of at O'Brien's Hotel.

Information was received here on Saturday night that a horse had been stolen from some one in Peterborough, and the chief, deeming that he had good grounds for a case, had the defendant arrested. Mr. Anderson, who defended Walker, asked for his discharge, as there was no evidence against him. The accused was held until three o'clock, at which time, if there was nothing new developed, he would be discharged.

FRAUD.

Charles Williams was charged by William C. Davis with obtaining \$54 from him by fraud and false pretences.

The prisoner is of that class of humanity known as a "sharpie," whilst the defendant is a horny handed son of toil and resides in the townships of Sidney. On the 8th of January the prosecutor drove to the city and put his horses in the shed of the Anglo American Hotel. He was met in the yard by Williams, who represented himself as a horse buyer. Some conversation followed during which defendant produced a knife, which he showed to Davis. The latter tried to open it but could not and then Williams showed him the little game. A stranger came along at this juncture and soon after asked for a knife to sharpen his lead pencil. Williams presented him, but the stranger could not open it—of course—whereupon Williams offered to bet that no one could open it but himself, and the ruralist took him up and staked his pile \$54 on the result, which was supplemented by a dollar put up by the stranger. Davis ineffectually assayed to open the knife and the consequence was he was just \$54 out. Williams pocketed the money and ran across the river and did not come into the hands of the police until last night, when Sergeant McCruden arrested him. He asked for a remand until Wednesday, and his request was granted.

ASSAULT.

Clinton Huff, was convicted of assaulting George Bennett, and was fined \$1 and costs.

THE FISHING CASE.

The oft adjourned case of McDonald vs. McDonald, was further enlarged for a week.

CAPTURED BY BRIGANDS.—Colonel Synde and his wife have been captured by a band of Greek brigands. He was sent by Sir Austen Layard last month to distribute relief among the starving Mussulman refugees in Eastern Roumelia.

"TEABERRY," the new powder for whitening the teeth, stimulating the mouth and purifying the breath; the brightest, tastiest, coolest toilet gem extant. Ask your druggist for "Teaberry." Price 35 cents. d4wly

Guilty of Wrong.—Some people have a fashion of confusing excellent remedies with large doses of "patent medicines," and in this they are guilty of wrong. There are some advertised remedies fully worth all that is asked for them, and on that we know of—Hop Bitters. The writer has had occasion to use the Bitters just such a climate as we have most of them in last week, and has always found them to be first-class and reliable, doing all that is claimed for them.—*Tribune*.

Bucklen's Arnica Salve.—The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Tetter, Itch, and all kinds of Skin Eruptions. This salve is guaranteed to give perfect relief in every case or money refunded. Price 25 cents per box. For sale by J. A. Clark & Co.

We are glad to learn that the "PATENT" is in the hands of a large number of our city. We have every reason to believe it to be an almost never-failing cure for pain, and is a medicine that no family should be without.—*Montreal Pilot*.

Dr. A. R. SCOVILL, of Cincinnati, says:—"For Coughs and the early stages of Lung complaint, I believe it to be a certain cure; and if every family would keep it by them, ready to administer upon the first appearance of disease about the Lungs, there would be very few cases of fatal consumption."

Cases in which the heart is weak and irregular in action are soon restored to health and regularity by Fowler's Syrup of Hypophosphites. As persons whose heart's action is feeble are most susceptible to the influence of cold, it is in the advent of the cold season its use is especially advised.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, and a ruinous and fatal disease, which will cure you, FREE OF CHARGE, if you will only send me your name and address, and I will send you a small book, which will tell you the truth about the disease, and how to cure it. Write to the Rev. J. T. Thomas, Station D, New York City. 1y

From Sweetburg.

ANOTHER CONSERVATIVE RESTAINED.

SWEETBURG, Q. Feb. 23.—The election petition against the return of G. R. Baker as M. P. for Mississauga, has been dismissed with costs.

NEW YORK, Feb. 23.—A general revival of business has reached this city on real estate.

The demand for stores and offices cannot be supplied, and real estate agents say the activity in their business surpasses all expectations.

DUNDEE, Feb. 23.—The Mansion House Committee announces the issue of subscription to date £74,800. Seventy-one grants have been made since last meeting, amounting to £2,500, £2,600 have been received from Sydney, New South Wales, £1,000 from Adelaide, South Australia, £1,000 from Madras, India.

NEW YORK, Feb. 23.—Arrived, the *Adriatic* from Liverpool.

LONDON, Feb. 23.—The *Asagria* has arrived at Barrow.

Prof. Roscoe, of Owens College, Manchester, regards the evidence thus far submitted by J. Ballantyne Hannay, as insufficient to establish that he has discovered a process of making dynamite.

PARIS, Feb. 23.—The Irish Relief Committee here, headed by Cardinal Guibert, archbishop of Paris, composed exclusively of Royalists and Bonapartists, numbering 40, appeal to the press Committee to disclaim any political motive, and say they will divide the fund between the two Committees and the Irish bishops.

NEW YORK, Feb. 23.—Arrived, the *Gallier* from Hamburg.

An accident occurred on the 17th on the Canadian Railway, near Mitri. Seven coolies were killed and four injured.

YANKEE, Feb. 23.—Diphtheria is raging in Central Russia. It has carried off since November 40,000 persons in the provinces of Clarkoff and Poutiana alone, and in the neighborhood of Walki whole villages have almost died out.

LONDON, Feb. 23.—A letter from Prince Alexander of Hesse to his wife, dated St. Petersburg 17th inst., says, "I was received at the station by all the sons from the empire and by Prince Alexander of Bulgaria, (the writer's own son), and was then conducted to the winter palace. The Emperor awaited me at the stair case. We were proceeding through the large corridor to His Majesty's apartments, when suddenly a fearful detonation was heard. The flooring was raised as by an earthquake, the gas was extinguished, and were left in total darkness."

At the same time a horrible dust and smell of gunpowder or dynamite filled the corridor. Some one shouted to us that the chandelier had fallen down in the saloon where the table was laid for dinner. I hastened thither with the switch and Grand Duke Vladimir, while Count Adlerberg, in doubt as to what might have happened, held back the Emperor. We found all the windows broken, the walls in ruins. Dinner had been delayed half an hour for my arrival, and it was owing to this circumstance that the Imperial family had not yet assembled in the dining hall."

WEATHER REPORTS.

TORONTO, Feb. 23.—Probabilities for the next twenty-four hours: For the lower lakes, northwesterly winds; and partly cloudy, slightly colder weather, with snow flurries in some localities to-day, followed by southwesterly winds and rising temperature.

THE DISTRESS IN IRELAND.—The New York Herald's Dublin correspondent telegraphs:—"The distress in Ireland grows more widespread every day. It is only through the admirable machinery of distribution organized by the Mansion House and Marlborough Committees that actual starvation is checked. The famine will probably intensify during the coming fortnight, after which, for a short period, it will be probably less severe, in consequence of the employment of the peasantry in sowing of crops. This done, the worst crisis will follow."

DIED.

In Lindsay, on the 22nd inst., JESSIE COLLINS, youngest daughter of the late Mr. Edward Collins, aged 20 years.

[The funeral will take place from the residence of Mr. Wm. Collins, Mill Street, on Tuesday afternoon, the 24th inst., at 5 o'clock.]

Commercial.

TORONTO MARKET.

TORONTO, Feb. 23.—Fall wheat, No. 1, \$1.34 to \$1.35; No. 2, \$1.32 to \$1.33; No. 3, \$1.30 to \$1.31. Spring wheat, No. 1, \$1.32 to \$1.33; No. 2, \$1.30 to \$1.31; No. 3, \$1.28 to \$1.29. Barley—No. 1 75 to 76c; No. 2, 62c to 63c; No. 3, extra, 54c to 55c; No. 4, 47c to 48c. Peas—No. 1, 57c to 58c; No. 2, 46c to 47c. Oats—No. 1, 36c to 37c; No. 2, 35c to 36c. Corn—No. 1, 55c to 56c; No. 2, 54c to 55c; No. 3, 53c to 54c. Extra, 55c to 56c; fancy, 55c to 56c; strong, 55c to 56c; spring extra, 55c to 56c; No. 1, 55c to 56c; No. 2, 54c to 55c; No. 3, 53c to 54c. Bran—\$11.50 to \$12.00. Clover seed—\$3.60 to \$3.75; Timothy, \$3.00 to \$3.25. Hops—\$6.00 to \$5.25. Butter—12c to 18c. Barley (street), 45c to 70c. Rye, 75c to 80c. Wheat, 30c to 32c. Spring wheat, \$1.25 to \$1.30; fall wheat, \$1.27 to \$1.32.

Wheat firm, in good demand at advanced prices. Flour dull and nominal. Peas firm, Barley and oats unchanged. Hops firm and higher.

MONTREAL MARKET.

MONTREAL, Feb. 23.—Flour, receipts 600 bbls.; sales 1,400 bbls.; market more active the turn and stronger demand improving quotations as follows: No. 1 Superior, \$6.10; extra, \$6.00; fancy, \$5.90; spring extra, \$5.80 to \$5.85; superfine, \$5.75 to \$5.80; strong bakers, \$5.60 to \$5.65; fine, \$5.50 to \$5.55; middlings, \$4.15 to \$4.25; pollards, \$3.25 to \$3.50; Ontario bakers \$2.80 to \$2.90; city do. \$3.10 to \$3.15, delivered.

Sales—100, 100, 100, superior extra \$6.10; 100 extra \$5.60; 100 strong bakers \$6.10; 100 do. \$5.25; 100 do. \$5.30; 100 do. \$5.35; 100 do. \$5.40; 100 do. \$5.45; 100 do. \$5.50; 100 do. \$5.55; 100 do. \$5.60; 100 do. \$5.65; 100 do. \$5.70; 100 do. \$5.75; 100 do. \$5.80; 100 do. \$5.85; 100 do. \$5.90; 100 do. \$5.95; 100 do. \$6.00; 100 do. \$6.05; 100 do. \$6.10; 100 do. \$6.15; 100 do. \$6.20; 100 do. \$6.25; 100 do. \$6.30; 100 do. \$6.35; 100 do. \$6.40; 100 do. \$6.45; 100 do. \$6.50; 100 do. \$6.55; 100 do. \$6.60; 100 do. \$6.65; 100 do. \$6.70; 100 do. \$6.75; 100 do. \$6.80; 100 do. \$6.85; 100 do. \$6.90; 100 do. \$6.95; 100 do. \$7.00; 100 do. \$7.05; 100 do. \$7.10; 100 do. \$7.15; 100 do. \$7.20; 100 do. \$7.25; 100 do. \$7.30; 100 do. \$7.35; 100 do. \$7.40; 100 do. \$7.45; 100 do. \$7.50; 100 do. \$7.55; 100 do. \$7.60; 100 do. \$7.65; 100 do. \$7.70; 100 do. \$7.75; 100 do. \$7.80; 100 do. \$7.85; 100 do. \$7.90; 100 do. \$7.95; 100 do. \$8.00; 100 do. \$8.05; 100 do. \$8.10; 100 do. \$8.15; 100 do. \$8.20; 100 do. \$8.25; 100 do. \$8.30; 100 do. \$8.35; 100 do. \$8.40; 100 do. \$8.45; 100 do. \$8.50; 100 do. \$8.55; 100 do. \$8.60; 100 do. \$8.65; 100 do. \$8.70; 100 do. \$8.75; 100 do. \$8.80; 100 do. \$8.85; 100 do. \$8.90; 100 do. \$8.95; 100 do. \$9.00; 100 do. \$9.05; 100 do. \$9.10; 100 do. \$9.15; 100 do. \$9.20; 100 do. \$9.25; 100 do. \$9.30; 100 do. \$9.35; 100 do. \$9.40; 100 do. \$9.45; 100 do. \$9.50; 100 do. \$9.55; 100 do. \$9.60; 100 do. \$9.65; 100 do. \$9.70; 100 do. \$9.75; 100 do. \$9.80; 100 do. \$9.85; 100 do. \$9.90; 100 do. \$9.95; 100 do. \$10.00; 100 do. \$10.05; 100 do. \$10.10; 100 do. \$10.15; 100 do. \$10.20; 100 do. \$10.25; 100 do. \$10.30; 100 do. \$10.35; 100 do. \$10.40; 100 do. \$10.45; 100 do. \$10.50; 100 do. \$10.55; 100 do. \$10.60; 100 do. \$10.65; 100 do. \$10.70; 100 do. \$10.75; 100 do. \$10.80; 100 do. \$10.85; 100 do. \$10.90; 100 do. \$10.95; 100 do. \$11.00; 100 do. \$11.05; 100 do. \$11.10; 100 do. \$11.15; 100 do. \$11.20; 100 do. \$11.25; 100 do. \$11.30; 100 do. \$11.35; 100 do. \$11.40; 100 do. \$11.45; 100 do. \$11.50; 100 do. \$11.55; 100 do. \$11.60; 100 do. \$11.65; 100 do. \$11.70; 100 do. \$11.75; 100 do. \$11.80; 100 do. \$11.85; 100 do. \$11.90; 100 do. \$11.95; 100 do. \$12.00; 100 do. \$12.05; 100 do. \$12.10; 100 do. \$12.15; 100 do. \$12.20; 100 do. \$12.25; 100 do. \$12.30; 100 do. \$12.35; 100 do. \$12.40; 100 do. \$12.45; 100 do. \$12.50; 100 do. \$12.55; 100 do. \$12.60; 100 do. \$12.65; 100 do. \$12.70; 100 do. \$12.75; 100 do. \$12.80; 100 do. \$12.85; 100 do. \$12.90; 100 do. \$12.95; 100 do. \$13.00; 100 do. \$13.05; 100 do. \$13.10; 100 do. \$13.15; 100 do. \$13.20; 100 do. \$13.25; 100 do. \$13.30; 100 do. \$13.35; 100 do. \$13.40; 100 do. \$13.45; 100 do. \$13.50; 100 do. \$13.55; 100 do. \$13.60; 100 do. \$13.65; 100 do. \$13.70; 100 do. \$13.75; 100 do. \$13.80; 100 do. \$13.85; 100 do. \$13.90; 100 do. \$13.95; 100 do. \$14.00; 100 do. \$14.05; 100 do. \$14.10; 100 do. \$14.15; 100 do. \$14.20; 100 do. \$14.25; 100 do. \$14.30; 100 do. \$14.35; 100 do. \$14.40; 100 do. \$14.45; 100 do. \$14.50; 100 do. \$14.55; 100 do. \$14.60; 100 do. \$14.65; 100 do. \$14.70; 100 do. \$14.75; 100 do. \$14.80; 100 do. \$14.85; 100 do. \$14.90; 100 do

The Ontario Legislature.

FRIDAY, FEB. 20.

In reply to Mr. Tolson, Mr. Moraw said that the Government intended to ask a grant for the relief of the Irish sufferers.

The Bill respecting the Grand Junction railway was passed through Committee of the Whole with amendments.

On the bill respecting the Toronto and Ottawa railway.

Mr. Miller moved for the extension of the clause giving power to group municipalities for bonus purposes.

Mr. Pardo said that with the exception of the clause giving an extension of time, the bill was simply a consolidation of the Act affecting this road.

Mr. Meredith said it would be improper to make an exception in the case of this bill by refusing legislation granted in other cases and contained in a previous charter to this line. If the grouping system is to be abolished a general bill should be introduced.

Mr. Pardo said the Government would introduce a general measure on the subject before the end of the session. He stated that the Government was not prepared to introduce a bill to amend the Charter of the Grand Junction Railway.

The amendment was withdrawn, and the bill then passed the House.

The Game Laws Bill was read a second time and amended so as to permit the hunting of deer with dogs from the middle of October to the middle of November.

The International Park Bill was read a second time; the Extension Bill was deferred till Monday; the Division Courts Bill was further considered, and after Mr. Moraw had stated that the House could not adjourn next week and that plans for the new Parliament buildings would be submitted next week, the House rose.

Dominion Parliament.

FOURTH PARLIAMENT—SECOND SESSION.

FRIDAY, FEB. 20.

In the House of Commons Mr. Angers, recently elected for Montserrat, was introduced.

A message from the Governor-General acknowledging the receipt of the address was read.

Mr. Robertson (Hamilton) introduced a measure to amend the law with reference to procedure in criminal cases, &c., and Mr. Method B. A. to determine the rate of interest in the Province of Quebec.

The Minister of Justice introduced resolutions regarding the appointment of two Supreme Court Judges for British Columbia.

A debate opened by Mr. Blake ensued. The hon. member gave several reasons why the measure should be adopted, and in this attitude he was supported by Messrs. Anglin and Mills.

The Premier said the best course to pursue was to trust, to as great an extent as possible, to the discretion of the Legislature, all of which must know that by putting additional burdens on the Treasury they were putting additional burdens on their own people.

Mr. Blake said that it was true that the whole population of British Columbia was not very large yet, but that it was an Indian population of from 30,000 to 50,000 scattered over that sea of mountains, and there justice must be meted out to them in the same way as to the white population.

The resolutions were carried.

The resolutions granting one hundred thousand dollars to the relief of the distressed poor in Ireland were unanimously adopted in Committee of the Whole.

Mr. Anglin alleged in effect that the British Government was rather indifferent to the sufferings of Ireland and that but a very small section of the people had come within the circle of governmental relief; that there had been slowness of movement on the part of the British authorities and that it would be better to put the money into the hands of the Dominion Government, as many jealousies exist. Sir John Macdonald stated that the existence of the measure rendered it more necessary to adopt a course not calculated to excite jealousy. It had been decided, therefore, to ask the Government of England to take charge of the money.

Mr. Mackenzie, in the absence of Sir Richard Cartwright, moved that the standing order that immediately on the commencement of any session, there be laid on the table of the House returns in detail showing the receipts and expenditures of the Dominion, and the returns of navigation returns from the commencement of the fiscal year to the first day of January in each year.

Mr. Bowell said the motion meant the preparation of a semi-annual statement of the trade and navigation returns, to which the Government could not consent, as it would be impossible.

Mr. Plumb said that was a strange notion to come from the hon. Member, who had himself proposed, when in office, that the Public Accounts should be brought down in future not only to the 30th June, but only up to the 30th of April.

Sir John Macdonald said the motion called for a return which would require the printing of a volume of over 900 pages.

Mr. Blake said that was certainly an objection to the proposal.

Mr. Mackenzie thought these were reasons to be urged against the proposal.

The motion was allowed to stand.

Mr. Anglin moved for lists of men employed on the Intercolonial railway who had been dismissed since October, 1878. He alleged that the Government had dismissed large numbers, and only those who had not Grit prejudices were re-engaged.

Sir Charles Tupper said the return would show that at present there were 400 less persons on the Intercolonial than were employed in September, 1878, as he had found that the road could be worked with a much smaller staff than that employed by the late Government.

The large majority of these, however, were not dismissed. Their services had been dispensed with. There was no truth in the allegation that the late Government had dismissed political opponents. The charges made against him had rather been that he had dismissed with the services of political friends, regardless of the fact that the Government had retained in office the services men who had always been opposed to reaching him in the morning. Of course, he had, when employed as a member of the Government, preferred those who were supporting the Government to those who were violently opposed to it, but this was the duty of a Minister of the Crown.

Mr. Anglin said that the late Government had dismissed political opponents. The charges made against him had rather been that he had dismissed with the services of political friends, regardless of the fact that the Government had retained in office the services men who had always been opposed to reaching him in the morning. Of course, he had, when employed as a member of the Government, preferred those who were supporting the Government to those who were violently opposed to it, but this was the duty of a Minister of the Crown.

A lengthy debate arose on the management and physical condition of the Intercolonial Railway, which discussion lasted until midnight when it was concluded.

A Good Thing.

Gorman Syrup is the special prescription of Dr. A. B. Gorman, a celebrated Chemist and Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It is a simple, pure, and healthy food, and is made from the finest materials. It is a valuable remedy for all ailments of the stomach and bowels, and is especially useful in cases of indigestion, constipation, and general debility. It is a good thing for all families to have on hand.

On the bill respecting the Toronto and Ottawa railway.

Mr. Miller moved for the extension of the clause giving power to group municipalities for bonus purposes.

Mr. Pardo said that with the exception of the clause giving an extension of time, the bill was simply a consolidation of the Act affecting this road.

A lengthy debate arose on the management and physical condition of the Intercolonial Railway, which discussion lasted until midnight when it was concluded.

THE COUNTY OF HASTINGS DIRECTORY FOR 1879-80.

JUST PUBLISHED. A new Directory of the County of Hastings, containing a full and complete list of the householders of the County of Hastings, and of the City of Belleville, of each Town, Township and Village in the County, also a list of the principal business houses, and of the principal professions, and of the principal trades and occupations of the County. The Directory is published in a large and handsome volume, and is a valuable reference work for all persons residing in the County. It is a good thing for all families to have on hand.

On the bill respecting the Toronto and Ottawa railway.

Mr. Miller moved for the extension of the clause giving power to group municipalities for bonus purposes.

Mr. Pardo said that with the exception of the clause giving an extension of time, the bill was simply a consolidation of the Act affecting this road.

Mr. Blake said that was certainly an objection to the proposal.

Mr. Mackenzie thought these were reasons to be urged against the proposal.

The motion was allowed to stand.

Mr. Anglin moved for lists

The Daily Intelligencer.

TRAIN SERVICE.

Subscribers in the villages along the line of Railway will have the following places, instead of at the Post Office:

ST. HUBERT—At the drug store of Dr. G. H. Boulton, M. P. P.

DANFORTH—At the office of Mr. Thomas Oliver, who will also act as our agent for the Weekly Intelligencer.

HARTING—Of Mr. David Morrison, at the Post Office.

MADON—At the store of Mr. C. G. Wilson.

Extra copies of each day's issue can be obtained at the above places.

GEO. P. ROWELL & CO.,
100 N. PARK ROW, NEW YORK.

J. H. BATES, 41,
100 N. PARK ROW, NEW YORK.

RE our Agents to that city, and are authorized to contract for advertising at the lowest rates.

Daily Intelligencer.

BELLEVILLE, TUESDAY, FEB. 24.

To Correspondents.

Any correspondence or remittances intended for this office should be addressed to the INTELLIGENCER Office, to secure prompt attention.

THE LEGISLATURE—It is probable that the Legislature will adjourn about Tuesday or Wednesday next.

SEWELL—The Irish societies of Brooklyn, New York, have resolved not to parade on St. Patrick's Day, but to raise all the money they can for Erin's famishing people.

THE PRINCESS LOUISE.—A telegram from Ottawa on the 23rd says:—"The Princess is still confined to her room from the shock received through the recent accident. Her Royal Highness will hardly be able to move about for eight or ten days."

CATTLE TRANSPORT.—The Government has adopted an improved cattle car for the Intercolonial and Canada Pacific Railways, by means of which five days' feed and 325 gallons of water can be carried.

A SPENDING REVIEW.—The Grand Trunk Receipts for the week ending Feb. 14th were \$190,667 against \$171,545 during the corresponding period last year—an increase of \$19,122. The Rivière du Loup receipts are included in 1879 not in 1880. Omitting them the week's increase is \$23,322.

PARLIAMENTARY COMMITTEES.—Most of the Parliamentary Committees met on Saturday for organization. The following chairmen were elected:—Standing Orders, Hon. J. B. Robinson; Private Bills, Mr. Hector Cameron; Public Accounts, Mr. Kirkpatrick; Banking and Commerce, Mr. Donville; Railways and Canals, Hon. Mr. Langevin; Immigration and Colonization, Mr. W. McDonald; Expiring Laws, Mr. ...

THE BIDDULPH TRAGEDY.—The preliminary trial of the prisoners charged with the butchery of the Donnelly family, opened at London on Saturday. The boy Johnny Connors was in the box for three hours, but the severe cross-examination to which he was subjected failed to break down his testimony in any essential point. The trial was postponed until Thursday next, hall being refused all the prisoners with the single exception of Miss Maher.

THROUGH TO MANITOBA.—The Montreal Witness says:—"With commendable promptness the Grand Trunk management have met the views of our merchants doing business in Manitoba, as expressed by the deputation which waited on Mr. Hickson the other day. It is announced to-day that special fast freight train will be despatched weekly from Montreal with through cars for Manitoba, leaving the Bonaventure depot every Friday, if possible, and at latest before noon on Saturday."

CONFESSORS.—The Toronto correspondent of the *London Advertiser*—a staunch Grit, of course—thus severely condemns the expenditure on the pleasure trip of the Lieutenant-Governor, the Provincial Treasurer and others:—"There is nothing for it but to condemn the proceedings 'in toto,' as an admirable public man will always insist upon saying. There is no use in going over all the quantities of liquor provided, the public expense, and presumably consumed. It is hoped that some of the party were sober, though how that could be possible is more than difficult to imagine. To quote a very hackneyed phrase, such an escapade was worse than a crime. It was a blunder, and if Mr. Mowat is wise he will see to it that it don't occur again."

RISE IN PAPER.—The Cobourg *Sentinel* says:—"The price of paper has been advanced. If the price is maintained, the public will be compelled to pay more for their newspapers. Many daily papers have already increased their price from twenty to thirty cents per week, and weekly papers from \$1.50 to \$2.00 per year. The advance in paper can be stopped if the people will save and sell their old paper and rags. Three months' saving of rags and old paper by the entire population, and selling them in the markets, would check the advance in paper. Rags were worth three to four and one-half cents per pound. Every newspaper in the land should appeal to the people in this matter, and they should also economize in the consumption as much as possible."

A party of one hundred will leave Ottawa on the 2nd of March for Manitoba, and a party of eighty leave on the 15th.

The Ottawa and Quebec Curling Clubs stand highest for the Governor-General's medal. They will "play off" in a few days. The 22nd of June has been fixed as the day for holding the Democratic National Convention to select a Presidential candidate. It will meet at Cincinnati.

On Wednesday night a lady's maid in Paris attempted to murder her mistress for seducing the maid's young lover. The maid was shot and a husband for the widow, who was a barmaid, for the

CITY COUNCIL.

MONDAY, Feb. 23.

At the regular meeting of the Council this evening at eight o'clock there were present:—His Worship the Mayor, Ald. Brennan, J. Smith, Lingham, D. Holden, Vandusen, A. L. Smith, Costello, Farley, T. Holden, Jellott, Proctor, Robertson, Ostrom, Wallbridge, Foster, St. Charles, McInch and Grant. The minutes of the last meeting were read and approved.

PETITIONS, &c.

The following petitions and original communications were presented and read:

From the Police Commissioners asking for the half-year's appropriation for the police force.

From James McGuffey, asking the city to pay the rent for a tenant who occupied one of his houses, and who was too poor to pay it.

From John Gibson, asking for time in which to pay his taxes.

From John Teucher, relative to the payment of an account for water pipes furnished the city.

From A. L. Reed, requesting the city to aid him in procuring a stone breaker.

From Wesley Bullock, asking permission to build a new house on the old market lot.

From George Butler, desiring the City to assume the rent due him by a poor woman who occupied one of his houses, said allowance to be applied on his taxes.

From J. D. Evans, asking to be appointed an assessment commissioner.

From D. Ockerman, requesting until the 1st of April to make the return of the rolls asked for by the Council.

A number of accounts were handed in and read, amongst which was one for lighting amounting to \$54.16 and Wm. Sutherland's lumber account for \$564.

Several of the above were laid on the table and the remainder were referred to their respective Committees.

REPORTS.

The following reports were read:

From the Finance Committee, that the report of the Board of Health be filed; that Mrs. Walker's petition be referred to the committee on the petition of the Snow Bay be not entertained, and recommending the payment of a number of accounts.

From the Market Committee, asking that several accounts be paid; that John King's petition be not entertained; that the messenger be provided with a uniform and he shall hereafter act as page; and that Rathbun & Son's tender for coal at \$4.76 per ton and Monaghan & Maxon's for wood at \$3.50 be accepted.

From the Board of Works, accepting tenders for stone.

From the Poor and Sanitary Committee, urging the payment of sundry accounts, and asking that N. McCammon's account be not entertained.

INQUIRIES.

In reply to Ald. D. Holden, Ald. Robertson said that the piers in the harbor having been built they were now being filled with stone, and negotiations were going on between the City and the lumbermen for the payment of the work on the latter pier.

Ald. Allen asked with reference to what had been done in regard to the proposition of Mr. Kent for the erection of a glass factory.

Ald. Jellott said nothing on this matter had as yet been done.

Stat. asked the question to rest until his return.

NOTICES.

Ald. Allen gave notice of a resolution asking the Local Legislature to allow only two members for the representation of each Ward of this city in the Council instead of three.

Ald. Pettie gave notice of a By-law for the purchase of horses for drawing the fire engines to fire.

Ald. Green gave notice of a resolution to reduce the number of Wards in this city.

Ald. Jellott gave notice of a By-law to amend By-law No. 407.

Ald. T. Holden gave notice of a motion asking the Treasurer to furnish the Council with a statement of the liabilities of the city on the 31st Dec., 1879, and the amount of interest paid on deposits placed in the Bank during the past three years.

Ald. A. L. Smith's By-law notice was again read to stand over.

In the matter of John Gibson, the collector was instructed to stay proceedings.

On motion the report of Weston Bullen's petition was granted.

Moved by Ald. Robertson, seconded by Ald. Farley, that the Council petition the Dominion Government to aid the construction of the Murray Canal; also that the Government be asked for a grant to aid in dredging the harbor.—Carried.

The communication of James McGuffey was referred to the Committee on Poor and Sanitary.

The By-law for the appointment of a Col. lector was allowed to stand.

The Clerk then read a letter from W. F. Meule, asking the return of \$141.87 paid by him as taxes on his superannuation income.

On motion the report of the Committee on the By-law was read.

Ald. Jellott said he had been informed that the assessment last year was \$308, 00 less than that of the former year, and that amount was one tenth of our whole assessment. By referring this matter to the By-law Committee it could then be considered whether or not it would be advisable to have a new assessment or not.

The By-law constituting a Board of Health was read a second time.

Ald. Jellott explained that formerly the Board of Health was composed of seven members—six medical men and Prof. Bell—their term being \$150 in all, and \$100 was paid to a medical man in addition, as surgeon to the police force, for supposed services.

By this By-law now officers would be appointed, three in number, one medical man one Alderman, Ald. Smith, and James Ross. The two latter would receive nothing for their services, whilst the medical man, Dr. Curlew, would attend to the wants of the Board of Health and the Police for \$100, and this \$150 would be saved to the city. In case of an epidemic the Health officer would get \$5 per day, which would be a saving even now. He considered it would be advisable to adopt the proposed change, and hoped his suggestion would meet with approval.

Ald. St. Charles did not object to Ald. Smith and Mr. Ross, but would prefer Dr. Curlew as the city's medical officer, for he

was an old resident and a large taxpayer. The gentleman whose name he offered would perform the work as compared with the committee. Ald. Jellott. He would fill the office with ability and would give the city satisfaction. He moved in that direction.

In reply to Ald. Jellott, Ald. St. Charles said he had not given Dr. Curlew any definite information, but he had no doubt the members of the last meeting were read and approved.

The minutes of the last meeting were read and approved.

Ald. D. Holden said he did not think much would be accomplished by the proposed change. He asked for information.

Ald. Jellott said it was less than the expenses that the proposed change was made.

Ald. T. Holden said this was a step in the right direction and should have been made long ago. The Council should be represented on the Board and its nominee be approved.

The Medical aid for the police was \$150, exclusive of other matters; but the proposed change would be of benefit to the city and only cost that much altogether. He thought it only right that as Dr. Curlew was a member of the old Board of Health he should be appointed, provided he would accept the appointment of Health Officer.

The Mayor coincided with the proposition of Ald. Jellott and felt confident that the work would be more efficiently done than formerly, and we would be far greater benefited.

Ald. St. Charles' amendment was with drawn.

The By-law was passed and ordered to take effect on the 2nd day.

The Committee rose and reported.—Adopted.

The rules were suspended and the By-law read a third time, passed and numbered.

The reports of the several committees were received.

WAYS AND MEANS.

Council went into committee of the whole on ways and means—Ald. McInch in the chair.

Objection was taken to the acceptance of the last clause of the report of the Finance Committee by Ald. St. Charles and Holden, who expressed the hope that the petition of Lazier et al would be entertained and the fines imposed on them refunded.

Ald. St. Charles moved in accordance with his views.

Ald. Lingham said if this motion was passed it would result in numbers asking for a remission of the fines imposed.

Ald. Proctor said petitions of this kind if presented to the Council should receive justice at its hands. He considered it would be an injustice to collect these fines.

Ald. St. Charles' motion was carried.

On the motion of the Gas Company's account, Ald. Jellott said the Company had paid the price to consumers of 50,000 feet to \$2.50 per 1,000 feet.

The report of the Poor and Sanitary Committee was referred to the Finance Committee and that of the Public Works Committee was passed. The Market Committee's report was also passed with a slight amendment.

Committee rose and reported.—Adopted.

The petition of R. D. Deane & Co was again referred to the Finance Committee for reconsideration.

The time for the return of the collector's rolls was extended to the 1st of April.

Council adjourned.

St. Andrew's Church.

The following is an outline of the sermon preached in St. Andrew's Church on the evening of Sunday last, the text being Psalm lxxxv, 6.

Religion may be called the life of God in the soul. He alone is the author of it. Every Christian can thankfully receive the testimony: "By the grace of God I am what I am." The Christian has at the same time something to do in obtaining this spiritual life; the Scriptures teach that he has his part to fulfill in working out his own salvation; he is encouraged to do so by the statement that it is God that worketh in him both to will and to do of His good pleasure. Every Christian knows from experience that his course is one continued struggle; that it is a warfare of the flesh against the Spirit—a constant opposition to "By the grace of God I am what I am." The Christian has at the same time something to do in obtaining this spiritual life; the Scriptures teach that he has his part to fulfill in working out his own salvation; he is encouraged to do so by the statement that it is God that worketh in him both to will and to do of His good pleasure. Every Christian knows from experience that his course is one continued struggle; that it is a warfare of the flesh against the Spirit—a constant opposition to "By the grace of God I am what I am." The Christian has at the same time something to do in obtaining this spiritual life; the Scriptures teach that he has his part to fulfill in working out his own salvation; he is encouraged to do so by the statement that it is God that worketh in him both to will and to do of His good pleasure. Every Christian knows from experience that his course is one continued struggle; that it is a warfare of the flesh against the Spirit—a constant opposition to "By the grace of God I am what I am." The Christian has at the same time something to do in obtaining this spiritual life; the Scriptures teach that he has his part to fulfill in working out his own salvation; he is encouraged to do so by the statement that it is God that worketh in him both to will and to do of His good pleasure. BELLEVILLE, THURSDAY, FEB. 27.

The Ontario Boundary.

The intention of the Dominion Government to have the boundaries of this Province fixed by the only competent authority, namely the Judicial Committee of the Imperial Privy Council, has given occasion to allegations by the Opposition or Ontario representatives, all of which go to show, by their own contentions, that Ontario's representation in the Cabinet is not sufficiently favorable to this Province—that Ontario was not by them given so much territory as she was entitled to. Therefore if these latter assertions be correct, it is Mr. Mills, the Provincial Minister and the Grit party generally who are hostile to the interests of the Province, or otherwise they would not seek the confirmation of an award which they say did not do full justice to Ontario.

The course which the Government have taken is fair as between all parties, and will commend itself to all who reflect upon the matter with admit, whilst, on the showing of the Grit newspapers themselves, the howl about their alleged "hostility to the interests of Ontario" is so much humbug, intended to influence those upon whose shortness of memory they rely for acceptance of their statements, which when examined are found, as we have seen, to be self-contradictory in all their essentials.

The Woollen Trade.

That the woollen manufacturing trade is exceedingly prosperous in the Dominion is very evident, and that this prosperity is the result of the wise protective policy of the Government can hardly be gainsaid. A letter from one of the largest wholesale houses in the Dominion addressed to Mr. S. Ostrom, woollen manufacturer, Belleville, shows that there is a great demand for tweeds and other woollen goods, much larger than the large factories of the country can supply. We make an extract from the letter: "If you have any manufactured goods on hand in the way of tweeds, etc., or flannels, we would be glad if you would send us samples with lowest quotations and weight of goods per yard. We are also prepared to give orders for the fall trade for any of the above mentioned goods to be delivered in June or July. Would you please let us know if you are open to receive orders stating lowest prices; if necessary we would give you patterns to make."

BANK RETURNS.—The statement of the banks acting under charter for the month of January, shows a decrease of \$1,561,027 under the heading "Notes and bills discounted and current," as compared with the month of December. There is also a decrease of \$265,036 on advances secured by bank stock. Total assets, \$176,254,067, as against \$178,302,684 in December; notes in circulation, \$20,393,301; showing a decrease of \$1,859,460. Deposits other than Government, payable on demand, or payable after notice, amounted to \$68,916,080, as against \$68,456,422, a gain of \$459,657. Total liabilities for January, \$104,251,509, as against \$105,802,821 the preceding month.

THEFT OF A LIVERY TURN-OUT.—A telegram from Peterborough on the 24th, says: "A case of weeks ago, one Howard, alias Proctor, alias Stewart, alias Newbold, who had served a term in the Penitentiary for bigamy, with a young man named Henry Walton, hired two livery rigs from Mr. Davis, of this town, for the purpose of peddling patent medicines. After a week one of the rigs was sent home by a messenger, and no tidings appearing of the other, Mr. Davis telegraphed to Belleville. On Monday Chief Johnson here received information that Howard was under arrest at Belleville, and asking for instructions concerning Walton, who had given the name of Walton. Word was sent to detain Walton under arrest for horse-stealing. This intelligence was too late, as the culprit was liberated on Monday afternoon.

—One of the Chatham Intelligencer has reported of a week's sales of cut timber which netted him a profit of \$30,000.

Revival Services.

MR. HAMMOND'S MEETINGS.

WEDNESDAY AFTERNOON.

A children's meeting was held in the Bridge Street Church, the attendance being large, and the services of the usual interesting character.

EVENING SERVICE.

After devotional exercises Mr. Hammond spoke on the conversion of children, after which he returned thanks to the city papers for their reports of his meetings, and to the singers and singers. He uttered a brief prayer, which was followed by the singing of a hymn.

He gave a discourse from the 5th chapter of the 2nd Corinthians, reading a number of verses therefrom, and commenting upon each and presenting the truths contained in them in vivid and earnest language.

"We will gather at the river," was succeeded by Rev. Mr. Turnbull announcing the holding of future meetings. He also stated that Mr. Hammond had been invited here without any promise of recompense, and after his labors it was to be hoped he would receive something as a thank offering, and to that end envelopes would be distributed, so that givers would have an opportunity of subscribing and could hand in their contributions this evening. Envelopes labelled "Thank offerings for Mr. Hammond" were then distributed among the audience, after which an experience was related, and "How lost was my condition" sung.

Mr. Hammond gave out as his text the 4th verse of the 9th Chapter of the Acts of the Apostles, "Lord wilt thou have me to do!" There was an individual responsibility resting upon us, and it remained for us to apply the interrogation used in the verse quoted. Some persons had been truly converted, but there are others who have mistaken ideas of conversion. To the Christians he would say be good to the young converts; treat them kindly; shake hands with them and use them well. Some of those who have been converted may fall, but he asked all Christians to hold out their hands to them and act generously toward them. The penitent thief went right from the cross to Heaven, but Christians should they seek that home should always obey God.

His speaker would have to go to Montreal, as he had been called there, and he would leave this city on Friday, at noon, but this work would go on. Already over 600 had been converted and had signed the covenant book, but how many had not been changed in heart. Many many had been converted, old and young, and he prayed the work would go right on. He urged all to go to these services as having put their hands to the plough, they should keep it moving; let all attend the morning meetings and keep up their spirit after he had gone; all should go themselves and bring their friends. Christians should do all they could to help in this grand work: we should hold on; pray on; for some have brothers and sisters who have not been converted. He hoped all would "go on" and all would be led to "repent in Christ."

Some people came to these meetings to scoff and make fun, but all at once they found that they were sinners; they were not in a condition to be saved; their sins crushed them down but their hearts had been changed. Some came honestly, seriously and enquired what they should do to be saved: little by little they felt relieved and meant and said they would become Christians. Some are inclined to think they have not been converted, but they loved Jesus. Many were in sympathy with these meetings and if we have a love for God's people that we never had before, that is an evidence that they have experienced a change of heart. He exhorted them to read the Bible, to pray and labor for the salvation of sinners, as long as they lived and they would not sneak into heaven with a starless crown on. He advised them to join some Christian church, to trust in God, and at all times He will take care of you in this world and in the world to come. He approved of the stand taken by Mr. Diamond in the debate in the W. T. A. Hall and he (Mr. H.) hoped for prohibition, and that his hearers would avoid the use of liquors, for he had seen its effects in many places and in various manners.

Young converts have occupied the dark path and are now "Happy in the Lord." God can take care of them and he would say to them, go forward, go forward, and though your fathers may possibly turn you out of doors, God will break your fathers' heart. He will bring you through. If you follow Jesus He will surely carry you through. Jesus will receive us if we love Him and trust in Him.

The attendance at this meeting was as large as at any previous one, and the audience listened with undivided attention to the words of the speaker. After a meeting of converts had been held in the lecture room and an enquiry meeting in the church, the proceedings for the evening were brought to a close.

THURSDAY MORNING.

There was a very large gathering in the City Hall. Mr. Hammond spoke with his usual force and effect and several converts related their experience.

SERIOUS FIRE IN NEW BRUNSWICK.—The Legislative Assembly buildings of New Brunswick, at Fredericton, were destroyed by fire on the night of the 24th. Most of the books of the Provincial library were saved. The Legislature was summoned to meet on the 25th. They will be compelled to adjourn for a period to find a place to meet in.

IMPORTANT CONGRESSION.—Hopes are entertained that the Czar of Russia will make important concessions to his subjects on the twenty-fifth anniversary of his accession should the nihilists give him leave to see that day.

—Several newspapers have been characterized to take tea from Boston to Cleveland. They are now loading.

MORNING DESPATCHES.

EUROPEAN.

THE HOME RULER'S MOVE.

Ireland's Needs.

TERRIBLE DESTITUTION. FROM ST. PETERSBURG

DUBLIN, Feb. 26.—Galloway now heads the list of distressed counties. Terrible destitution is reported. The Mansion House Committee, yesterday distributed \$200,000.

LONDON, Feb. 26.—The Standard says Home rulers will content themselves with ensuring the continuance of the debate for three days, on Northcote's resolution, reserving their strength for subsequent discussion on the amendments. Davitt, Daly, Killen and Brennan, having been served with copies of the indictments against them will plead, Saturday being the last day for pleading.

MADRID, Feb. 26.—While the King was hunting yesterday, a report was circulated that he had been shot at. It arose from the fatal shooting of a boy by the accidental discharge of a keeper's gun.

St. Petersburg, Feb. 26.—The cause of the banishment of Countess Hendrikoff, wife of one of the masters of ceremony at the Imperial Court, is reported to have been that she and in case the Empress should die the Emperor would probably marry the Princess Dalgorki.

CINCINNATI, Feb. 26.—Two trains on the Indiana, Cincinnati, and La. R.R., collided near here last evening. The engine and two cars were derailed. A brakeman was badly hurt.

NEW YORK, Feb. 26.—The late Dr. Brandreth bequeathed the homestead to his wife, Brandreth house on Broadway, valued at \$40,000 to his seven daughters, and the remainder trade marks and estate to his six sons on condition that they pay the widow one thousand dollars per month.

The Herald's relief fund amounts to \$247,000.

Jay Gould is about to pay a three weeks visit to Texas.

Deleespees dines with the Lotus Club on Saturday evening, attends the reception of civil engineers to-night, and that of the Geographical Society on Friday night.

Arrived, the California from London.

MEETING.

THERE will be a meeting of the Bowling and Cricket Clubs to-night at 8. George's, to make final arrangements regarding concert to-morrow evening. A large attendance is requested.

DOG LOST.

ON Sunday last near Upper Bridge, a Light Brown Esquimaux Puppy. The finder will be rewarded by reporting at the office of this paper.

A CARD.

Belleville, Feb. 25th, 1880.
W. A. SHEPARD, Esq.,

STRAYED OR STOLEN.

FROM MY premises, Front Street, a Bull Pup, 3 months old, all white with the exception of a dark spot on each ear. A reward given to the return of him or any information of his whereabouts, and any person retaining him after this notice will be prosecuted.

J. B. PATTERSON,
Jeweller, Front Street.

AUCTION SALE

on
Steam Mill and Village Lots in
Shannonville.

THERE will be offered for sale by Public Auction, on
Friday, the 12th day of March, 1880, at 12 o'clock, noon, at Chisholm's Hotel in the Village of Shannonville, unless previously disposed of by private sale.
That desirable property, consisting of Lots 47, 48, and 49, on North-west side of Queen Street, in Shannonville, Ont., and Lots 47, 48, and 49, on the North-east side of the same Street, containing in all about one and a half acres.

Upon this property is a valuable STEAM MILL, which cost originally over \$6,000.00, known as the Stevenson or Seasmith Mill, with machinery complete.

THE PROPERTY may be purchased in one lot or in separate portions, to suit purchasers. For further particulars apply to Cash, Wilkins, Auctioneer, Belleville, or to
GEORGE DURNFORD,
Box 256, Kingston.

DETROIT THROAT & LUNG INSTITUTE.

M. D. Hilton Williams, M. D.,
(Graduate of Victoria College at Toronto, and Member of the College of Physicians and Surgeons of Ontario.)

PROPRIETOR.
(PERMANENTLY ESTABLISHED SINCE 1870.)
Over 15,000 Persons Successfully Treated since the establishment of our Institute in Detroit from all parts of the United States and Canada, for some of the various diseases of the head, throat and lungs. The only institute of the kind in Michigan specially devoted to the treatment of Catarrh, Throat Disease, Asthma, Bronchitis and Consumption, also diseases of the Eye, Ear and Heart.

Catarrh and Throat Diseases are every year becoming more prevalent and more generally fatal. As prevalent as they are, if left to themselves, their termination is Consumption and death.

A large portion of the deaths from throat and lung diseases are of young people—those who have not reached the meridian of life. Their hold upon life is strong and all the functions of the body active. If they were properly treated the great majority of them would recover. Such is my experience. But I have no faith in their treatment by the stomach. Cod liver oil in good nourishment, but it is not the best; no medicine given by the stomach exerts a curative influence on the lungs.

We are positive in saying that three-fourths of the vast number who die of Consumption might be saved did they awaken to the true sense of danger when the disease first appears in the head and throat; the best writers, and the ablest physicians of the age have expressed similar opinions.

With these facts before us we feel that we would be recreant to our responsibilities were we to remain silent and see our fellow-beings pass away like autumn leaves while there is hope for so many.

All diseases of the respiratory organs treated by medical inhalations, combined with proper constitutional and hygienic treatment.

If on account of distance, expense of travel or physical debility, patients cannot visit the office personally for consultation, they may write for "List of Questions" which will be sent free of charge, and when fully answered and returned remedies can be sent per express (duties paid) together with full directions for use. Address:

DETROIT THROAT & LUNG INSTITUTE,

NOTICE.

ALTHOUGH we have always done what is called a "cash business," yet for several years we have allowed a certain amount of latitude in the matter, some of our most valued customers having fallen into the habit of settling monthly, instead of paying at the time. This, however, we find leads to much more than we intended, as it is often impossible to deny a short credit to doubtful customers, if we are in the habit of allowing it to good ones. Even a short credit invariably leads to losses, and these losses have to be paid for, in part at least, by those who do pay honestly and promptly. We have long felt this to be unfair, and for our own sake, and that of our customers, we have resolved to entirely abandon it.

Accordingly, from the 1st of March next, we shall not, under any circumstances, sell goods on credit, and we trust that our friends will not give us the painful necessity of refusing them.

In taking this stand we do so with the firm conviction that it will be to the benefit of both buyer and seller, as while on the one hand we shall be saved much loss of money and time, on the other we shall be able to sell at clear prices, certain of getting our money in full.

We are year by year purchasing to better advantage, and today a bulk of our stock is bought as cheaply as that of the wholesale houses of Toronto and Montreal, thus enabling us to give our customers the very best value for their money.

Canada Royal Benefit Society.

THIS Society is for all insurable persons; for those of small means as well as for those of large means; for those who are in the prime of life, and for those who are in the declining years of life. It is based upon sound commercial and economical principles, and is a society of mutual benefit and assistance.

The benefit branch secured for its members medical attendance and \$5 per week in case of sickness or accident, and \$500 in case of death, with a provision for one half of the \$500 being paid should a member become totally disabled through sickness or accident at an earlier period.

The tables of fees have been drawn up with the greatest care, making due allowance for the difference of age at the time of joining the Society.

From a careful inspection of the Society's By-Laws, it will be seen that the greatest possible advantages are offered for the premiums paid.

The following table of fees will be of interest to those desiring to join this Society:—

Table with 4 columns: Age, Entrance, Annual Assessment, Entering Fee. Rows for 16 to 20 years, 21 to 25 years, 26 to 30 years, 31 to 35 years, 36 to 40 years, 41 to 45 years, 46 to 50 years, 51 to 55 years, 56 to 60 years.

For further particulars address JOSEPH BROWN, General Manager, 850 Carleton's Block, Belleville.

MEAT MARKET.

THE SCIENTIFIC AMERICAN is a large First-Class Weekly Newspaper, published every Friday, printed in the most beautiful style, profusely illustrated with splendid engravings, representing the most important events and recent advances in the Arts and Sciences; including New and Interesting Facts in Agriculture, Trade-Mark, Home, Health, Medicine, Progress, Social Science, Natural History, Geology, Astronomy. The most valuable practical papers by eminent writers in all departments of Science, will be found in the Scientific American.

Any person who pays \$1.00 half year, which includes postage. Discount to Agents. Single copies, ten cents. Sent by mail free of charge. Remittances by postal order to MUNN & CO., Publishers, 37 Park Row, New York.

Patents. In connection with the Scientific American, Messrs. MUNN & CO. have had 35 years experience, and now have the largest establishment in the world. Patents are obtained on the best terms. A special notice is made in the Scientific American of all inventions patented through this Agency with a view to the promotion of the Patent. By the immense circulation of this paper, public attention is directed to the merits of the new patent, and its introduction often facilitated.

Any person who has a new discovery or invention, can ascertain, free of charge, whether a patent can be obtained, by writing to MUNN & CO. We also send free our Hand Book on the Patent Laws, Patents, Caveats, Trade-Marks, Home, Health, Medicine, Progress, Social Science, Natural History, Geology, Astronomy. Address for the Paper, or concerning Patents, MUNN & CO., 37 Park Row, New York. Branch Office, cor. Park Row, 7th St., Washington, D. C.

Sierra Nevada Smoking!

At McDonald's Tobacco Store, one of the most delicious aromas ever smoked. Cures colds, catarrhs, and all bronchial complaints. Singers and speakers use it constantly. M. L. SMITH, Orleans, Ont. \$5 to \$20 per box of 250. Sample sent on receipt of 50c. Postpaid, Maine.

LAME BACK. WEAK BACK. BENSON'S CAPSINE POROUS PLASTER.

Overwhelming evidence of their superiority over all other plasters. It is every where recommended by Physicians, Drugists and the Press.

The manufacturers received a special award at the Centennial Exposition, 1876, of the Paris Exposition, 1878.

Their great merit lies in the fact that they are the only plasters which relieve pain at once.

Every one suffering from RHEUMATISM, LAME BACK, OR WEAK BACK, COLIC OF THE CHEST, COLIC OF THE STOMACH, OR any local pain or ache, should use BENSON'S CAPSINE POROUS Plaster, and be relieved at once. Price 25c. Sold by all Druggists.

GRAND JUNCTION AND BELLEVILLE & NORTH HASTINGS RAILWAYS.

On and after Monday, November 3rd, Trains will run daily as follows:— Leave Belleville at 3 p. m. for Madoc and way stations. Leave Belleville for Stirling, Campbellford, and Hastings, at 3:30 p. m. Arrive from Madoc and way stations at 10 a. m. Arrive from Hastings, Campbellford and Stirling at Belleville time.

Trains are run by Belleville time. R. LUTTRELL, Gen'l Supt. Oct. 29, 1879. d&w

Established 1850. HAMBLY'S Bakery and Confectionery.

OYSTERS! OYSTERS! OYSTERS! THE weather is now getting settled, and this delicacy will come to hand in good condition, and the public may rely on getting a reliable article, and as cheap as at any other PLACE IN THE CITY. I shall have a small lot.

In Fresh this Evening, which will be sold by THE CAN or LOT at LOWER PRICES.

Served up in the Oyster-room in the different styles. Having gone to great expense in fitting up an apartment especially for Ladies and Ladies accompanied by Gentlemen, I hope to merit their patronage. The Gentlemen's apartment is an entirely new addition to the business, and will be found large, airy and clean. Every effort will be made to please.

For those who like it, I am drawing a splendid article of two years' old ALB.,—exceedingly fine and sound.

I have also a splendid stock of Havana Cigars, consisting of First Partagas and real Havana Cigars, also the leading Domestic, including "Tom's" Specials.

October 14, 1879. P. H. HAMBLBY.

BOOKBINDING. In all its Branches.

Daily Intelligencer.

Correspondence.

Whilst correspondents will be accorded space for the expression of their views on topics of public interest, it must be in all cases understood that the views so expressed are simply those of the correspondents themselves.

To the Editor of the Intelligencer. Sir,—Will you kindly insert the following notice in your issue of the 27th inst.?

X seems troubled by the same complaint as that which he lays at the door of the Rev. Hammond. Whether X be a cleric or not, his knowledge of the scriptures must be of the most limited kind, for him to arrive at the conclusions which he puts forth in his letter. What about the 3,000 converted by Peter's sermon on the day of Pentecost (Acts ii. 41)? followed soon after by 5,000 (Acts iv. 4)? We can only hope the scriptures must be of the most limited kind, for him to arrive at the conclusions which he puts forth in his letter.

Every one suffering from RHEUMATISM, LAME BACK, OR WEAK BACK, COLIC OF THE CHEST, COLIC OF THE STOMACH, OR any local pain or ache, should use BENSON'S CAPSINE POROUS Plaster, and be relieved at once. Price 25c. Sold by all Druggists.

We may mention among Mr. Hammond's associates in the Lord's cause such men as Dr. Guthrie, Rev. Spurgeon, Fannykirk, New-Hall, Baptist Hall, and many others.

We may fairly assume that the combined knowledge and judgment of these men to be quite equal to that of X.

As to the results of these meetings I would remark, that the personal of X, "Giles" I would not say, "where he will find an answer to certain very respectable people holding up their hands in pious horror at the idea of a man having his opinions and views on religion whose conversion took place at such a time.

I would recommend X to become better acquainted with general truths before he discusses them, and casts such a slur on the Methodist body, as well as those Ministers and Christians who have associated themselves with Mr. Hammond in these meetings, and have had as much experience as himself.

It is very melancholy to reflect upon the effects of these meetings.

Many noble souls have acknowledged their sins and have found peace in believing; many saloon keepers have had their trade hurt, and many drunkards with tears have repented, and have turned to God.

Verily X will educate us as to the best remedy for sin, and the best way to deal with an anxious inquirer.

In conclusion I would refer to the various reports, under Henry Varley, and in this city under Mr. Fitch, and in Toronto under Mr. Rainsford. We think these men knew what they were about.

Yours truly, G.

To the Editor of the Intelligencer. DEAR SIR,—I am not a professing Christian, but I am an anxious inquirer.

I may style myself as one of a large class who have been earnestly seeking for light, wherever it may be found. For several nights I have listened to the preaching of Mr. Hammond, and I have been deeply moved by his words, and I have been deeply moved by his words.

I do not sympathize with your correspondent "X," when he classes Mr. Hammond with the "low-down" and "low-down" men. Mr. Hammond's words seem to me to be the words of a man who is truly a man of God, and who is truly a man of God.

If Mr. X is advertising pet nostrums which will not stand the test of a religious man, to what man or men shall we poor sinners go to learn the true way, to get the genuine remedy which will cure us of our sins, or false, is doing a great work in the interests of the morality and virtue.

Will X point out another and a better course, a more certain mode to bring us to the careless and indifferent to the christian fold, to the pulpits of St. Catharines were open for many years, but Mr. Durham remained an infidel, and I have seen him in St. Catharines now closed, belched forth their hell draughts for years before Mr. Hammond came there.

Has Mr. X any good reason to give, other than the sound of the gospel bell, but I have no reason, and I have no reason to give.

Was the utterance of the Great Master false when he said, "by their fruits ye shall know them?"

To the Editor of the Intelligencer. DEAR SIR,—In your issue of last evening I noticed a communication relating to the services now going on. I would refer X to Nehemiah, 6th chap. 37th verse. "And I sent messengers unto them saying, I am doing a great work so that I cannot come down, why should the work cease whilst I leave it and come down to you?"

A WORKER. Belleville, Feb. 26th, 1880

Gems of Thought.

There is only now and then an opportunity of displaying great courage, or even great wisdom; but every hour in the day offers a chance to show our good nature and our civility.

Patience is a shadow, wealth is vanity, and power a pageant; but knowledge is eternal in enjoyment, perennial in fame, unlimited in space, and infinite in duration.

Deep learning will make you acceptable to the learned; but it is only an easy and obliging behavior, and entertaining conversation that will make you agreeable in all companies.

Timidity creates cowardice, and never wins success. It is a strong and abiding faith in one's own ability to perform that overcomes difficulties that others thought could not be surmounted.

Every charitable man and nobody's fool was he who used to say, when he heard any one being loudly commended for some fault, "Ah, well, yes it seems very bad to me, because that's not my way of doing it." If we cannot not, we should be its own punisher.

DOMINION PARLIAMENT.

FOURTH PARLIAMENT—SECOND SESSION. WEDNESDAY, Feb. 25.

In the Senate the address from the Commons for a grant of \$100,000 for the relief of the distress in Ireland was concurred in.

Mr. Girouard introduced a bill legalizing marriage with a deceased wife's sister. He said with the bill he introduced some few days ago, for the purpose of amending its first clause, and reintroduced it now, having given notice in due form.

The bill was read a first time.

Mr. Casey asked whether the Government intended to allow a drawback on Indian corn imported for feeding cattle equal to that allowed on Indian corn imported for the manufacture of starch.

Mr. Bowell—Allow me to inform the hon. member that so soon as he proves to the Government that the residue which remains for fertilizing or other purposes after feeding imported corn to cattle, amounts to 2½ per cent. of the duty paid on corn fed to cattle, the Government will consider the propriety of allowing a drawback in proportion to that allowed for the Indian corn, going into the manufacture of starch.

A long and varied debate, somewhat wide in its scope, was incited by Mr. Fleming, moving for a copy of the Order in Council prohibiting the landing of immigrants at Halifax who are not possessed of \$20, which order applies from Nov. 15th until the winter.

After some number of private bills, were advanced a stage.

The House went into Committee on Mr. Colby's adopted Bill to repeal the Insolvency Act. A debate regarding the scope of the amendments, which have been published, took place, and the general view appeared to be that the repeal clause should be as to the Insolvency Act in its operation. The amendments, notice of which was given by Mr. Colby, providing that the repeal shall not effect such cases as are in the hands of the assignees at the time of the Bill coming into operation was adopted by the Committee, and concurred in by the House.

Mr. Boldue moved the second reading of a Bill to amend the Act respecting the election of members of the House of Commons. At present time each candidate has to make a deposit with the Returning officer of fifty dollars, and the Bill provided to increase the amount to three hundred dollars. The Bill respecting the amendments, notice of which was given by Mr. Colby, providing that the repeal shall not effect such cases as are in the hands of the assignees at the time of the Bill coming into operation was adopted by the Committee, and concurred in by the House.

Ontario Legislature.

FIRST SESSION—FOURTH LEGISLATURE. WEDNESDAY, Feb. 25.

In answer to a question put by Mr. Young, the Premier stated that the Government intended to take steps to vindicate the name of the Province by the matter of the boundary award, but the nature of the steps to be taken had not been decided upon.

On motion of Mr. Gibson (East Huron) a resolution of the House of Commons was adopted, and the House adjourned at 10:40 p. m.

Canadian Pacific Railway.

Tenders for a second 100 miles section of the West of the River will be received by the undersigned until noon on Monday, the 27th inst.

The section will extend from the end of the 48th Contract—near the western boundary of Manitoba—to a point on the west side of the Valley of the Red River, near the mouth of the Red River, in the County of Assiniboia, and after the 1st day of March next.

By Order, F. BRAUN, Secretary. DEPT. OF RAILWAYS & CANALS, Ottawa, 11th February, 1880.

Canadian Pacific Railway.

Tenders for Rolling Stock. TENDERS are invited for furnishing the Rolling Stock required to be delivered on the Canadian Pacific Railway, within the next four years, comprising the delivery in each year of about the following, viz:—

16 First-class Cars (a proportion being deep-seated 30 Second-class Cars, do 20 Express and Baggage Cars, 3 Postal and Smoking Cars, 240 Box Freight Cars, 100 Flat Cars, 2 Wing Ploughs, 2 Snow Ploughs, 2 Flangers, 10 Hand Cars.

THE WHOLE TO BE MANUFACTURED IN THE DOMINION OF CANADA, and delivered at the point of delivery in the next month, or in the Province of Manitoba. Drawings, specifications and other information may be had on application at the office of the Engineer-in-Chief, at Ottawa, on and after the 15th day of MARCH next.

Tenders will be received by the undersigned up to noon on THURSDAY, the 1st day of JULY next.

The Daily Intelligencer.

TRAIN SERVICE.

Subscribers in the villages along the line of Railway will hereafter receive their Daily papers at the following places, instead of at the Post Office:

STRAINS.—At the drug store of Dr. G. H. Boulter, M. P. P.

CAMPBELLFORD.—At the office of Mr. Thomas Oliver, who will also act as agent for the Weekly Intelligencer.

HATINGS.—Of Mr. David Morrison, at the Post Office.

MADEIRA.—At the store of Mr. C. G. Wilbott.

Extra copies of each day's issue can be obtained at the above places.

Geo. F. Rowell & Co.,
40 PARK ROW, NEW YORK,
J. R. BATES, 41 PARK ROW, NEW YORK,
are Agents in this city, and are authorized to contract for advertising at lowest rates.

Daily Intelligencer.

BELLEVILLE, FRIDAY, FEB. 27.

SPECIAL.

The feeling in favor of protection to home industries is spreading so rapidly that it has at length reached the Kingston *Whip*. That journal, like the *Globe*, editorially condemns the doctrine of protection, but in its local department it expresses opinions of a very different character. For instance, in its issue of the 25th inst. (local column), the *Whip* says:—

"All of Messrs. Folger Bros. vessels American bottoms have been chartered for the season of 1880. The prospects of the grain trade are of the most encouraging character—they were never more cheerful prior to any opening of navigation. In the competition that will prevail, however, the Canadian craft must suffer, so long as certain duties are imposed. The Government in every possible way should encourage the vessel trade, and nothing should be allowed to militate against the Canadians."

The secret of this appeal to the "Government by a free trade newspaper" is easily explainable, on the ground that Kingston is largely interested in the carrying trade, and so for purely local and selfish reasons the *Grit* organ of that city flings its so-called principles to the winds. And so it is with the party generally, self-interest with them being paramount. Thus their candidate for the Commons in the great coalition of Cape Breton advocated an increase of the tax on coal which his party so loudly denounces. Mr. James Young, ex-M. P. for South Waterbury, urges protection to the best sugar industry; Mr. Maclean, their standard bearer in the recent election in the manufacturing constituency of Cornwall, avowed himself a protectionist, and so on. The opinions of the party are thus seen to be so much at variance on this great question that to carry out their ideas would be impossible. Therefore as the N. P. gives protection to all our varied interests and industries, and with the amendments which have been passed during the present session will stand fairly upon all the best things that the *Grit* press can do, it is to be desired that public opinion should cease to make themselves ridiculous by crying out for protection in specific instances, whilst bitterly fighting against the principles which they wish introduced piecemeal, and in a manner which would disturb the whole trade of the country.

Irish Relief.

Although for partisan purposes, some of the *Grit* writers and speakers profess to consider the grant of \$100,000 made by the Dominion Parliament for the relief of the distress in Ireland as being too small, the journals which are supposed to represent the Irish Roman Catholics of Canada and to express their opinions, seem to be more than satisfied with the liberal recommendation made by the Government and accepted by Parliament. The *Montreal Evening Post* says:—"The sum of money voted by the Canadian Parliament for the relief of the Irish sufferers by the famine will be of great benefit to those it is intended to succor. It is a large sum of money, and will go a great way. Ireland will have reason to think of Canada with gratitude for ever more, and whatever the faults of the Irish people may be, ingratitude cannot be reckoned among them. The present Canadian Government has acted promptly, graciously and generously in the matter and deserves credit. We had hoped a Canadian Government would have been sent to distribute Canada's gift, but let us not grumble, it will reach the destination, and the farming people will be told whence it came."

The *Irish Canadian* remarks upon the same subject as follows:—"Gentlemen who speak on the subject from Opposition benches can indulge in copious liberality of the lips; but they would act very differently if placed under the obligations of office. If the treasury were overflowing, the case would be different; but while it is one thing to indulge in benevolence at the cost of reducing a surplus, it is another and very different thing to do under the embarrassment of increasing deficit. Speaking as an Irishman who gives his sympathies ardently to the poor who are stricken by famine in Ireland, we feel bound, without any particular admiration for Sir John Macdonald, to state in repetition of our commendation of his benevolent \$100,000 he has set apart for their relief as, under the condition of the treasury, a satisfactory discharge of a noble duty."

The journals above quoted from are both independent in politics, and on the whole hold the balance fairly between parties, therefore their approval of the sum granted shows that the happy mean between niggardliness on the one hand and a liberality too great for the treasury to bear, has been struck. The subject is one out of which any party ought to be ashamed to attempt to extract political capital; but as the Opposition have endeavored to do so, the rebuke administered to them by the representative journals named is timely and richly deserved.

Revival Services.

MR. HAMMOND'S MEETINGS.

FAIRWELL MEETING.
The farewell meeting in connection with the revival services conducted by Rev. Mr. Hammond, was held in the Bridge Street Methodist Church last evening.
Before the hour of service the church was filled so that seats had to be provided in the aisles, but proved inadequate to accommodate the crowd, as the vestibule was filled and still many had to go away for want of room.
After prayer by Rev. Mr. Lane, Mr. Hammond read a portion of the Book of Joshua, when he said that although he would like to remain longer in Belleville, he was compelled to keep his promise to the people of Montreal, which would be his last place of labor this winter. He said that although he had great opposition in the work in which he was engaged, he never forgot that "He who was with him was greater than all that could be against him." He asked them to rally around their ministers so as to carry on the work after he was gone.
He then stated that the average age of those who had signed the Covenant Book was 15 yrs. 4m. and 6dys., their ages ranging from 5 years to 68. Of those who had signed the Covenant Book 246 were from 5 to 10 years of age, 146 from 10 to 15, and so on to the aged when the number became less, as the older people got the harder it was for them to come to Christ. Of those who had signed the Covenant Book one third were adults and two thirds were young. The whole number of which was about 650.

After prayer Mr. Hammond said that about four days ago he was called to see Mr. Alexander Hart, who he called at the solicitation of his son in law who he loved Mr. Hart had long to live. He said he was kindly received, and that Dr. Burdett with Mrs. Hart and Mr. Hart's son in law, knelt around the bed in tears and prayer. That he had been told that Mr. Hart had spent the night in prayer and as near as he could remember Mr. Hart said to him, "If I had my life to live over, I would not live it again as I did live it, for 10,000 worlds." It was as if there were free thinkers in the room he commended the words to them as the words of a strong minded man, and a free thinker that had not long to live. He said he was allowed to make the statement that some of Mr. Hart's old companions might be benefited by the statements of a dying man. He said that the first words that Mr. Hart said to him was that he had given up most of his ultra notions, but that he was afraid he had given them up too late.

Ethan Allen he said when his daughter was dying, told her to die in her mother's faith, and men he said when dying died honestly.

After singing "My Jesus I love thee," the following Reverend and other gentlemen came forward and expressed the deep regret they felt that Mr. Hammond should be necessary to leave the city, and individually pledged themselves to aid in the continuance of the revival work. Rev. Mr. Lambly, Prof. Badgley, Rev. Mr. Schuster, Dr. Jacques, Rev. A. O. Coscar, Rev. Mr. Lane, and Rev. N. R. Willoughby.

Mr. Hammond on coming forward said he was thankful for the kind words that had been spoken, as he himself was a regularly ordained minister, and hoped all would respect and sustain the gospel ministry. He thanked God for station ministers and Sunday school teachers, who assisted in revival services, by preparing their hearts for the spark of divine love, as the fuel is prepared for the spark which will kindle it into a flame.

After singing "Shall we gather at the river," Mr. Hammond said he would speak first from Timothy, 1st chap. 15th verse, "This is a faithful saying and worthy of all acceptance, that Christ Jesus came into the world to save sinners, of whom I am chief." He said that Christ died that we might have an assurance of meeting in a brighter world. He said that the greatest sinner could say that this passage was intended for him.

He would speak secondly from 1st Timothy, 4th chapter, 8th and 9th verses, and thirdly from 3rd chapter Titus 8th verse.

This glorious work he said they had promised to maintain, and he asked them to send him a telegram to-night to cheer his heart. He said there were noble Christian workers in the church at Belleville, and thanked all that had assisted him in his labors. We should, he said, be careful to maintain good works as carelessness meant sin. He was often asked his opinion on dancing, a subject that he said had been freely discussed. Without giving any opinion he would ask does dancing mean good works? He said that admitted there was no harm in dancing; was there not harm in the midnight ball? But one says, "I mean square dances and parlor dancing, not promiscuous balls." These, he said, like drinking leads to worse. He said it was a great fact that the godly, praying Christians, that people called in to pray with them when dying, disapproved of dancing. He adjured young Christians to be a fountain of God's love, always running over, and to take as their guidance the principle of St. Paul, "If meat make my brother to offend, I will eat no meat while the world standeth." He said that to be Christians and to show it, they must draw the line somewhere, and he thought they had better draw it at dancing.

He advised young converts to get into the habit of speaking to people about their souls, as he believed there was such a thing as being led by the Spirit, if you only put your trust in Him, and maintain good works. He recited the "charge of the Light Brigade," and cited an instance in which the same recitation had the effect in God's hands of saving souls. He illustrated God's pardon by the pardon of a father for his son, and asked all to come to their Saviour who had died on the cross that they might live.

He hoped in the day of judgment that he and the other ministers would not have to stand as the accused of any pressing sin, but that they would have to stand as the Lord and be saved. He believed there were many who had never said they would be Christians would make a start that night, and sang with effect "You have a mother in the promised land," the congregation joining in the chorus.

He then asked all that were young converts or that wanted to be Christians to stand up, when a large number stood up and testified for Jesus.

A farewell service was then held, all converts and Christians walking over the platform and shaking hands with Mr. Hammond and the other ministers on the platform.

Occasionally at Mr. Hammond's request one of the new converts would stop on the platform and relate their experience.

Mrs. Lako said she first heard of the meeting from reading a bill left at her door, which said the meeting was open for all. She went but could get no farther than the door where she stood and listened to the beautiful hymns sung, and went home wishing that she was a Christian; the next night she went but only got as far as the gate, where she stood in the cold as she felt that such meetings were not for her, but she went again when she dropped into a back seat where a poor unforsaken creature God in His mercy found her out and came to her relief and owned her as his child. She hoped they would all pray for her that she might always be kept faithful, so that she could enjoy prayer as she did now.

Mr. Robert Baker said he thanked God that he had given him a new heart. He said he had wandered far into sin and had cultivated appetites that were hard to break, but he hoped to be able to do so with God's aid. He felt grateful to God for what he had done for him and related a narrow escape from death when he had been fortunately spared. He thanked God that he was in His house and hoped always to be found at the feet of Jesus.

Many other interesting experiences were related by well known persons in the city, all ending with a wish for the prayers of God's people that they might remain faithful.

MORNING DESPATCHES.

EUROPEAN.

Parnell Denounced

DUBLIN, Feb. 27.—The Freeman's Journal, heretofore a staunch supporter of Parnell, now denounces him for his libels on other orators than his own.

AMERICAN.

FRATRICIDE.

RAILROAD COMBINATION.

\$300,000 FOR IRELAND.

New Counterfeits.

MOUNT WASHINGTON, Md. Feb. 27.—Yesterday Briate and Wesley Phillips, brothers, quarreled while wrestling and the former shot the latter fatally.

CHICAGO, Feb. 27.—A new fast freight line to be organized is to be known as the Midland Line and is to be operated over the N. Y. Central to Buffalo; Lake Shore railroad to Fremont, O.; Lake Erie and Western to Bloomington; Ill. Chicago & Alton from Bloomington west and south-west. At the railroad meeting yesterday the rates on hogs were reduced one per hundred. Rates to all New England points were made the same as to New York. Rebates were abolished. It is estimated that further reductions in grain rates is not improbable.

NEW YORK, Feb. 27.—The Herald's Washington special says that the Bill agreed upon by the House Foreign Committee, appropriating \$300,000 for Ireland, provides the amount to be disbursed by the Secretary of State through the existing benevolent societies of Ireland. An effort will be made to pass it on Monday.

The Herald's fund now amounts to \$250,201.

Over 1,800 immigrants arrived on seven European steamers yesterday, mostly of the better class of refugees from famine stricken Ireland.

The Times says that the Boston owners of the Atchison, Topeka and Santa Fe Railway have obtained from Mexico franchises for three connecting links in that country, which will give them a monopoly of the Australian, New Zealand and South American business. The new route will be 30 miles shorter than the present one from New York to San Francisco, and will bring Australia 1,000 miles nearer New York than now.

An opera war between the American Union and W. U. Co.'s has been declared by the first announcement of the reduction of rates by the American Union. The reduction applies to Canadian points.

A new counterfeit ten dollar bill of legal tender has just appeared on the series of 1875, the check letter "C" of Allison, register. The new Treasury note is dark paper of heavy fibre and imitated by engraved lines.

\$20,000 was cleared for Mount Sinai Hospital by a ball last night.

BOOKS FOR MANITOBA.—The Postmaster-General has decided to allow book packets up to the usual limit of weight (four pounds) to be forwarded to Winnipeg, Manitoba. Book packets addressed to other places in Manitoba, or to the Northwest or British Columbia, will continue to be subject to the present limit of weight (2 lbs 5 oz).

COAL IN MANITOBA.—The latest information from the Souris coal fields, Manitoba, brings the news that the miners have struck at a depth of sixty feet, a vein of coal about a foot thick, which is in the same thickness as the Baby mine, forty miles west of Winnipeg, Dak., and is the only one south of the Souris discovery. The latter coal is used on the Northern Pacific locomotives.

News Condensed.

Ship building at Mill Point is quite brisk.

The revival wars have reached Kingston and the country throughout.

Americans are buying up rye straw at Napawa to ship to the other side.

Campbellford is storing ice from two to three feet thick.

The thermometer registered 24° below zero at Winnipeg on the 19th inst.

It is announced that Prince Leopold will visit Canada next summer.

The reports of wholesale arrests in St. Petersburg are unfounded.

The Montreal *Post* is to cease publication on the 13th of March.

The Legislature of Nova Scotia opened on the 26th inst.

Zion Church, Montreal, of which Rev. Mr. Bray is pastor, is to be sold on account of a heavy debt resting upon it.

The Township of Brighton have fixed the amount to be paid for tavern licenses at \$109, which amounts to prohibition.

The Car of Russia has plenty of pocket money. He receives \$17.40 a minute throughout every twenty-four hours.

The rioting at Portland, Ireland, was renewed on the 26th inst., but all was reported quiet last night.

Eight car loads of wheat from Manitoba arrived at Toronto on the 16th inst. The through rate was 45 cents per bushel.

The total foreign imports at New York for the week were \$1,065,754, above those of last week.

Mr. E. R. Reed, Township of Kingston, has shipped 450 sheep per steamer 'Brooklyn' for Liverpool.

Josh Billings has made \$100,000 on his writings, which is a pretty good royalty on bad spelling.

John Quick, was killed at Colchester, Ont., on the 26th by a beam striking him on the head while raising a barn.

Mr. Brown, while attempting to get ashore on Garden Island, Kingston, on the 25th, broke through the ice and was drowned.

Five persons have been arrested at Gaitaneau, charged with causing the incendiary fires there recently.

A son of D. McCullen, Woodstock, aged ten years, was smothered in a grain elevator in that town, on the 26th inst.

The Legislative Buildings at Fredericton, N. B., which were burned on the 25th inst., were insured for \$19,000.

The Glen prize at Father Stafford's bazaar in Lindsay was won by Miss Robertson, of Trenton. The amount netted by the bazaar was \$2,253.

The Relief and Extension Fund of the Methodist Church of Canada, which was commenced last July, has now reached the large amount of \$100,400, of which \$60,000 has been paid in cash.

The Oil Refiners had a conference with the Government on the 25th. They want a heavy penalty imposed on persons selling inferior oil.

The Rev. Jacob Freshman lectured on the Jews in Ottawa on Tuesday evening. The Hon. Mackenzie Bowell, Minister of Customs, presided.

The Campbellford *Herald* says Menie can boast of a "real genuine ghost." It frequents an unoccupied house, and is creating lively times there.

The portraits of the Biddulph prisoners, published in the *Globe*, are the worst "botches," that have ever appeared in print. The wood-cuts are said to be cut out with a meat-axe and a circular saw.

Captain Hemphill and his bride are sailing down the Ohio and Mississippi rivers, on their honeymoon tour, in a boat built expressly for the purpose. No other suit is aboard the craft, which is gaily bedecked with flags and evergreens, and is greeted on the bridge from being a popular steamboat man.

The Daily Intelligence.

BELLEVILLE, SATURDAY, FEB. 28.

Lies vs. Leather.

The *Globe's* Ottawa correspondent has long been noted as being the most unscrupulous writer that journal has ever employed at the Dominion capital, and it is little wonder that those whom he so basely vilifies should take the summary method of chastising the offender which Mr. Currier, M. P., adopted. The Ottawa *Citizen* thus describes a scene which took place on the floor of the House of Commons on the 26th inst. It is hardly possible that the correspondent will again attempt to slander the member for Ottawa. The *Citizen* says:—

"Quite a lively scene occurred in the House of Commons yesterday in consequence of the following paragraph, which appeared in the *Globe*—

"The firm of T. W. Currier & Co., Ottawa, has received several large sums on account of lumber. Mr. Currier is the name of the city member."

"The attention of Mr. J. M. Currier, M. P., having been called to the item, that gentleman decided to deal summarily with the offender, and meeting him on the floor of the House of Commons in the morning asked him if he was the author of this shameless insinuation. The truthful correspondent of the *Globe* was neither very frank nor apparently very anxious to be frank, the consequence being that Mr. Currier seized the correspondent by the most prominent portion of his anatomy—his ear—and, after getting him into the proper position proceeded to ply his boot to the brain box of that meddlesome individual. Nothing more occurred and nothing more was said."

Argenteuil.

Concerning the recent election for the Commons in Argenteuil, in which Hon. J. C. Abbott was elected by a majority of 64, overcoming an adverse majority of 89 cast in his opponent in 1878, several serious allegations were made by a correspondent of the Montreal *Witness*, who charged all sorts of corruption against the Conservatives. These charges—the precise nature of which can be gathered from the following extract from another letter in the same journal—are so fully replied to that it is unnecessary to further remark upon them. The extract referred to is as follows:—

First, as to the "ninety fraudulent votes" at St. Andrews, "Reformers," who, as you may have observed, only wishes "the public to know some of the facts," has committed to state that the vote's list at that poll was unlawfully attacked by his party, and finally upheld by the Court at St. Andrews last fall; so that this gentleman's opinion as to the legality of the vote's list is opposed to that of the courts of law. I would like to ask, too, what became of these ninety bogus votes on polling day, as Mr. Abbott's majority was only increased by twenty-five in St. Andrews. The fact is that there is only a difference of three in the number of votes on this list and on that used in the election of 1878.

Secondly comes "the scandalous abuse of Government influence on the Grenville and Carleton Canal," but unfortunately for "Reformers" argument, Mr. Abbott not only gained in the front of the country, where the influence may be supposed to have been felt, but in every township in the whole county, but one. The absurd story about voters being forced to vote openly is hardly worth being mentioned, as it is a well known fact that I was a scrutineer at one of the polls during this election, and certainly saw nothing of the kind. If it did occur, what were the Liberal scrutineers at not to prevent it? They were there to see the law carried out (as I have no doubt it was) and would have protested at the time against any illegality. If there was any, and not afterwards it is odd that this Next comes the old cry about Mr. Barron being superseded by Sheriff Ross, which has already been answered. But it may not be out of place here to put before your readers once more the facts of the matter. In the opinion of the Reform party Mr. Barron was always acted impartially; but what are the facts? In the election of 1878, every deputy returning officer appointed by him was a Grit; he totally ignored the usual custom of appointing the mayor or some local magistrate, but simply put in the men who would best serve his purpose. How different was the conduct of Mr. Ross! He, as a rule, named the mayor or some local man in authority, going out of his way in several instances to appoint well-known members of the Reform party.

A Reformer states that in the last two townships of Hastings and Wentworth no less than three polls were superfluous, which had existed during the last year or five elections, and the polls were placed down in one of the corners of the township. There is the same inaccuracy about this statement that characterizes all the other utterances of this elegant writer. The polls which Mr. Barron illegally carried in townships with only one hundred voters on the average in each, and which were wisely suppressed, were only in existence during the last two elections, namely that of 1878 and the local election preceding it. And the polls have always been in since these townships had polling places.

PETER'S PENCE—The Montreal *Star* says:—"Notwithstanding the terrible distress and suffering in Ireland the noble contributions of Peter's pence are being made. The telegraph announces that the Bishop of Kilmore has sent £400 and the Bishop of Armagh £450. Indicating, as this does, the wonderful fidelity of his Irish children, even in their hour of suffering, would it not be a grateful and sympathetic act upon the part of His Holiness to forgive their donation this year, with the request that it might be used toward the alleviation of the sufferings of their fellow-countrymen?"

Mining Notes.

On the 27th inst., a representative of the *Intelligencer* paid a flying visit to the Madoc iron mining region, and took a look at the Seymour (magnetite) and Coe & Mitchell (red hematite) mines.

At the former there are from 30 to 40 men employed in and about the mine, and work is being carried on in a vein of from 16 to 20 ft. wide, at a depth of 70 feet or thereabouts from the surface. The ore is hoisted by horse power, loaded on dump cars, which are drawn by horses to the chute, where the contents are dumped directly into the cars, a branch line having been built for that purpose. Mr. Pusey, lessee of this mine, is pushing operations with energy. Additional treaties for the passage of dump cars or lorries are being built outside, whilst inside on the second level, drilling was going on into the wall rock, in the expectation of finding another vein, indications of which looked very promising. The output of the mine is from one to two cars per day.

The Wallbridge red hematite mine, which is being operated by Messrs. Coe & Mitchell, is an extensive concern, employing about the same number of men as the Seymour. An engine house has been erected, in which has been placed a 15 horse power engine, which will be used for hoisting and pumping purposes, operations have been much delayed by water of late, two men being constantly engaged in pumping. The product of this mine amounts to from 8 to 9 cars per day, and a number of teams are engaged in hauling the ore to the railway, about half a mile distant, the road leading to which is in an execrable condition. Everything about this mine wears the same rusty color, which seems to penetrate everywhere, from the clothes of the miners and the teamsters to the coats of the horses and even to the roadway along throughout its entire length. Within the next few days the engine will be in operation, and then business will be rushed more energetically than ever.

The Moore mine is idle and has been so for some months, and the Duffin was also reported doing nothing, but operations will probably be resumed early in the season.

The Dominion mine, near Bangor Lake, south of Madoc, is being operated by Messrs. A. F. Wood & Co., and the ore, which is of fine quality, is being shipped from a point about half a mile south of the village.

There are various other iron mines in operation, but nothing definite could be learned regarding them.

THE GOLD MINES.

The Gatling mine is being worked with a large force of men, variously stated at from 80 to 100, and the prospects are reported as being highly favorable. Some specimens shown by a commercial man who visited the mines, and which he himself picked up from the rock as it came from the mine, contained nice "shows" of gold.

Mr. Brown's crusher was reported to have been at work for some days on rock from his gold mine at Bannockburn, and results will probably be learned at an early day. Those who have seen the mine expect large yield.

At the Gladstone mine, Messrs. Harrison & Co. are crushing on the work of mining and crushing with much success. Definite statements could not be had, but report places their profits at a large figure.

The Feigel and Williams mines are also in full blast, but nothing certain was learned regarding them. Rumor credits both mines with large yields.

Some specimens, said to be from localities as yet unknown except to a prospector, were shown by him to our representative. These consisted of gold-bearing quartz, magnetic iron ore and hematite. Quite evidently there are big discoveries yet to be made, as the whole country looks highly favorable.

Induction Services.

The induction of Rev. David Mitchell, as pastor of the John Street Presbyterian Church, Belleville, took place last evening. The Church was well filled throughout by many members of St. Andrew's congregation and of other churches being present to extend a welcome to the new Minister. The services were commenced by Rev. Mr. McLean reading the decision of the Kingston Presbytery sustaining the call made by the congregation, and asking the usual question if there were any objections to the call being confirmed. There being no objections the services were proceeded with.

Rev. Mr. Young, of Napanee, occupied the pulpit and preached a very able and practical discourse from 1st Corinthians 1st chapter and 9th verse, "God is faithful, by whom ye were called unto the fellowship of his Son, Jesus Christ, our Lord."

At the conclusion of the sermon the choir sang an appropriate hymn, when Rev. Mr. Young, calling upon Rev. Mr. Mitchell to appear upon the platform, explained to the audience the circumstances connected with the vacancy in the Church, and the usual methods adopted to moderate a call, which resulted in favor of Rev. David Mitchell, of the first Central Presbyterian Church in Toronto. The Presbytery of Kingston having sustained the call, and there being no objections, the Presbytery would proceed with the service of induction. The usual questions relating to belief in the creed and doctrines of the Church were then put to Mr. Mitchell, who answered audibly in the affirmative.

Rev. Principal Grant, who had been chosen by the Presbytery to address the new minister, came forward, and in a very feeling, pointed and practical manner, advised and counselled him with regard to his duties as a preacher. His first great duty was to preach the Word and to take heed to himself and the doctrines of the Church. The Bible deals with two great facts—Sin and Redemption, and it was his duty to enforce the teachings of the Bible. The more Ministers preached Christ and Him crucified the more they magnified their office. As some length he enforced the importance of pastoral work, and urged particularly that the children be cared for. The Sunday School was the nursery of the Church, but often

times this important institution was neglected. He also advised frequent visiting of the Public Schools. Reference was made to the sick and poor of the Church, and the personal interest which should be taken in their behalf by not only the minister but by the elders and managers of the church. After some general remarks as to the duties of ministers to the church at large, he said it was long time since he (the speaker) and the new minister at side by side as class mates in the Glasgow University, and now they had been brought together after so many years to sit side by side in the same Presbytery. He congratulated him upon his appointment, and earnestly trusted Heaven's richest blessings would follow his ministrations.

Rev. Mr. MacLean, who had been appointed to address the congregation, congratulated them upon the auspicious occasion that had brought them together, and explained at some length the duties of the members of the Church towards their Minister. If they were to be a strong church and see the work of the Lord prosper, they must rally round their pastor, and strengthen his hands by their sympathy and prayers. He particularly urged regular attendance at every stated means of grace, and to attend the church with proper views of their privileges and responsibilities. They had heard the advice given by Dr. Grant to the minister to take heed to his preaching—he would urge also that the congregation take heed to their hearing, and to consider one another, to provoke one another to good works. He referred to the duties of the elders and managers of the Church, to the great benefits of the Sabbath School, and he had no doubt if the members of the John Street Church were alive to their responsibilities and gave that aid to the minister which was his just due, that the work of the Lord would prosper as it never had before. His address was earnest, able and practical.

The services then concluded with singing and the benediction, after which an opportunity was given to those present to welcome the new Minister, which was taken advantage of by the whole audience.

In this connection it may be mentioned

that the Rev. David Mitchell will preach his introductory sermon in John St. Church to-morrow.

Revival Services.

FRIDAY MORNING'S MEETING.

The meeting was opened by singing "Shall we meet beyond the river," and prayer being offered by Rev. Mr. Turnbull. "Lord I hear of showers of blessings" was sung. Rev. Mr. Willoughby then read a note from Mr. A. G. Northrup, who reported that he could not be present at the farewell meetings to Mr. Hammond, he being absent from the city. In reply to a question nearly the whole audience rose as being thankful for what God had done for them, and sang "Praise God from whom all blessings flow." Prayer was then offered by Mr. Willoughby for a husband who was yet unyoked.

Prayer was again offered for about 50 people who stood up as anxious to be saved. "There is life for a look at the Crucified One" was now sung, and Rev. Mr. Schuster offered prayer for four children whose mother was very anxious that they should be saved.

Rev. Mr. Locke then addressed the meeting. He said he was a believer in revival meetings, and during a period of fifteen years in the ministry he believed he had seen a revival every year. He believed also in revivals and that Mr. Hammond was one. He had hoped and wished that Mr. Hammond would come to Belleville and was now gratified. He said he was personally attached to Mr. Hammond and regretted that he was leaving Belleville at present, and felt sure that all present hoped and prayed for the success of Mr. Hammond in Montreal.

Rev. Mr. Turnbull also expressed himself as pleased that Mr. Hammond had wrought among us and had every confidence in the work done.

While waiting for Mr. Hammond Prof. Badgely offered prayer for the success of the meeting this evening.

Mr. Hammond then came in and read a letter from a G. T. R. employee, who said he had got very low, in fact had become a scoundrel, and was touched by the story of the conversion of the bar-tender in Denver, Col. He hoped that he might be saved, and very earnestly asked the prayers of all Christians that he might "look unto Jesus and be free."

Mr. Hammond then read a portion of Scripture and commented upon it, during which he said he would like to have stayed here longer. When coming here he expected to have remained only ten days, but it was now three weeks. He hoped that the people in Belleville would pray for him, and he would pray that God might bless the work here. He said that Mrs. Hammond was opposed to his going to Montreal, as the papers there had said things about him which were untrue. He expected to have very hard work in Montreal.

The audience joined in singing "By the grace of God we'll meet you on Canaan's happy shore," after which prayer was offered by Mr. Hammond, in which all joined audibly.

Mr. Hammond then took his leave, and the audience dispersed singing, "Will you meet me in the promised land."

FRIDAY EVENING'S MEETING.

The meeting was opened by Rev. Mr. Schuster, who offered prayer, after which all joined in singing "I feel like singing all the time."

Rev. A. O. Cossar read and commented on 2 Peter 1, and the audience again sang "We praise Thee, oh God."

After prayer by Rev. Mr. Willoughby the collection was taken up, and Rev. Mr. Lambly was then called upon to preach, who took for his text Luke, xv. 2: "This man receiveth sinners still." He said that this was one of the greatest utterances which could have moved and drawn sinners to Jesus; if it were not true how wretched, hopeless and forlorn our case would be at this time. In vain would have been the Gospel and the mercy of God, if after all, Jesus would not receive us.

Little did these selfrighteous Pharisees and Scribes think that they were uttering a great truth, which would be handed down as the hope of the vilest sinners. He would draw their attention to the person who received sinners; elsewhere in the Bible He had been called the Mighty One, the Prince of Peace, Immanuel, and other titles, all of which simply mean, that he was a divine person, is Himself the God. No power, but that of God, could change a soul and quicken it in the new life; this Jesus did, this Jesus does. Greater love hath no man than this that he lay down his life for his friends and even his enemies; He who received sinners, then, was as well as Divine, human. He came to us in the form of humanity. An illustration was used, that of raising of Lazarus to show the nature of Jesus, who in tenderness sympathy, took the brotherhood of fallen humanity by the other. He said it is the human will which is always opposing the divine will that keeps us out of Christ, and quoted many invitations for sinners to come to Jesus and be saved. Thank God for the invitations.

He would next notice whom this man was receiving sinners—meaning us, meaning every one in this house. He would just like to see any one who was free from sin and quoted, "There is none who doeth good, no not one." There are very few people who seek after a physician without a feeling of need, therefore we say Jesus receives only convicted sinners, sinners who have rejected all grounds of self-righteousness and turn the eye of faith to Jesus saying, "Lord help me," these Jesus receives. I thank God that He receives the worst of sinners, no matter how deep our sin, we will be freely received, for the purpose of making us fit to dwell in the realms of light, with out this change we cannot dwell with Him.

He told an incident that occurred during the latter years of Dr. Guthrie, who while working earnestly for the salvation of hardened sinners, was told repeatedly by his friends that he would fall. In speaking to them one evening he drew their attention to a piece of white paper which had been made out of rags, to show them the changing power of the Gospel. Thank God for the power there is in the Gospel, and in the blood of Jesus. He said there would be very little comfort or hope if these words were written in the past tense, but no, He "receives sinners now."

We have no assurance of to-morrow, Jesus will receive you now—Come.

"Sent by my Lord, on you I call, The invitation is to ALL. Come all the world; come sinner thou; All things in Christ are ready now."

The young men were invited to go down stairs to a meeting to be carried on by Mr. Brand.

Some very interesting experiences of young converts were heard and in particular that of one young man who was in Syracuse, N. Y., when Prof. Underwood lectured there and was led to sign the roll of infidelity and received a lot of books which had had read. He was led by curiosity to hear this "new man" who had come to the city to preach and after hearing him he was awakened to see the danger which he was in and on Thursday night decided to surrender to Jesus. He said he was now a changed man, and thanked God for two friends who had repeatedly spoken to him about his soul. He had been invited to burn up his books on infidelity, and had done so. He requested the prayers of all Christians, that he might steadfastly hold out and walk worthy of his high calling.

SATURDAY MORNING MEETING.

There was a large audience at the meeting in the City Hall, and addresses were delivered by Rev. Messrs. Willoughby, Cossar, Schuster and Turnbull, after which the meeting was turned into a praise meeting and about 50 stood up and testified.

At the beginning of the inquiry meeting there were about twenty who stood up for prayers.

There is to be a fellowship meeting this evening in the basement of Bridge Street Church.

STRAYED OR STOLEN.

FROM the Premises of the undersigned on Charles St. on Friday, 20th February, a White Bull Pup, grey head and grey spot on shoulder. Any one leaving him at this office will be rewarded, or any one retaining him after this notice will be prosecuted.
